The Company shall not have any responsibility or liability whatsoever for any loss howsoever arising from this report or its contents or otherwise arising in connection therewith.

Accelerated urbanisation, growing income levels, rapid growth of infrastructure and aspirations for a better quality of life are blurring the thin lines that separate India from Bharat. At Mankind, we believe that we are participating in the accelerated change in the heart of India through our core values of Affordability, Quality and Accessibility backed by our strong in-house manufacturing and R&D capabilities. Our belief is that our domestic focused strategy allows us to leverage this transition quickly, as we already have a significant share of domestic sales coming from Tier II-IV cities and rural markets. This is reflected in our strong growth trajectory, our expansive distribution coverage and strong brand presence across the country.

Our aim is to further increase our covered market presence and strengthen our market position. In addition to consolidating presence in our existing markets, we are pursuing opportunities in the chronic segment, where we seek to grow our presence. This leadership in the chronic segment is likely to translate into higher margins and more sustainable revenues, going ahead. Ever since inception, we have been market disruptors in terms of pricing, product design with patient's convenience in mind, building and scaling brands, and pan-India market footprint. This year saw the commencement of the next phase of our journey with the resounding success of our maiden IPO and we are overwhelmed with the support and trust we have received from the regulators and the esteemed investing community.

We are fast-tracking a strategic blend of organic and inorganic modes of expansion to meet the growing needs of society to create value for all stakeholders.

#### **About Mankind Pharma**

# Driven by Affordability, Quality and Accessibility at the Core

With a strong focus on marketing backed by research and development, innovation and customer-centricity, Mankind has emerged as one of the fastest-growing companies in the Indian Pharmaceutical Market (IPM).

We operate at the intersection of the domestic formulations and consumer healthcare sectors with a range of leading brands that address diverse consumer needs.

We are a domestic focused Company with 97% of our revenues coming from India, one of the fastest growing Pharma markets globally. This also provides earnings stability given the lower regulatory pressures, and lower capital intensity as compared to other markets. Our success is driven by a strong portfolio of brands that have played a pivotal role in our journey and have enabled us to consistently grow faster than the IPM. With a relentless focus on delivering high-quality healthcare products and services, our brands have become synonymous with trust, efficacy, and innovation. Since our foray into the Consumer Healthcare Business in 2007, we have established strong brand recall and market leadership in condoms, emergency contraceptives, pregnancy tests, VMN (Vitamins, Minerals and Nutrients), antacids and anti-acne preparations segments.

Our pan-India market and distribution network is one of the largest, helping us to make our products affordable as well as accessible to customers in different parts of the country. Our volume led-growth is more sustainable and has led us to consistently outperform the IPM and increase our market share. Through strategic investments in research and development, state-of-the-art manufacturing capabilities, and an unwavering dedication to customer centricity, we have successfully expanded our customer offerings with best-in-class quality.

Our initial bottom up approach has created a household name for Mankind in Tier II-IV and rural markets and we are now moving up the value chain by expanding our presence in Metros and Tier I towns. This is being led by focused approach to expand chronic presence.

We strongly believe in the principles of sustainability and have incorporated them in our business operations by minimising our environmental footprint, empowering our workforce and local communities and implementing a robust corporate governance culture.

#### Vision

To be an innovative pharmaceutical Company, most admired for its Affordability, Quality, and Accessibility of products.

#### Domestic Focus

We are primarily a domesticfocused Company.

#### Quality We believe in providing

Innovation

superior quality products to our customers.

We strive to continuously

innovate and deliver

medications that meet the

growing needs of society.

#### Widely Recognised

We are respected and recognised by our patients, employees and our competitors for delivering world-class products while maintaining our patient centricity, values and ethics.

#### Affordability

We provide cost-effective and innovative healthcare solutions.

#### Accessibility Our products are available across the length and breadth of the market we

# OUR PHILOS

operate.

#### AFFORDABILITY

We deliver affordable medication that meets various medical needs.

#### QUALITY

We endeavour to achieve the best quality standards in the pharmaceutical industry in India.

#### ACCESSIBILITY

More than 50% of India's total population resides in villages, making access to medicines out of reach.

**Mankind Pharma Limited** 

To be able to provide cost-effective, innovation based superior quality pharmaceutical products that improve the

### Purpose

lives of the patients.

We aim at providing highquality pharmaceutical products at affordable prices which help our patients in leading healthier lives.

#### Value

We believe in innovation, and maintaining superior quality of products is our top priority.

#### Reach

Our pan-India presence makes pharmaceutical products available to all.

#### Business

We strive to deliver the best quality pharmaceutical products to all sections of the society.

#### Customer

Our customer-centric approach makes us deliver top quality medicines at affordable prices to people who need them the most.

### Chairman and Vice Chairman's Message

**Ramesh Juneja** Chairman and Whole-Time Director

# Dear Shareholders,

Welcome to the Mankind Family. It is our privilege to share with you our maiden annual report following the successful initial public offering and subsequent listing on the stock exchanges. We sincerely thank all our investors and shareholders for placing their invaluable faith in our vision and capabilities.

At Mankind, we are playing our part in building a healthier Bharat with Affordability, Quality and Accessibility backed by our strong in-house manufacturing and R&D capabilities. We look forward to the support of all our stakeholders to partner with us in this eventful and exciting journey.

#### Our core ethos

At our core, we are an India-focused Company, with 97% of our revenues contributed by domestic operations. We strongly believe that our country offers a huge opportunity for growth, with favourable demographics, rising urbanisation, growing disposable incomes and an enhanced focus on the health and safety of our people. India today is one of the fastest growing economies in the world and the opportunities present in this country are unmatched and limitless. Mankind is wellpositioned to benefit from this long runway of transformation.

In our heart, we are a Company for Bharat. Bharat, in our view, represents the vast majority of the country which resides in the country's smaller towns and villages. This is reflected in our very origins, from the time we started the business 28 years ago from Meerut, Uttar Pradesh. We have always believed in disrupting the market, charting our own course rather than following others. Clearly, the ongoing mission is to be differentiated in our stakeholder engagements, be it through innovative fixed drug combinations, calibrated market launches, focused doctor engagements or with affordable price points.

This bottom-up approach has stood the test of time and from 8th rank in IPM in 2012, today we have emerged as the 4th largest player by value in the Indian pharmaceutical market and #1 in terms of prescriptions over the last 6 years. We are also the youngest constituent in the top 5 of the IPM to have achieved this landmark. These achievements have been largely organic, unlike some of our peers who have reached such scale through acquisitions. Our success is backed by one of the largest doctor coverage of more than 4 lakh doctors, an extensive distribution network in the country comprising more than 13,000 stockists and a 15,000-strong field force providing deep and wide on ground visibility to our products.

#### **Emerging opportunities**

In our DNA, we are also a unique consumer healthcare Company. We operate at the intersection of the Indian pharmaceutical formulations and consumer healthcare sectors with the launch of our Consumer Healthcare Business in 2007. This business has been built from scratch in sexual wellness and other healthcare categories and launched several differentiated products like Manforce Condoms, Prega News, Unwanted 72 and Acnestar which are market leaders in their categories. We have invested significant effort and resources to build Corporate Brand Mankind, which creates substantial synergy benefits across both pharma and consumer verticals. We plan to leverage our brand dominance to grow our Consumer Healthcare Business, going ahead.

At a strategic level, we have always been disruptive and continue to dynamically address every opportunity. Our brand ethos revolves around the well-being of every Indian and we firmly believe that high quality healthcare should be accessible to all. It is our enduring commitment to millions of Indian citizens to bring to them medications of international quality at prices that are affordable. By introducing a range of medicines with High Quality USFDA approved Drug Master File (DMF) grade API, we are poised to revolutionise India's pharmaceutical sector and contribute to the overall health and happiness of our people.

The thin line that traditionally separated Bharat and India is blurring, as Tier II-IV cities and smaller towns aspire for a better quality of life. We see new opportunities to engage with doctors in these markets, thereby increasing our market share of prescriptions. Further, we are focused on increasing our presence in more profitable chronic therapeutic areas. These segments have a stronger growth profile given the rising prevalence of chronic diseases due to lifestyle changes and rising income levels in India. This will require a more top-down approach, with focus on widening our footprint in Metro and Tier I cities. We have launched various dedicated specialty divisions in the past few years which have a focus on chronic segments like cardiovascular, diabetes, respiratory and CNS. We have acquired brands from Panacea Biotec which provided us an entry into niche segments like transplant. We have successfully started in-licensing products like Neptaz from Novartis (sacubitril / valsartan). All this has led to the chronic share increasing to 34% in FY23 from around 28% in FY18 and we expect this to further increase, going ahead.

#### **Financial review and outlook**

In FY23, the Indian Pharma industry witnessed a normalised year after the last two years being impacted by COVID, which moderated the overall growth rates for the industry. In this context, we are happy to share that the Company reported revenues from operations of INR 8,749 crore. Revenue growth was 12% YoY which is significantly higher than the IPM growth of 7.9%. EBITDA stood at INR

### Our success is backed by 4 lakh+ Doctors coverage, 13,000+ Stockists and 15,000+ Field Force

of 21.9%. Cash Flow from Operations were at INR 1,813 crore with Capex of INR 832 crore.

We are confident that we will achieve an operating margin band of 24% to 26% in the medium term, while consistently outperforming the IPM.

#### Sustainability at the core

At Mankind, we are dedicated to using resources for the greater good of humanity and our commitment to sustainability and corporate social responsibility remains as strong as ever. Executing on our CSR vision and objectives, based on sustainable interventions, has ensured holistic development of the communities we operate in. As responsible corporate citizens, it is our purpose to play an active

part in protecting the planet and the environment for future generations.

We have embarked upon FY24 with significant momentum. In the Pharma Business, we look to increasing our share of chronic segment by growing presence in existing therapies like Insulin Glargine and expansion into new therapies vis. Respiratory, CNS, Transplant through both organic and inorganic investments. In our R&D we are also focusing on biosimilars and new drug delivery systems to provide innovative healthcare solutions to patients. Panacea has been successfully integrated and we expect strong double digit growth in key brands going forward. In Consumer Healthcare, we will continue to strengthen our key brands. Our aspiration is that Mankind becomes the most admired institution in India.

On behalf of the Board, the Management Team and the entire Mankind family, we thank all our stakeholders for investing in our sustainable growth story.

With warm regards,

Mankind

### Chief Executive Officer's Message

#### Sheetal Arora Chief Executive Officer and Whole-time Director

## Dear Shareholders,

Mankind is a unique Company, with a domestic focused pharma business of scale and a differentiated consumer healthcare franchise with several market leading brands. Our core philosophy is 'Affordability, Quality and Accessibility' and this has been the foundation on which the success of the Company has been built.

Mankind has consistently outperformed IPM growth by 30% to 50%, which has helped the Company reach a market rank of 4th in value terms in FY23 as compared to 8th in FY12. This outperformance has been led by generating higher volumes through prescriptions. Our volume growth has been 2.2X that of the IPM between FY18 to FY23. This success is attributed to our expansive distribution network, large field force, and strong presence among doctors. Our position as an industry leader, with underlying volume growth represents a higher quality of business as it is backed by greater contribution from prescriptions that make it more sustainable in the future as well.

We are also very laser-focused on marketing initiatives and creating brands. Within the universe of our scaled brands, 37 brand families have achieved revenues of more than INR 50 crore, of which 11 brand families have gone past the INR 200 crore revenue milestone in FY23. This is against 29 brand families with revenues exceeding INR 50 crore and 7 exceeding INR 200 crore in FY20. Notably, 19 of our top 20 bestselling brands rank among the three highest-selling brands in their respective molecule groups. Further, 22 of our brands are among the 300 highest-selling brands in the IPM. Mankind is one of the youngest to have built such a large number brands of scale in the Indian pharma sector. In addition, we have invested in building a strong corporate identity with strategically selected national and regional brand ambassadors who reflect our core values and accentuate our brand recall. We believe that this creates synergistic benefits across both pharma and consumer healthcare segments.

Expanding our presence in chronic segments is a critical component of our business plan. We have launched several dedicated specialty divisions in the past few years, largely skewed towards the chronic therapeutic segments. Also as a part of this strategy, we acquired Panacea's domestic formulations business in March last year and successfully integrated it with our business in FY23. I am happy to share that our chronic segment has maintained its growth trajectory, growing 14% in FY23. Chronic therapy segments now has a share of 34%, up from 28% in FY18.

At Mankind, one of our key strategies is to launch unique products, and in-licensing partnerships are intrinsic to developing the portfolio. A striking example of the outstanding results achieved in this space is our inlicensed product, Neptaz (sacubitril/valsartan). Used in the treatment of heart failure, Neptaz received an outstanding response following its launch in May, 2022 and was ranked the second-best new product launch in India for FY23, according to IQVIA.

Reflecting effective scale up in resource utilisation, our PCPM has steadily increased from INR 5.5 lakh in FY21 to INR 6 lakh in FY23. This is despite a substantial increase in our field force coverage over the last three years especially from dedicated specialty divisions. While most of our older divisions have maintained a high PCPM, the overall PCPM is affected by the lower productivity in these new dedicated specialty divisions. With our investments across new therapeutic segments gaining traction, we see enormous opportunity to improve our PCPM, which should deliver operating leverage in the future.

#### **Financial performance**

Revenue from Operations stood at INR 8,749 crore up by 12% YoY. In our Pharma business, secondary sales grew 11% YoY versus the IPM growth of 7.9% YoY, registering an outperformance of 1.3X the IPM during the year. Our volume growth reached 2.6% YoY, vis-a-vis flat volumes in the IPM. Our prescription share has increased from 11.8% in FY14 to 15.5% in FY23 which is the highest in the industry. Our Consumer Healthcare Business maintained its strong growth trajectory with revenues of INR 692 crore, up by 17% YoY.

EBITDA stood at INR 1,913 crore, with a margin of 21.9%. In FY23, our margins contracted by 390 basis points, bearing the impact of higher API costs in the first half of the year, apart from higher employee expenses following the absorption of the resources acquired from Panacea and certain one-off cost from the Panacea business integration. In parallel, we have undertaken various cost and productivity improvement measures and remain confident margins will revert to the band of 24% to 26% in the medium term, while our growth continues at 1.3X to 1.4X IPM growth.

Profit After Tax (PAT) stood at INR 1,310 crore with Earnings Per Share of INR 32 (FV INR 1). Capital expenditure of

INR 832 crore was incurred during the year, more than adequately covered by Cash Flow from Operations of INR 1,813 crore.

#### Future strategy

While our performance over the past year has been encouraging, we move into the current year with confidence in our ability to maintain outperformance over the Indian Pharmaceutical Market (IPM). This will be led by increased share of revenues from chronic segments, especially in Metro and Tier I cities.

The strategy to increase chronic share is multi-pronged. We have recently launched a range of chronic medicines aimed at providing internationalgrade, premium-quality drugs of the highest purity at Indian prices. These medicines have the same Active Pharmaceutical Ingredient (API) quality as the APIs in Drug Master Files (DMFs) submitted to USFDA. This reaffirms our unwavering dedication to 'Affordability, Quality and Accessibility', while making a contribution in building a healthier Bharat.

In addition, we are looking at launching products that enhance the portfolio in white spaces within existing therapy segments such as anti-diabetes, cardiovascular, CNS, respiratory, among others. These launches will be backed by best-in-industry customer coverage of doctors, stockists and chemists and by innovative product and marketing techniques. Mankind is also planning to expand into new therapeutic segments such as urology, oncology, transplants and more. These initiatives will be complemented by an aggressive inlicensing strategy and opportunistic acquisitions in the chronic segment. We plan to engage key opinion leaders in the healthcare industry as well as corporate hospitals through a dedicated team of regional medical advisors that will seek to foster collaborative relationships across Metro and Tier I cities.

Mankind Pharma Limited

### " Profit After Tax (PAT) stood at INR 1,310 crore with Earnings Per Share of INR 32.

Our differentiated Consumer Healthcare Business has created marguee brands with leadership positions in their relevant categories and consistent market share gains over the years. We are confident that we will sustain a strong double-digit growth in this segment, going forward.

At Mankind, we aim to be more than just a Company that sells products. We want to collaborate with physicians and patients to manage disease. We are excited to make our ecosystem omnipresent for our stakeholders, now that we have our digital offerings in place.

As I conclude, I would like to take this opportunity to thank our doctors, chemists and patients, who continue to place their trust in us. Guided by our immutable philosophy of 'Serving Life', we look forward to uncover new opportunities that further cement our market presence.

With warm regards,

#### **Sheetal Arora**

Chief Executive Officer and Whole-time Director

### **Chief Operating Officer's Message**

Arjun Juneja Chief Operating Officer

### Dear Shareholders,

At Mankind, we are driven by the spirit of serving every Indian, with a commitment to healthcare innovation. This is backed by strong in-house manufacturing and R&D capabilities.

We have been improving the standards of pharmaceutical excellence, assuring the greatest healthcare solutions for every Indian, with our core value proposition of Affordability, Quality and Accessibility.

Looking back on the fiscal year, global supply chains were significantly impacted during the first 6 months of the fiscal year due to the geopolitical crisis triggered by the Russia-Ukraine war and also by extreme COVID measures taken by China. This led to a sharp increase in API costs during this period. While we took proactive measures to mitigate some of these risks, these events had an impact on our profitability during this period. Despite these headwinds, we continued to show resilience as we navigated our way through these challenges with proactive planning and remained in good operational and strategic condition.

Our relentless focus on strengthening our core and optimising our manufacturing network has yielded positive results. Today, we operate 25 state-ofthe-art manufacturing facilities. Our formulation manufacturing sites have a total installed capacity of 42 billion units annually, across a wide range of dosage forms, including tablets, capsules, syrups, vials, ampoules, blow-fill seals, soft and hard gels, eye drops, contraceptives and other over-the-counter products.

The Company's competitive advantage lies in the fact that we manufacture 75% of our products inhouse, giving us more control over quality, delivery timelines, and supply chain management. Moreover, the Company's manufacturing facilities adhere to rigorous regulatory standards. Some of the sites have obtained accreditations from the US Food and Drug Administration (USFDA). Some of the facilities have obtained certificates from the World Health Organisation (WHO) and Pharmaceutical Inspection Cooperation Scheme (PIC/S) Good Manufacturing Practice (GMP) guidelines. We plan to increase our share of inhouse manufacturing going ahead.

We are also very focused on our R&D initiatives. Today the Company invests almost 2-2.5% of its annual revenues in R&D. A significant milestone of our relentless R&D focus has been the successful manufacturing of Dydrogesterone, a synthetic hormone used in threatened abortions. We were the first Indian Company to launch this very complex product and now are setting up a dedicated manufacturing unit for this molecule which is expected to become operational during H1FY24. Once this plant is operational,

we believe that we will be one of the world's largest and most economical manufacturers of this very important product, going ahead.

The Company and its subsidiaries operate 6 R&D centres with units located in Haryana, Maharashtra, Himachal Pradesh and Uttarakhand. One of these units has been recognised by the DSIR, while another unit complies with the WHO GMP standards and has undergone inspection by the US FDA. With over 600 scientists, including approximately 40 holding PhD degrees, Mankind's R&D team focuses on developing niche APIs, and complex generic formulations and enhancing the quality and efficacy of its existing products through consistent product and process improvements.

On the innovation side, we are currently working on multiple programmes. We have filed one investigational new drug application ('INDA') for a novel G protein-coupled receptor target for the treatment of type 2 diabetics and obesity, GPR119, a new chemical entity ('NCE') anti-diabetic molecule, which is in phase I clinical trials. Additionally, we have 2 NCE molecules for autoimmune diseases and oncology in pre-clinical stage. We are also working on biosimilars for indications such as cancer, allergy and metabolic diseases. We have made substantial investments in state-of-the-art research with an aim to develop different platform technologies for biosimilars such as mAbs, peptides, proteins and so on. We are also working on device combination products in the respiratory segment. This approach will not only differentiate the Company's offerings, but also position it as a leader in advanced treatments.

The other areas we have significantly focused on are sales mix improvement, process optimisation and yield maximisation initiatives. This has given

### " We were the first Indian Company to successfully manufacture Dydrogesterone due to our relentless R&D focus.

which have increased from 61% in FY16 to ~67% in FY23. Looking ahead, we have several initiatives which includes automation of warehouses using scanning technology, the implementation of Vendor-Managed Inventory (VMI) systems, and automation in product expiry management. These advancements will enable us to further optimise our operations and enhance our service levels.

At Mankind, we have a proactive and comprehensive approach to manage information services while ensuring data privacy and security. We have established a highly resilient security infrastructure with continuous monitoring, regular internal and external audits and adaptation to emerging security trends. Additionally, we are currently working towards obtaining ISO27001 certification, a renowned international standard for information security, further solidifying our commitment to maintaining a high level of security excellence.

The Company is also extensively working on ESG aspect to ensure organisation-wide focus on sustainable growth. Over the last two years the Company has conserved 8,615 KL of water through rainwater collection and recycled 1,06,680 KL of water. During the year, there were zero reportable safety incidents. The

a significant fillip to our gross margins

Company collected 100% plastic waste for recycling pan India and plans to become plastic neutral by FY24.

We continue to prioritise launching new products to the Indian market through innovation and collaborations. Mankind's unwavering focus on R&D aims to deliver advanced pharmaceutical solutions while also expanding its market presence with innovative approaches to drug formulation and delivery. Simultaneously, we are striving to differentiate our brands by introducing more and more DMF-grade products. We are also aiming to strengthen our teams' capabilities to achieve the next level of growth.

As I conclude, I would like to take this opportunity to thank our customers and our shareholders, who continue to place their trust in us and I remain grateful to our teams who have enabled us to reach several milestones year after year.

With warm regards,

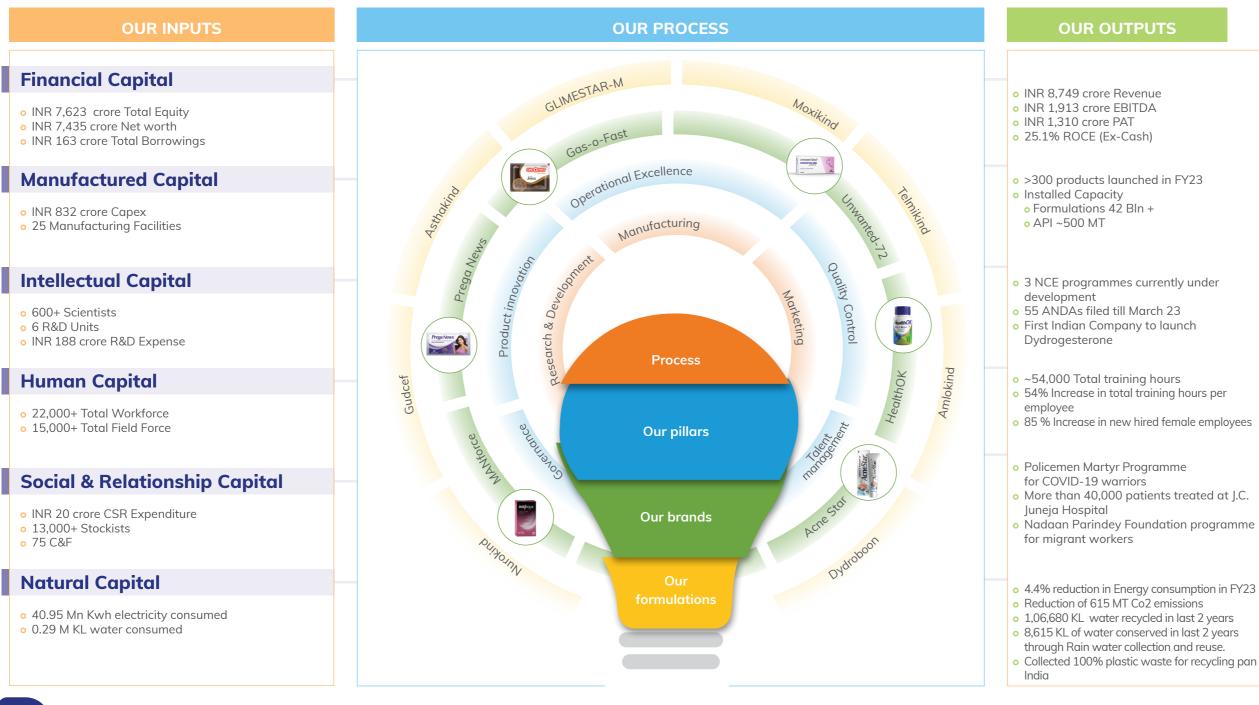

#### Arjun Juneja

Chief Operating Officer

### **Business Model** Strengthening a Sustainable, **Quality-Focused Business** -0

At Mankind, our emphasis on Affordability, Quality and Accessibility drives us to constantly strengthen our portfolio, enhance our reach and create sustained channels of revenue generation. It not only strengthens value creation for stakeholders but, also allows us to ensure business sustainability.

Corporate

#### **SDGs IMPACTED**

### Diverse Choices for a Healthier Bharat

#### \_\_\_

Our strong positioning at the confluence of the Indian pharmaceutical formulation and Consumer Healthcare sectors bolsters our commitment to deliver superior quality products. Our Mantra of Affordability, Quality and Accessibility has helped us to successfully build and scale large brands while creating a huge acceptance for 'Mankind' products.

Our dedicated speciality divisions re-inforce our top down strategy in Metros and Class I towns to increase our covered market presence. We are launching products in select white spaces focusing on the chronic segment and also building on our affordability proposition by launching DMF-grade API products at Indian prices. Our success in Neptaz demonstrates our ability to identify and leverage strategic partnerships. We have also made investments in the digital ecosystem for effective customer connect.

"

#### Atish Majumdar

Senior President, Sales and Marketing

# Our Business Consumer Healthcare

Since the introduction of our Consumer Healthcare portfolio in 2007, we have continuously focused on meeting the imminent needs of consumers through differentiated offerings. It has not only enabled us to secure a strong market leadership but has helped us to create brands that have now become household names in different parts of the country. Our product range comprising condoms, pregnancy detection kits, contraceptives, antacid powders, vitamin and mineral supplements, and anti-acne preparations are some of the most widely recognised brands in India.

We launched Manforce in 2007 through the launch of a range of condoms. Manforce has been positioned as a socially responsible business dedicated to improving sexual wellness and making sexual interactions safe and joyful. We provide a wide range of sexual wellness products under the Manforce brand, including lubricants and premature ejaculation gels, in addition to condoms. To appeal to the luxury market sector, we have launched a premium range of condoms known as 'Epic' condoms as a brand extension to our Manforce condoms.

We launched Prega News in 2010 with an easy-to-use home pregnancy detection kit that seeks to detect pregnancy with the use of urine samples and provides 99% accurate and reliable results. 'Prega News means good news' and the brand has been positioned as a socially conscious brand with this positive ethos. It has empowered women to make informed decisions and seek timely care for pregnancies.

# **UNWANTED-72**

We launched Unwanted-72 in 2007 as part of our emergency contraceptive category. Unwanted-72 is an emergency contraceptive tablet used to prevent unwanted pregnancy in circumstances of unprotected intercourse or contraceptive failure. Its convenience and ease of use, typically as a single dose, have made it a practical choice for emergency contraception.

#1 Ranked emergency contraceptive brand

We entered the powdered antacids category, by introducing our brand Gas-O-Fast into the market. It was launched in 2012, and is used to treat incidences of acidity, acid reflux, heartburn, gas and indigestion, using an ayurvedic form of sodium bicarbonate (Svajiksara and Nimbulkamalam) as its core ingredient. We have an Active range in the portfolio, including variants like Active Jeera and Active Ajwain, wherein other than being Ayurvedic, real spices (Jeera and Ajwain respectively) are added in the product in place of flavours. Additionally, we also offer a tablet form of antacid that is orange flavoured, effervescent in nature and is sugar free too.

HealthOK is a multivitamin brand switched to the Consumer Healthcare segment in 2021. It is a multivitamin tablet that improves energy levels, improves overall health and immunity. We also have a range of multivitamin gummies for children under this brand.

We switched AcneStar in 2016 from Rx to OTC in the acne treatment category. It is an anti-inflammatory and antibacterial product which contains clindamycin and nicotinamide and is used for the treatment of acne in 7 days and make the skin clear. The AcneStar range consists of gel, soap and facewash.

Mankind Pharma Limited

# Marketing and Branding Taking Mankind to Every Corner of Bharat

We participate in numerous conferences and exhibitions to showcase our products. Additionally, we collaborate with retailers during retail summits to strengthen relationships and fortify our position in the market. We also engage with leaders in the healthcare industry through round table discussions and seminars to address existing gaps in treatment. Besides, to enhance brand recall, we engage in various marketing campaigns.

#### **Consumer Healthcare Brand Ambassadors**

### MANforce Prega News

#### Increasing brand visibility

Our marketing campaigns are carefully designed to improve brand visibility and engage our target audience. Through strategic campaigns, digital advertising, and partnerships, we strive to resonate customer preferences, build stronger relationships and establish a prominent presence in the market.

We have developed unique platforms to establish stronger relationships with doctors.

**Docflix** 

- Our in-house DrOnA Health service, a virtual-consultation platform enables seamless patient consultations
- **Docflix**, an OTT platform exclusively for doctors to assist them in making faster and more informed clinical choices.
- Mankind Connect, our knowledge dissemination channel for healthcare providers
- **Prana,** a virtual patient help chatbot that gives real-time information to patients on lifestyle disorders.
- Swasth 365 First ever comprehensive and personalised disease management platform

### Reaching further, ensuring accessibility

Recognising the need to expand our reach across the length and breadth of the nation, we have engaged renowned brand ambassadors to communicate the unique value proposition of our brands and create a lasting impression in the minds of consumers. This has helped to create a strong corporate identity and improved our brand recall.

#### **Corporate Brand Ambassadors**

#### Key advertising campaigns

#### #BeTheSupport campaign

Through the campaign, Prega News used storytelling to highlight the help required for couples coping with infertility. This Prega News campaign emphasises the post-pregnancy physique as a reflection of strength.

Corporate Over

### **Specialty Division - Oncology**

At Onco Mankind, our mission is to make global quality cancer drugs affordable and accessible to all cancer patients in India. Onco Mankind has the vision to become one of India's most admired, trustworthy, and patient friendly Oncology division. We cover the universe of Medical Oncologists, Haematologists and Radiation Oncologists with a pan-India presence.

The Onco proposition is propelled by the rich legacy of the brand PacliALL (nano-albumin bound paclitaxel) – India's first indigenously developed nab-paclitaxel along with 5 other products indicated in Solid cancers as well as Hematology. We are highly focused to expand and strengthen our portfolio by exploring multiple options to serve patients with differentiated and innovative products and is ready with multiple launches in the near future.

# **Onc** Mankind ||| >

#### **Specialty Division- Diabetes**

At Mankind Specialities, we have two Super Speciality Diabetes Teams, Nobelis launched in 2020 and Diacar in 2022 (acquired from Panacea Biotec). Nobelis has a pan-India reach and focuses on both Type 1 and type 2 diabetes with products like Glargine, Dapagliflozin, Vildagliptin, Voglibose, and their combinations. Diacar, on the other hand, focuses on type 2 diabetes with its flagship brand Glizid.

Leveraging the scale that digital offers, we have launched our comprehensive disease management platform Swasth 365, Prana - a WhatsApp Chatbot and #itsonelife- a social media patient education and awareness platform to reach out to more diabetic patients and caregivers. These initiatives are tailored to improve awareness of diabetes, diagnosis, and management for healthcare professionals (HCPs) and empower patients to better manage their conditions. Additionally, we endeavour to collaborate with healthcare professionals to create nationwide campaigns to increase awareness about risk factors, encourage early detection, and promote regular health screenings.

#### **Specialty Division- Gastroenterology**

Mankind forayed into the gastroenterology space with the Procare division after the acquisition of Panacea Biotec. Procare comes with the legacy of the brand Sitcom – a prescription research product, patented and approved by the DCGI as a drug for haemorrhoids. Sitcom represents an indigenous innovation that is unique compared to other available treatments.

Also in the Procare portfolio is Livoluk (lactulose solution) brand which is prescribed for constipation– a condition that is known to aggravate haemorrhoids and hence a complementary treatment. The portfolio has been further augmented by the launch of Sucraday (Sucralfate and Oxetacain suspension) and Rifastop (Rifaximin). The division is poised to make incisive inroads into gastroenterology market.

#### **Specialty Division-Ophthalmology**

Ocularis Mankind is a dedicated specialty division in Ophthalmology with an aim to become a valuable partner to all the ophthalmologists. Ocularis Mankind was launched to exclusively cater to the fast-growing therapeutic areas of Ophthalmology like Cataract, Dry eyes, Glaucoma, Ocular Infections, Ocular Allergy and Retinal Disorders.

Ocularis Mankind has more than 25+ finished ophthalmic formulations. Increased usage of digital screens leads to increased eye related problems like dry eyes, cataract, ocular infection and Glaucoma. The division is looking at launching many new and safe specialty ophthalmic products and technologies for Indian patients at Indian prices.

6

### **Financial Highlights** Growing With Confidence ---0

Our financial prudence has enabled us to sustain growth momentum in a competitive business environment. Our disciplined cost optimisation approach has led to a sharp, sustainable increase in margins over the last few years. We have historically been a net cash positive Company with consistent free cash generation. We are focusing on improving our key profitability metrics to maximise stakeholders' value, going ahead.

### Operational Excellence Building the Groundwork for Affordability, Quality and Accessibility

At Mankind, our aim is to achieve operational agility through disruptive processes and a culture of excellence. We prioritise customer needs and focus on quality to ensure adherence to the highest regulatory standards. The integration of advanced methodologies to enhance manufacturing productivity enables us to minimise waste, optimise resource utilisation and ensure process stability across our manufacturing operations.

Abhay Kumar Srivastava President-Operations

**25** Manufacturing facilities across India **42 billion+ units per annum** Total capacity

### Manufacturing plants

With our strategically positioned, state-of-the-art manufacturing facilities, we are fully equipped to meet market demands while abiding by stringent quality parameters. Our specialised facilities are meticulously designed to produce a diverse array of products ranging from tablets, hard and soft gelatin capsules, orally disintegrating films, sachets, syrups, and suspensions, to creams and ointments, injectables (including ampoules and vials), Ayurvedic and feed-supplementary goods, natural rubber latex condoms, nutraceuticals, and cosmetics. By leveraging cutting-edge technology and dedicated resources, we ensure the production of superior grade medical products.

During FY23, we have commissioned 2 new manufacturing sites, increasing the total number of manufacturing facilities to 25.

### Enhancing productivity across manufacturing processes

The Operations team at Mankind is aspired to create agility in operations by doing disruptive process transformations and adopting Operational Excellence. This has enabled Mankind to leapfrog as North-Star in Global Pharmaceutical Manufacturing space. We strongly cultivate the culture of continuous improvement by problem solving, enhancing the competency of work force. In this regard we implement multiple structured drives which ensure world-class efficiency and efficacy.

#### **Continuous Improvement**

Operational processes focused on Lean and Six Sigma methodologies are in place to reduce waste and optimise product and process variations. These initiatives combined with the 26 Lean tools Golden Batch approach, Statistical approach and so on, have proved to be effective in minimising waste, improving stability, and enhancing process capabilities.

#### Lean Methodology

Using Lean methodology we are optimising the people, resources, effort, and energy of our organisation towards creating value for the customer

#### Kaizen

Our drive on continuous improvement with KAIZEN 'Change for Good' philosophy, is to improve productivity by eliminating

waste at the shop floor level. This process has also led to efficient cost optimisation. Our strong people engagement towards this has yielded a significant cultural shift. The kaizen rate of 1 per employee is a proof of how our workforce has aligned towards the excellence culture.

#### **Goal Alignment and Proactive decision-making**

Mankind has embraced a progressive approach to decisionmaking, relying solely on factual information and data. Our KPIs are aligned with the vision and strategy of the Company and review mechanism strongly governed through Goal Alignment pillars. The regular review of KPIs yields better business visibility and more refined decision-making.

These decisions are further fortified by cutting-edge technological tools such as Tableau, Solvers, Sigma Magic, and Predictive Analytics. To ensure timely and accurate insights, our equipment is seamlessly integrated with IoT solutions, granting us real-time updates on its health and reliability. This enables us to make informed choices that drive efficiency and productivity.

#### Focused Improvement and Problem Solving

We have a structured approach with the Pillar called 'Focused improvement' in our Operational Excellence framework that helps us to address the problem according to its severity level. Our problem solving methodology ranks from Basic Problem Saving, DMAIC through Yellow Belt, Green belt and black belt. As on today we have 300+ Yellow Belts, 27+ Green Belts and 10+ Black belt certified associates with us, helping in training, mentoring, coaching and problem solving projects. These capabilities at shop floor helps us in addressing the problems on time.

# Leveraging technology to drive efficiency

To obtain optimal efficiency and productivity, we leverage cutting-edge technologies and digital advancements to ensure manufacturing excellence in the long run.

We have implemented ASRS (Automatic Storage and Retrieval System) automation for seamless warehousing processes. Our connected chiller plant management ensures optimal cooling efficiency and our track-andtrace management system guarantees product integrity. To minimise environmental impact, we have adopted zero liquid discharge plant technology utilising reverse osmosis with a multi-effect evaporator. Additionally, we have invested in vial filling machines, top-quality autoclaves, and advanced heat pumps for dual functionality and efficient heat recovery in our warehouses.

We have implemented high-end equipment with Programmable Logic Controllers (PLCs) and Supervisory Control and Data Acquisition (SCADA) systems. These advanced technologies serve as the backbone of equipment

**Mankind Pharma Limited**

### **Robust Quality Management** Quality – Stamp of Trust, Sustainable Quality Culture

At Mankind, we use advanced, harmonised and simplified approach to enhance quality standards. We are always focused on continuous improvement of product quality beyond national and international regulations and strive to build a healthy quality culture through various initiatives, people development, digitalisation, Gyan Mandir and minimising human intervention.

We adhere to a comprehensive set of regulatory guidelines, as per the recommendations of:

- International Council for Harmonization (ICH)
- The US Food and Drug Administration (USFDA)
- 21 CFR rules
- Intellectual Property (IP) laws
- United States Pharmacopeia (USP)
- European Pharmacopoeia (EP)
- Central Drugs Standard Control Organization (CDSCO)

#### **Progressive Quality Control Systems**

We adhere to regulatory guidelines and procedures by implementing various software systems. In addition, wellestablished procedures are in place to handle electronic data as per 21 CFR part 11 compliance. These procedures include storage and archiving of data, backup policies, and regular verification of stored data.

#### **Quality Assurance across the Value Chain**

Mankind ensures a comprehensive and systematic approach to quality assurance across the value chain. We have undertaken the following initiatives to ensure efficient quality management.

#### Independent quality checks

Qualified personnel perform quality checks at various stages, starting from the receipt of raw materials and packaging materials to batch manufacturing, analysis, and batch release.

- Sample analysis- Various techniques with controlled and validated software system (Chromatographic and Non-Chromatographic) used for sample analysis at quality control
- Nichelon used for learning management
- o eCaliber manages quality systems such as deviation, change control, Corrective and Preventive Actions (CAPA), market complaints, and audits.
- **Documentum** manages paper copy record to electronic record, such as standard operating procedures (SOP), standard test procedure and specifications. Many more document will also be handled by this software.

To ensure effective quality management, a Global Quality Review meeting is held every month at the site and guarterly at the head office. It serves as a governance mechanism to review the progress of quality systems, performance and compliance.

#### Inspection of critical parameters

Critical to process (CTPs) and Critical to Quality (CTQs) parameters are thoroughly inspected and maintained within specified limits to ensure product quality.

#### Audits of internal manufacturing sites

Audits are conducted at internal manufacturing sites, as well as corporate and contract manufacturing organisation (CMO) sites. These audits are followed by Good Distribution Practice (GDP) audits by CQC experts at Depots/C&F. It helps in identifying areas of improvement and maintain quality standards.

#### Supplier and vendor audits

Our experts regularly conduct supplier and vendor audits to ensure compliance with pre-defined regulatory norms and systems.

#### **Consumer complaint management**

A robust procedure is in place to effectively manage consumer complaints, to address issues promptly and ensure customer satisfaction.

#### Product recall procedure

A well-defined product recall procedure is established and periodically validated to handle potential quality issues and ensure swift action in the instance of a product recall.

#### **Enhancing Product Quality and Systems**

We follow certain specifications to determine the quality of our products. Foremost amongst them is the quality of At Mankind, we are committed to delivering the best quality raw materials used. All materials undergo rigorous testing products. To assure our quality commitment, we have based on defined specifications, to ensure its quality and undertaken a number of initiatives. suitability for creating a product.

#### Annual Product Quality Review (APQR) procedure

We have a comprehensive system to measure the quality attributes of every product manufactured by us. Based on the outcomes of the procedure, recommendations are given and necessary improvements are made.

#### **Analytical Method Validation Procedure**

We abide by regulatory standards and to ensure proper adherence to established norms, we have adopted a method validation procedure to ensure the use of adequate testing methods for maintaining accurate and reliable results.

#### **Process performance qualification**

Before we launch our product in the market, we ensure that each product has been manufactured in compliance

#### **Developing Quality Culture at each Level of** the Organization - Programme QbX (Quality by Excellence)

It is in our DNA to maintain and deliver the highest quality standards product to a common man. With the continuation of this commitment, an initiative, Quality by Excellence (QbX), was taken across Mankind where major focus areas are People competencies, Productivity enhancement, Lean lab concept, Documentation simplification, Regulatory compliances and Process enhancement.

#### Independent quality checks

Qualified personnel perform quality checks at various stages, starting from the receipt of raw materials and packaging materials to batch manufacturing, analysis, and batch release.

#### Monitoring of Operations

Pha

kind

Ma

#### Assuring quality of packaging materials

We take complete responsibility for implementing a rigorous process for maintaining the quality of the material used for packaging. It helps to enhance product life and ensures proper storage conditions.

#### Material testing

#### **Contamination Control strategy**

Mankind has robust Cleaning Validation plan which ensure the nil possibility of carryover of any previous product contamination to next product. Manufacturing facility design, equipment cleaning and measurement systems are capable enough to assure that products produced are free from any kind of contamination i.e. Viable, non-viable and chemical.

#### **Computer System Validation:**

Software in laboratory instrument and operational equipment's used for testing and manufacturing of drug product, respectively are validated and ensure they meet the regulatory expectations for generated electronic as well paper copy data.

product quality. Products are only released to the market after final sign off from quality.

#### Audits of Manufacturing Sites

Manufacturing sites audits are conducted at internal manufacturing sites by internal site team as well as by corporate team periodically. Audits of contract manufacturing organization (CMO) sites and distribution chain (Depot and C&F) are also been done by Corporate team. Vigilance audit at manufacturing partners is being done randomly by corporate quality experts. It helps in identifying areas of improvement and maintain quality standards

#### Supplier and vendor audits

Our experts regularly conduct supplier and vendor audits to ensure compliance within pre-defined regulatory norms and systems.

#### **Consumer complaint management**

### Nurturing an Integrated Supply Chain

We maintain a strong emphasis on efficient supply chain management. Our customer-centric approach, understanding of market dynamics and possibilities of disruptions in the supply chain enable us to secure supplies based on market demand.

We also have a robust demand planning mechanism that allows us to gauge market demand beforehand and ensures efficient inventory management and planning. We have also implemented processes which identify critical aspects within the supply chain and provide appropriate strategies to enable its proper functioning. With an integrated supply chain management process, we strive to improve supply chain performance and minimise disruptions and losses.

# orporate Overview

#### **Ensuring steady supplies**

- To ensure optimum and timely resource allocation, plans for supplying materials are made three months in advance.
- Regular review meetings are conducted on a weekly or monthly basis to assess the demand and supply dynamics. It helps in identifying gaps and taking necessary action for handling the surplus.
- We maintain strong relationships with our supply chain partners and sustain alternate procurement channels to ensure regular supply of critical raw materials and finished goods.
- Finished goods suppliers are provided with a threemonth advance visibility of the demand. This enables them to plan production and inventory management processes effectively while reducing the risk of shortages or excess inventory.

# Implementing advanced technologies and processes

To efficiently serve customers, we have optimised our supply chain operations by leveraging advanced technologies, collaborative platforms, and industryspecific expertise. Through this, we strive to streamline operations, meet market demands, and enhance customer satisfaction.

#### Advanced Available-to-Promise (aATP) Tool

We have adopted an advanced tool for checking stock availability and efficiently creating sales orders. It helps to fulfil orders on time and ensures timely delivery of products.

#### Vendor portal system

It allows us to seamlessly communicate and collaborate with vendors, streamline the procurement process, and improve overall supply chain performance.

#### Implementation of Robotic Process Automation (RPA)

We have embraced RPA to automate distribution processes. It has helped to identify and address bottlenecks in the supply chain, enabled efficient resource allocation and improved overall throughput.

#### Efficient data visualisation

We are using Tableau software to get intuitive and interactive visual representations of supply chain data. It enables us to analyse and interpret information effectively, improve data visibility and support quick decision-making.

# Mankind ||| >

## R&D Initiatives Enabling Future-Readiness Through R&D Excellence

With a commitment to scientific excellence and a focus on delivering high-quality, affordable medication, our R&D efforts span various divisions including drug discovery, advanced formulations, generic APIs, and biotechnology. Additionally, our R&D division focuses on intellectual property, global regulatory compliance, clinical research and biopharmaceuticals.

Dr. Anil Kumar Chief Scientific Officer

### Our R&D capabilities

We have 4 dedicated research and development units. One of our units have been recognised by DSIR, and another unit operates in compliance with WHO GMP guidelines. It has also been inspected by the USFDA. Additionally, we have two R&D centres, the COPMED Research Centre in Dehradun, Uttarakhand and the Mediforce Research Centre at Paonta Sahib, Himachal Pradesh that are operated by our subsidiaries

#### Our Dydrogesterone journey

We were the first Indian Company to launch 'Dydrogesterone'. The journey started in 2012 with the set up of our R&D facility. The whole process to develop and commercialise Dydrogesterone took around 9 years. The product is a synthetic hormone and the manufacturing process is highly complex with stringent controls required during manufacture to keep impurities in check. Bioequivalence evaluation demonstrated Mankind's product to be at par with Global Reference standards in terms of Quality, Safety and Efficacy. We are in the process of setting up a dedicated end to end API and Formulations manufacturing facility for 'Dydrogesterone' at Udaipur, Rajasthan. API facility is planned for backward integration with intermediates and raw materials. Formulations facility is equipped with advanced digital instruments. Facility has received adequacy from State pollution control board as Zero Liquid discharge unit.

First in India to develop sustainable packaging solutions for Dydrogesterone and Prega News

### 6 R&D Units

**55** ANDAs filed till FY23

INR 188 crore R&D expenditure

\_\_\_\_\_

#### Formulations

We have made significant strides in drug formulation and possess the capacity to develop complex generics in a variety of dosage forms. As part of our efforts to develop new chemical entities (NCE), we have initiated drug discovery programmes focused on Oncology, Immuno-oncology, and NASH/NAFLD (Non-alcoholic steatohepatitis/Non-alcoholic fatty liver disease). We have already filed an Investigational New Drug (IND) application for one NCE molecule with anti-diabetic properties. Currently, a Phase I 'First-in-Human' Clinical Trial is underway for this molecule, marking an important milestone in its development. Additionally, we have 2 molecules targeting auto-immune diseases and NASH in the pre-clinical stage, demonstrating our continuous commitment to address unmet medical needs. Mankind has also filed few IP strategic products with early launch opportunity in various markets of interest.

#### New drug development

For any new drug development, an expert panel is formed with key opinion leaders to discuss the proposed product. It enables us to capture relevant details and create an appropriate strategy for product development. It is a meticulously planned and comprehensive approach that encompasses several phases to ensure the delivery of safe and effective medications.

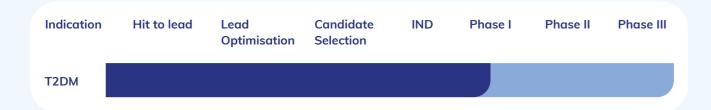

#### New drug discovery programme

Mankind's Drug Discovery efforts are directed towards identifying and developing new therapies for disease areas that include Metabolic disorders, auto-immune disorders and oncology. Our focused and well-defined strategy has enabled us to identify promising candidates and we are building a robust pipeline of molecules for our preclinical and clinical developments. Our In-house New Drug Discovery Research (NDDR) has capabilities to conduct drug discovery and development from concept to IND enabling preclinical and clinical studies.

### **Metabolic Disorders**

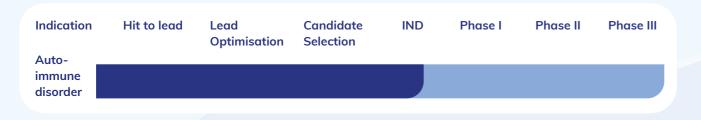

#### **Type 2 Diabetes Mellitus**

Type 2 diabetes Mellitus (T2DM) is a chronic disease characterised by insulin resistance and pancreatic  $\beta$ -cell failure, with an underlying genetic predisposition that is heavily influenced by diet and lifestyle. NDDR's discovery efforts are focusing on targets which can provide sustained glycemic control, with a focus on decreasing insulin resistance and preserving  $\beta$ -cell function. We have developed NCE (MKP10241) with novel mechanism of action and is currently in late stage phase I trials in India.

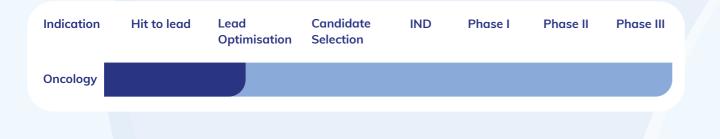

#### Inflammation

Auto-immune disorders occur when a person's immune system becomes unable to differentiate between normal and unhealthy cells, causing the immune system to attack the body's healthy organs and tissues. We at Mankind are aiming for novel therapeutics that could have potential therapeutic effect on umbrella of inflammatory diseases such as Rheumatoid arthritis. Ulcerative colitis, Plaque Psoriasis and Alopecia.

#### Oncology/Immuno-oncology

Immuno-oncology, is an innovative and promising approach to cancer treatment that harnesses the body's immune system to recognise, attack, and eliminate cancer cells. Immuno-oncology seeks to enhance the immune response against cancer cells and overcome the mechanisms that cancer uses to escape immune surveillance. We are currently developing first in class novel therapeutics for the treatment of melanoma and lung cancer.

#### **DRUG REPURPOSING**

Drug repurposing, also known as drug repositioning or drug reprofiling, is the process of identifying new uses or applications for existing approved drugs that were originally developed for a different medical condition. Instead of developing entirely new drugs from scratch, drug repurposing takes advantage of existing drugs' known safety profiles and pharmacological properties to explore their potential in treating other diseases or conditions. We have identified unmet therapeutic areas where the conventional approach of new chemical entity has not yielded the desired results.

#### NASH/NAFLD

Non-alcoholic Steatohepatitis (NASH) stems from the steady build-up of fat in the liver, which can trigger inflammation and, eventually, scarring and cirrhosis. We have discovered two previously approved drugs, originally used for different indications, which shows potential for treating NASH.

#### BIOSIMILARS

Mankind has embarked upon a journey to develop biosimilars in some of the world's top 10 biotech drugs in terms of the market indications. The Biotechnology team of Mankind has undertaken development of biosimilars for indications such as cancer, allergy and metabolic diseases. With an aim to develop different platform technologies for biosimilars such as mAbs, peptides, proteins and so on, we have made substantial investments in the state-of-the-art research laboratory facility. These investments reflect Mankind's dedication to staying at the forefront of biosimilar development and meeting the highest quality standards. Mankind targets to build a strong pipeline of biosimilars so as to regularly commercialise biosimilar products.

#### **INNOVATIVE PACKAGING INITIATIVES**

The packaging department continuously strives to provide innovative packaging solutions for our diverse portfolio of drugs and healthcare products. We aim to develop cost-effective, customer-centric and sustainable packaging for all our products. The packaging of our veterinary products has also been revamped in adherence with strict regulatory guidelines.

We are also the first in India to develop biodegradable and sustainable packaging for Dydrogesterone and Prega News. Additionally, we have introduced anti-counterfeiting technology for high-volume product portfolios and are working on the 'Go Green' project to reduce the use of plastic for packaging.

| te<br>1 | IND | Phase I | Phase II | Phase III |

# Information and Technology Excellence Empowering Business Through Innovative, Simplified and Secured Technology Solutions

We have established a highly resilient security infrastructure with continuous monitoring and adaptation to emerging security trends. We conduct regular internal and external audits to ensure the ongoing robustness of our security measures and implement necessary enhancements. Additionally, we are currently working towards obtaining ISO-27001 certification, a renowned international standard for information security, further solidifying our commitment to maintaining a high level of security excellence.

Pramod Gokhale President - Group Chief Information Officer

At Mankind, we have a proactive and comprehensive approach to manage information services (IS) while ensuring data privacy and security. Emphasising continuous improvement and adherence to industry standards, we leverage advanced technologies to handle a wide array of services, from basic support to complex project implementations. Collaboration with reliable partners further enhances the effectiveness of our systems.

### Key Tools at Mankind

- SAP S4HANA: Enterprise On-Line Transaction Processing Application capturing business processes across functions with tight integration for data availability and transparency, enabling prompt decision-making.
- SuccessFactors: Cloud-based application covering 'Hire to retire' processes for all employees.
- ADP: Payroll processing application providing statutory payroll reports.
- **Concur:** Travel management tool tracking processes from travel requests to expense settlements.
- Tableau: Visualisation tool fetching data from core and satellite applications, enabling data aggregation and providing descriptive and predictive analytics through various visualisations.

With an aspiration of deploying leading-edge technology solutions like Al/ML, for business, at Mankind, we are in the process of implementing various solutions. These solutions will further enhance the overall operational efficiency across the organisation. Some of the key upcoming initiatives are as below:

#### Superman

This application will empower field forces with valuable data at their fingertips and will also generate predictive actionable nudges for achieving targets. This application covers routine daily activities on hand-held tablets on which they can capture transactions and undergo learning/training sessions on the go. We intend to make this in-house developed product as best-in-class and well-admired by the field force.

#### Project ADAPT

Project ADAPT is all about 'Adapting the accelerated digital platform for Planning Transformation'. As a scope of this project, we will re-engineer the current entire supply chain process with lots of tangible and intangible benefits. Many Al/ML-based algorithms will deep dive into historical data trends and deliver intuitive predictive actionable nudges. This will also help to considerably improve forecast accuracy and will also reduce planning calendar time.

#### DRONA

This is a teleconsulting application for Doctors. Patients can book an appointment with Doctor for video consulting. In the same application, Doctors also can prescribe medicine and upload the prescription on the application. 1,000+ doctors have registered on the application and started availing the benefits of that platform.

#### RPA Processes

The implementation of Robotic automation processes will replace mundane processes which are timeconsuming but repetitive in nature. So far, we have implemented around 15+ RPA processes across various functions such as Finance, Logistics, and Sales and witnessed exceptional results.

#### Vendor Invoice Management

A leading-edge technology, VIM uses the OCR engine. All the Accounts payable invoices are scanned and automatically uploaded in SAP and depending on the rules set, invoices are auto-approved. Invoices which are not fulfilling rules are parked for manual decisions.

#### EMPOWERING IS DELIVERY TEAM FOR COMPREHENSIVE SERVICES

- We have a highly skilled and versatile IS delivery team distributed across multiple locations.
- Expertise in managing all aspects of information services, from deskside support to successful ERP implementations and Industry 4.0 initiatives.

#### STRENGTHENING GOVERNANCE THROUGH ROBUST TOOLS

- We implemented Information Technology General Controls (ITGC) and Information Security Management System (ISMS) tools to ensure effective governance.
- Utilisation of advanced data gathering and collection tools for ISMS-related processes such as change management and incident management.

#### IOT-ENABLED PREDICTIVE MAINTENANCE

Our ongoing implementation of IoT solutions in manufacturing plants marks a significant milestone in the realm of Industry 4.0. Through successful PoCs for engineering machines, we have witnessed the transformative potential of IoT. By harnessing machine-specific data such as power consumption, temperature, noise level, and vibrations, our system efficiently predicts and schedules preventative maintenance, mitigating the risk of unexpected breakdowns and ensuring uninterrupted production processes. Additionally, our IoT solution extends its reach to encompass environmental monitoring, capturing crucial parameters like humidity and air pressure across all plant blocks. **Mankind Pharma Limited** 

We have established a dependable partner ecosystem with maintenance contracts for various services, ensuring the delivery of high-quality reports during frequent review meetings.

#### DATA PRIVACY AND CYBERSECURITY

For us, data privacy and cybersecurity are of utmost importance and hence we have robust security tools and access policies in place. We have a rigorous testing process to ensure a proactive approach to addressing potential vulnerabilities.

#### **TECHNOLOGICAL SYSTEMS AT MANKIND**

- Deployment of cutting-edge hardware security tools, including Firewall protection and MPLS, SDVAN deployment, to secure the entire network.
- Utilisation of security tools such as Endpoint protection, email security, Single Sign-On, Identity Management, and Antivirus to safeguard data privacy and mitigate cyber threats.
- Implementation of robust internet access policies to prevent unauthorised access to potentially harmful websites.
- Regular backups of all critical business data on secure network drives to ensure data integrity and recovery capabilities.

#### EMBRACING DATA SECURITY STANDARDS

- Regular Blackbox testing, Grey Box testing, and Vulnerability Assessment and Penetration Testing (VAPT) for critical Servers, Websites, and VMs to identify and address potential vulnerabilities proactively.
- Leverage cloud platforms like AZURE and AWS, which also offer additional security measures to safeguard data stored on their platforms.
- Going forward, we are aiming to deploy the ISO27001 standards to achieve certification for robust data security practices.

### ESG Designing a Sustainable Future -0

At Mankind, we remain committed to lay the foundation for a brighter future with sustained endeavours for enhancing environmental sustainability, ensuring the well-being of our people and adhering to the highest standards of corporate governance.

### Contributions for an eco-conscious future

Our emphasis on adopting green practices, enabling efficient water and waste management practices and fostering the use of alternative sources of energy enables us to fulfil our obligations towards the environment. To ensure compliance with environmental regulations, we conduct internal as well as external audits at regular intervals.

#### WATER STEWARDSHIP

We have implemented various measures to conserve water and minimise our impact on the environment. To recycle wastewater, we have installed UF/RO (Ultrafiltration/Reverse Osmosis) systems to treat wastewater generated from our manufacturing processes, toilets and canteens. The treated wastewater is then reused within our facilities and it considerably reduces the need for freshwater withdrawal. It has also significantly minimised our dependence on groundwater.

1,06,680 KL Treated water reused in last two years

We have also replaced some of our solvent-based final products with aqueous-based alternatives. It has limited water consumption and minimised the environmental impact of solvent use.

Moreover, we have undertaken steps to optimise our water usage by implementing steam condensate recovery systems. By capturing and reusing the condensate, we reduce the amount of raw water required for our processes.

#### 8.615 KL Rain water collection and its utilisation for various purposes

We have also engaged in rainwater collection and utilise it for various purposes. This reduces the strain on groundwater reserves and contributes to our water conservation goals.

### 19%

#### Reduction in water intensity in FY23

All the wastewater generated at our plants is treated in stateof-the-art facilities, ensuring compliance with environmental regulations. Our commitment to water stewardship goes beyond compliance, as we actively seek opportunities to enhance our water management practices and minimise our water footprint.

#### **ENABLING A CIRCULAR ECONOMY**

We are committed to responsible waste management and undertake eco-friendly waste disposal methods for hazardous as well as non-hazardous waste to minimise our impact on the environment. For hazardous waste generated from the Sikkim unit, we co-processed it in cement kilns for energy recovery, instead of resorting to traditional methods like landfilling or incineration, which pose potential environmental risks,

79.77 MT Total hazardous waste co-processed from Sikkim site

193.04 MT Total non-hazardous waste co-processed from Unit-1

In line with our commitment to recycle plastic waste, the post-consumer plastic waste (Part of the final product packing) introduced in to the Indian Market was collected on pan-India basis as per EPR Target Plan under plastic waste management and sent for recycling.

### 100%

Plastic waste collected and sent for recycling in FY23, as per EPR targets given by CPCB

#### **REDUCING OUR CARBON FOOTPRINT\***

To harness the power of renewable energy, we have installed solar panels at our manufacturing units. It has reduced our reliance on traditional energy sources and minimised carbon emissions from our operations.

#### 4.4% Reduction in energy consumption in FY23 compared to FY22

To further reduce carbon emissions, we have made a transition from diesel to biobriquette fuel in our boilers for steam generation. This eco-friendly alternative is derived from sustainable sources, enabling us to lower our carbon footprint

and promoting the use of renewable energy.

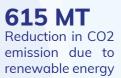

We are also prioritising efficient utilisation of plant and machinery through continuous monitoring and process optimisation. It maximises energy efficiency,

\*Based on factors mentioned in GRI/ WRI

100 % Briquette Boiler Ash from Unit-1 was sent to cement plant for coprocessing

#### 2.94% Renewable energy in total energy mix

reduces energy consumption and emissions. We have also implemented LED lighting and motion sensors across all our units to reduce energy wastage and minimise our carbon footprint.

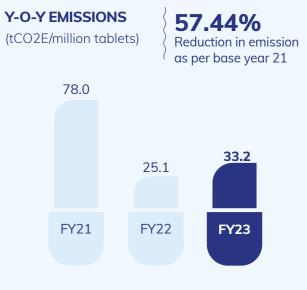

Mankind Pharma Limit

We continuously evaluate opportunities to upgrade equipment and systems to ensure lower energy consumption through the use of energy efficient alternatives. For instance, we replaced filter presses with volute dewatering systems. Similarly, high-intensity pumps and motors were replaced with energy efficient models. We have also installed timers to limit the use of fans in cooling towers, particularly during winter, when less cooling is required.

4.4% Reduction in energy consumption

Through rigorous standard operating procedures, systematic assessment methods, and evaluation mechanisms, we continuously improve our environmental practices to strengthen our sustainability initiatives for a greener planet.

#### TOTAL SOX, NOX, AND PM EMISSIONS

#### **FUTURE ROADMAP**

- Achieve 100% plastic neutral at our factories as per EPR Target Plan approved by CPCB by FY24
- Reduce hazardous waste disposal cost in Sikkim by 10% in FY24.
- Decrease groundwater consumption per unit of production by 5% compared to FY23.
- Map Scope-3 emissions for at least 70% of Upstream/ downstream activities by FY25.

### Nurturing an empowered workforce

We nurture a vibrant and inclusive work culture that prioritises the well-being of our employees and fosters a strong sense of belonging. We celebrate various occasions throughout the year, such as Daughter's Day, Men's Day, birthdays, TGIF, Diwali, Christmas, New Year, Women's Day, and more. These celebrations not only bring joy but also create a sense of camaraderie within the organisation.

We recognise the importance of employee engagement in maintaining a positive work culture. By focusing on increasing the Employee Value Proposition (EVP), we ensure that our employees feel valued and appreciated. With initiatives like Udaan, Maitri, and various other learning interventions, we continuously strive to improve the work culture.

#### **DIVERSITY AND INCLUSION**

We believe, by fostering a conducive environment for people from diverse backgrounds to thrive, we can drive innovation and success. We remain committed to provide equal opportunity to all employees, regardless of their gender, ethnicity, age, religion, or disability.

To further bolster initiatives to create an inclusive work culture, we have identified roles where women can contribute and excel. We recognise the importance of representation at all levels of the organisation and seek to hire more women for key positions.

We understand the challenges that women face when it comes to balancing work and family responsibilities. To support our female employees, we offer flexible working hours that accommodate their needs, particularly during maternity and post-maternity phases. We provide job roles that align with their skills and aspirations, creating opportunities for growth and advancement within the Company.

#### **TALENT ACQUISITION**

We employ a comprehensive talent acquisition strategy that includes campus hiring, focused lateral hiring, and participation in walk-ins and job fairs. We engage with universities and educational institutions to recruit fresh graduates and identify experienced professionals through targeted lateral hiring opportunities. By reaching out to a diverse pool of candidates, we ensure a steady influx of talent to meet the evolving needs of a pharmaceutical Company.

To further improve our reputation as an employer of choice, we prioritised employer branding initiatives. We have implemented measures to improve our Glassdoor rating by addressing employee concerns and fostering a positive work culture. Additionally, we utilise social media platforms to highlight employee success and well-being.

#### TRAINING AND DEVELOPMENT

We foster a dynamic culture of learning that empowers our employees to continuously enhance skills and knowledge. To facilitate continuous growth and development, a comprehensive range of training programmes are offered to employees. Along with orientation sessions, in-house training, mentorship, coaching and external training, we provide holistic training and development opportunities to our people.

Our Individual Development Programme (IDP) focuses on tailoring learning experiences to meet the specific needs and aspirations of employees. Additionally, we have established Fusion, an extended learning initiative that covers our subsidiaries as well. Our employees also have access to the QBX (Quality by Excellence) programme, which emphasises learning and implementing quality practices across the organisation.

To facilitate self-paced learning, we have an innovative e-learning platform, Palm Leaf. It enables employees to learn at their own pace. We also foster collaboration and support through projects like the Buddy Programme, to promote knowledge-sharing among colleagues.

85 % Increase in new hired female employees

### 100 %

Female employees resumed work after maternity leave

Zero Sexual harassment complaints

### ~54.000

Total training hours

### 54%

Increase in total training hours per employee from FY22

**Mankind Pharma Limited** 

Ove

#### LEADERSHIP DEVELOPMENT

We place a strong emphasis on leadership development as a crucial aspect of organisational growth. Our Leadership Development Programme is designed to cultivate a competent and skilled workforce. Recognising the significance of leadership in driving innovation and organisational performance, we allow experienced leaders to share their thoughts and views. It provides our people an opportunity to learn from industry veterans.

With a focus on higher education, we have established tie-ups with renowned universities, such as Tejasv. It allows our people to pursue educational programmes like BSc, MSc, B Pharma, MBA, and even Ph.D. We also partner with esteemed institutions like IIM Kozhikode and IIM Calcutta to conduct Management Development Programmes

(MDPs), to equip leaders with the necessary skills to navigate complex business landscapes and drive sustainable growth. These MDPs further enhance the leadership capabilities of executives and empower them to guide the Company towards greater heights of success.

75%

Leadership upskilled

#### **TALENT RETENTION**

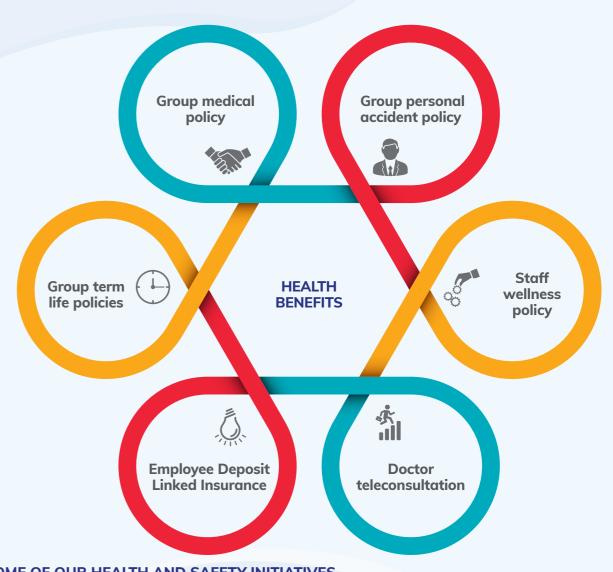

At Mankind, we strive to nurture a dynamic talent pool. Our flagship programme, Mankind Ladder, is designed to nurture and grow our in-house talent. It provides ample opportunities to succeed within the organisation.

Our Buddy Scheme pairs new employees with experienced mentors to facilitate smooth integration with the organisational culture. Moreover, to foster a culture of excellence, we have a robust reward and recognition system. We also support the growth of our people through sponsorships for higher education, external training, and participation in industry forums. We prioritise an employeecentric approach with flexible working hours and have embraced a hybrid work culture to ensure work-life balance and enhance productivity.

#### **EMPLOYEE WELL-BEING**

We value the health and well-being of our people. Our primary goal is to create a healthier and happier team by providing exceptional health benefits. We also create a positive working environment by implementing a range of wellness initiatives and extending comprehensive health coverage to all employees.

#### SOME OF OUR HEALTH AND SAFETY INITIATIVES

- Hazard Impact Risk Assessment (HIRA) and Job Safety Analysis (JSA) conducted for routine and non-routine activities.
- Root cause analysis and investigation of incidents involving workers and contractual workers.
- Near miss reporting, internal audits, safety committee meetings, and HIRA implementation.
- Intra-department safety inspections are conducted biannually. Audits for external certification is

also conducted every year. Third-party audits are also conducted every two years.

- Workplace Health Risk Assessment (WHRA) studies conducted and yearly medical check-ups offered to employees.
- Quarterly and yearly audits, monthly Gemba walks, and monthly MIS reports for continuous improvement.
- Induction training provided to new employees, with identification of training needs.

- Worker involvement in safety committees, risk assessments, and fire drills to ensure active participation and contribution to safety measures.
- Fire prevention and protection systems including alarms, extinguishers and sprinklers have been installed to handle emergencies.

### Committed to Inclusive Development

Our CSR initiatives are committed to achieve the goals of sustainable development by integrating economic, environmental and social imperatives, which recognises the interests for all its stakeholders. Our CSR projects /programmes are curated for the upliftment of the society by providing access to quality education, healthcare facilities and skill development. We aim to improve the lives of underprivileged and contribute towards a more equitable society.

### **INR 20 crore**

CSR expenditure

# **Our CSR vision 'We Are** There to Care' endeavours to provide the best services to society

#### **OUR CSR POLICY HELPS ACHIEVE THE** FOLLOWING GOALS:

- Socio-economic upliftment of communities and fosters self-reliance and inclusive development
- Improving access to quality healthcare facilities
- Strives to improve access to quality education particularly to underprivileged children
- Supporting research and development in the field of medical sciences

#### Livelihood enhancement

In our commitment to promoting livelihood enhancement programmes, we actively contribute to various causes that make a positive impact. This includes providing support to the families of martyr policeman, migrant workers, as well as assisting acid attack survivors in their journey of rehabilitation and recovery.

#### Healthcare

As part of our CSR initiatives, we support various healthcare endeavours. This includes distributing nutritional kits to HIV positive pregnant women, contributing to research and development in immunotherapy and molecular work, supporting JC Juneja Foundation Hospital. These initiatives reflect our commitment to improving healthcare access and making a positive impact on individuals and communities.

#### Education

In our pursuit of promoting education, we endorse a range of initiatives. This encompasses supporting vocational skills and livelihood enhancement programmes, extending assistance to educational institutes, facilitating the construction of educational buildings and hospitals, providing scholarships for students, establishing Skill Development Centre, and ensuring educational facilities for children from tribal areas.

## Making Good Governance a Priority

#### 

We prioritise ethical governance practices to ensure transparency and accountability across our processes and instil trust, and confidence in our stakeholders. Our emphasis on strengthening bonds with employees, shareholders, and communities empower us to strengthen the pillars of a value accretive business.

### Leading with transparency and accountability

The continuous guidance of our Board of Directors and internal committees enable us to abide by ethical standards, operate with integrity and transparency. Our Board comprises of diversely talented and experienced individuals who undertake the responsibility to reiterate our commitment towards good governance.

#### **EXPERIENCE - BOARD OF DIRECTORS**

#### **Performance review**

To ensure accountability and continuous improvement, we At Mankind, we have also implemented a Policy on conduct annual evaluation of the Board's performance, Professional Etiquette at the Workplace. This policy along with committees and individual directors. We provides clear guidelines for maintaining a respectful and consider various criteria, such as knowledge, active inclusive work environment, fostering a culture where participation and attendance at meetings, adherence everyone is treated with dignity and respect. We also to high ethical standards, integrity, confidentiality, and strongly believe in enhancing women's participation in the decision-making abilities in the assessment criteria. workforce and aim to offer equal opportunities to all our Through these evaluations, we strive to enhance the employees. effectiveness of our governance practices.

#### Promoting integrity and compliance

Maintaining the highest standards of ethical, moral, and legal conduct is deeply ingrained in our corporate culture. We have established a robust Vigil Mechanism, supported by a comprehensive Whistle-blower policy. It allows individuals to report unethical practices to the Ombudsman, Ethics Committee, or the Chairman of the Audit Committee. The Vigil Mechanism is diligently

5 Independent Directors

### **Profile of Board of Directors**

Mr. Ramesh Juneja Chairman & Whole Time Director

Mr. Ramesh Juneja is the Chairman and a Whole Time Director of the Company and also one of the promoters of the Company. With over 32 years of experience in the pharmaceutical industry, his expertise is invaluable. Recognised as the 'Entrepreneur of the Year' by Ernst & Young in 2009, his leadership sets the bar high for the team.

Mr. Rajeev Juneja Vice Chairman & Managing Director

Mr. Rajeev Juneja is the Vice-Chairman and Managing Director of the Company and also one of the promoters of the Company. He brings extensive industry experience spanning over 30 years and his deep understanding of the pharmaceutical industry drives our success.

Mr. Surendra Lunia Independent Director

Mr. Surendra Lunia serves as an Independent Director of the Company and has been with the Company since February 2015. He holds a Bachelors degree in Commerce from St. Xavier's College, Calcutta. He is a member of the Institute of Chartered Accountants of India and the Institute of Company Secretaries of India.

Mr. T. P. Ostwal Independent Director

Mr. T. P. Ostwal serves as an Independent Director of the Company and has been with the Company since January, 2020. He is a member of the ICAI and a senior partner of chartered accounting firms T.P. Ostwal & Associates LLP and DTS & Associates LLP.

Mr. Sheetal Arora Chief Executive Officer & Whole Time Director

Mr. Sheetal Arora is the Chief Executive Officer and a Whole-Time Director of the Company and also one of the promoters of the Company. He has over 15 years of experience in the pharmaceutical sector.

Mr. Satish Kumar Sharma Whole Time Director

Mr. Satish Kumar Sharma serves as a Whole-Time Director of the Company and has been with the Company since September 2016. He holds a Bachelor's degree in Pharmacy from Gulbarga University, Karnataka. He has over 16 years of experience in the pharmaceutical sector.

**Mr. Bharat Anand** Independent Director

Mr. Bharat Anand serves as an Independent Director of the Company and has been with the Company since August 2018. He holds a Bachelor Degree in Arts (Economics) from the University of Delhi and a Bachelor's degree in Law (Honours) from Jesus College, Cambridge University. Mr. Anand is a Partner of Khaitan & Co, LLP.

Mr. Vivek Kalra\* Independent Director

Mr. Vivek Kalra serves as an Independent Director of the Company and has been with the Company since August 2022. He holds a Bachelor Degree in Technology (Electrical Engineering) from Indian Institute of Technology, Bombay and an MBA from Leland Stanford Junior University.

### Ms. Vijaya Sampath\*

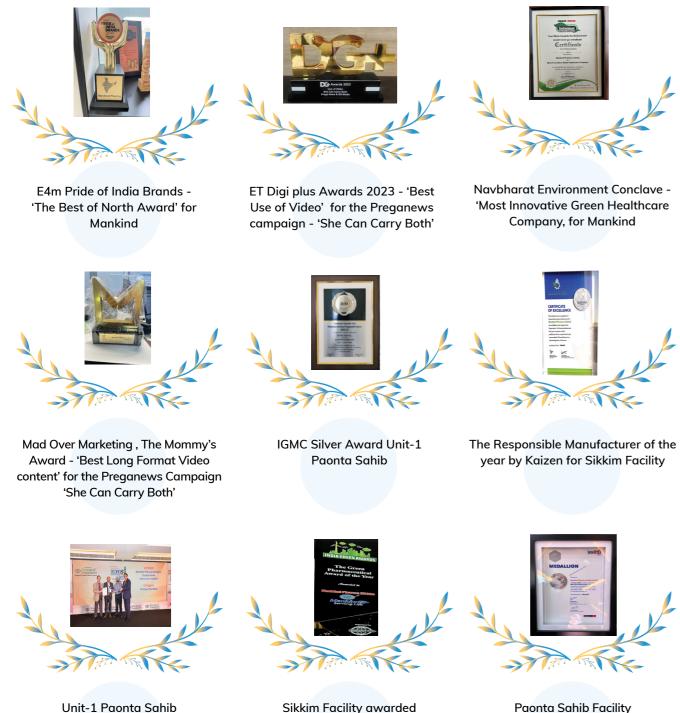

Independent Director

Ms. Vijaya Sampath serves as an Independent Director of the Company and has been with the Company since August 2022. She holds a Bachelor Degree in Arts in English literature from the University of Madras, Chennai and a Bachelor's degree in Law from the University of Mysore, Karnataka. She is a fellow member of the Institute of Company Secretaries of India.

### **Awards and Recognition**

Mankind Pharma Limited has received awards for its work in the pharmaceutical industry on several occasions. Some of the Company's major achievements during FY23 included:

The Green Pharmaceutical

Award of the Year

bagged prestigious

award from Kaizen

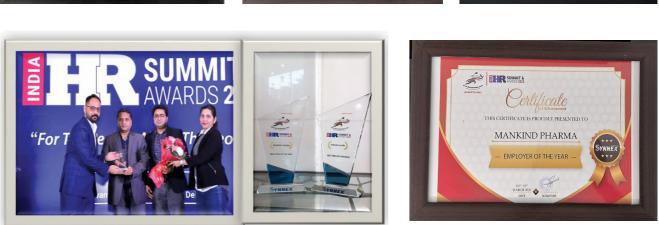

Hansei

Unit-1 Paonta Sahib Bagged 'Best EHS Practices' from The Greentech Foundation.

## **Management Discussion** and Analysis

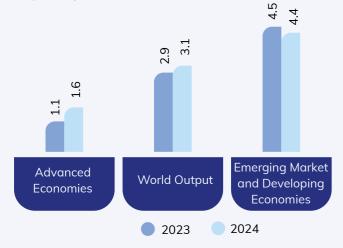

#### Outlook

Emerging markets and economies have recovered, which has significantly improved real incomes. The likelihood of a promising global outlook also depends on the pace and efficacy of fiscal and monetary policy actions implemented to fuel economic expansion.

A stronger boost from pent-up demand in numerous economies and a steep fall in inflation are expected in the course of CY23. Governments and central banks of the world are expected to be instrumental in accelerating economic growth by implementing targeted, need-based initiatives.

#### Projected growth rates

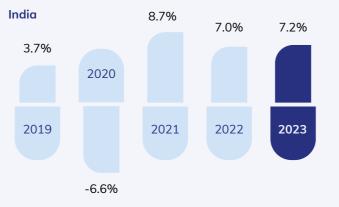

[Source: International Monetary Fund]

#### Indian economic overview

Notwithstanding global challenges such as COVID and the Russian-Ukraine crisis, the Indian economy remained remarkably resilient. In FY23, central banks across the world responded with synchronised policy rate hikes to combat inflation, causing the appreciation of the US dollar and the widening of the Current Account Deficits (CAD) in net-importing economies in 2022. Despite these headwinds, agencies worldwide continue to project India as the fastest-growing major economy, with 6.5-7.0% growth in FY23.1 The Indian Government has managed to sustain a conducive domestic policy environment and prioritise structural reforms.

Additionally, the country's stabilising inflation trajectory, higher disposable income and continued investment in infrastructure development are expected to contribute to economic growth in the years ahead. This consistent growth momentum has also placed India in a sweet spot for capturing a large share of global investments.

#### GDP growth YoY (%)

(Source: National Statistical Office)

According to the latest S&P Global Purchasing Managers Index (PMI), there has been a further expansion in business activities to 61.2 levels that is the highest since 2010. The Indian economy in the recent period grew by 6.1% that elevated the annual expansion to 7.2%, compared to 9.1% in the previous fiscal year.

(Source: S&P Report, June 23)

#### Outlook

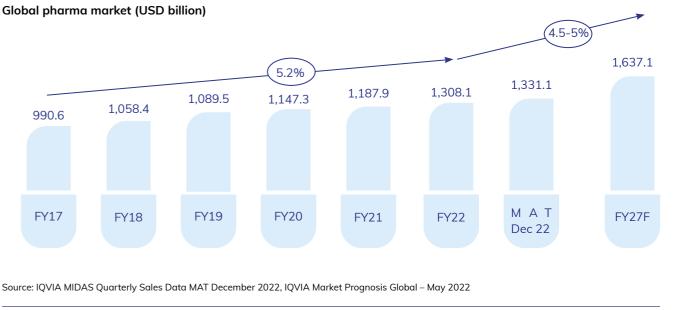

The Indian economy clocked a growth of 7.2%<sup>2</sup> during FY23; further it is expected to show growth of 6.5%<sup>3</sup> in FY24. This growth can be attributed to the strategic efforts undertaken by the Government, including the implementation of initiatives such as the PM Gati Shakti - National Master Plan, the National Monetisation Plan (NMP) and the Production-Linked Incentive (PLI) scheme. In addition to these measures, the Reserve Bank of India (RBI) has played a crucial role in maintaining financial stability and effectively managing liquidity constraints. All these factors have collectively contributed to the resilience demonstrated by the Indian economy.<sup>4</sup>

#### **Global Pharmaceutical Industry<sup>5</sup>**

The global pharmaceutical market is worth USD 1,331.17 billion and is expected to grow at a CAGR of 4.5-5% by FY27. The sector is undergoing a major transition, leveraging cutting-edge digital platforms, big data analytics, cloud computing and artificial intelligence (AI). Digital technologies are increasingly employed in the pharmaceutical sector to streamline important, labourintensive procedures.

The pharmaceutical industry has taken significant strides in improving public healthcare around the world. Major innovations in biopharmaceutical research have led to a reduction in mortality, for instance, from HIV/AIDS-related concerns and several types of cancers. Antihypertensive and cholesterol-lowering medications can now regulate high blood pressure and cardiovascular diseases; knee or hip replacements can help patients prevent immobility and new targeted treatments may control or even cure certain types of cancers.

#### Key Growth Enablers

## ŤŶ,

#### Increase in ageing population

According to the UN, the global population of people aged 65 and above is predicted to double by CY50, rising from 727 million in CY20 to 1.5 billion in CY50. This rapid rise in the geriatric population will increase the prevalence of chronic illnesses and lead to higher pharmaceutical consumption.

### Chronic diseases

Rising incidences of chronic diseases such as hypertension, diabetes, chronic respiratory diseases and cardiovascular diseases across the globe on account of rapid urbanisation, adoption of sedentary lifestyles and poor dietary habits are expected to boost demand in the global pharmaceutical industry.

#### India's Pharmaceutical Industry<sup>6</sup>

India's pharmaceutical market (IPM) has experienced remarkable growth over the years, reflecting its immense potential. From INR 660.53 billion in FY12, the IPM reached INR 1,859.05 billion in FY22, demonstrating a robust CAGR of approximately 10.9%. In the next few years, the market is expected to maintain its upward momentum and is projected to grow at a CAGR of 10-11% and reach a value of INR 3,000-3,100 billion by FY27.

The Indian pharmaceutical industry plays a prominent role globally as India is ranked third worldwide in the production of pharma products by volume and 14th by value based on the Economic Survey 2022-23.

#### Global generic market

As an outcome of global efforts to reduce overall healthcare costs, which have been exacerbated by a pandemic-induced economic crisis, reduced purchasing power and financial pressures, there has been increasingly widespread adoption of generics. Governments around the world are implementing progenerics policies to enhance uptake and offset increased expenses.

- Several key factors have contributed to the substantial growth of the IPM. The rise in disposable income has led to improved living standards and greater healthcare awareness, prompting individuals across various income segments to seek high-quality healthcare services, including better hospitals, medicines and pharmacy offerings.
- Another contributing factor to the IPM's growth is the increasing life expectancy in India. The United Nations estimates that the country's current life expectancy in CY22 is around 70.2 years, marking a steady increase compared to previous years. The National Health Profile predicts that the average age of Indians will rise to 34.7 years by CY36, with the proportion of the population aged 60 years and above expected to reach approximately 11.5% by CY26 and 15%

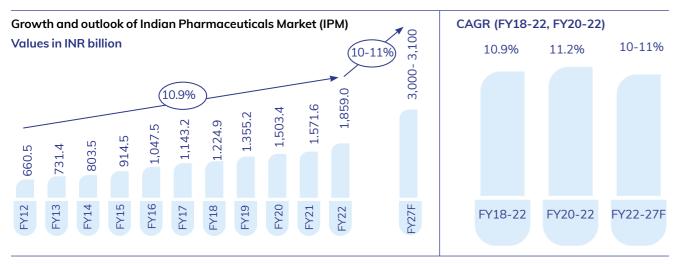

**Mankind Pharma Limited** 

Reports

by CY36. This demographic shift creates a greater demand for healthcare services and pharmaceutical products, particularly for managing age-related health concerns.

The chronic segment within the IPM has also witnessed growth with a CAGR of 11.97% compared to the overall IPM CAGR of 10.14% between FY18 and Moving annual total (MAT) December 2022. Major therapeutic areas such as cardiovascular and anti-diabetic treatments are expected to continue growing at a CAGR of 11%-13% from FY23 to FY27.

#### **Strategic Growth Drivers**

#### Rising income levels

Per capita income of India increased from INR 65,538 to INR 86,659 between FY13 to FY21, indicating a growth of approximately 4.07% CAGR. This has resulted in improved living standards and healthcare awareness. As a result, people across income levels seek high quality healthcare services in terms of better hospitals, medicines, and pharmacy services.

#### Government initiatives

Various schemes have been announced by the Indian Government including (a) Ayushman Bharat and (b) the National Commission for Allied and Healthcare Professions Bill 2021, which aims to create a body that will regulate and maintain educational and service standards for healthcare professionals. In addition to programmes and schemes related to core healthcare sector, the Government has also launched programmes to develop manufacturing infrastructure to support smooth and lowcost raw material supply to pharmaceuticals industry. The PLI scheme is designed to encourage domestic production of 50 key APIs. The list is dominated by anti-infectives, but also includes several cardiovascular drugs. In terms of pharmacy services, the number of Jan Aushadhi stores has increased from 100 in CY14 to 7,800 in CY21.

#### Increasing life expectancy

As per the United Nations, the current life expectancy for India in CY22 is estimated at 70.2 years, a 0.3% increase over CY21. Life expectancy for India was 62.3 years in the CY2000 and is expected to reach 74.9 years in CY50. As of CY11, the proportion of population over the age of 60 years was 8% which is set to increase to approximately 11.5% by CY26 and approximately 15% by CY36.

#### Growth in lifestyle diseases

Chronic segment in IPM has grown at a relatively faster rate of 11.97% CAGR compared to the overall IPM (10.14%) over FY18 - MAT December 22. Market share of chronic segment increased from 34.71% in FY18 to 37.53% in MAT December 22 (Source: IQVIA TSA MAT Mar'20, IQVIA TSA MAT Dec'22). Major chronic therapy areas such as cardiovascular and anti-diabetic are expected to continue to grow at 11-13% CAGR over the next five years, driving the growth in IPM (Source: IQVIA Market Prognosis -September 2021, IQVIA Analysis).

#### Growth in partnerships and co-marketing agreements

Partnerships and co-marketing agreements between Indian and foreign companies are expected to increase over the next five years, reflecting benefits for both originator and local partners. Such alliances will drive rapid and broader market penetration for new brands or an increase in sales for more established products.

#### Increase in health insurance coverage

The Indian Government's Ayushman Bharat - Pradhan Mantri Jan Arogya Yojana (AB-PMJAY) health insurance scheme, will drive healthcare access for patients and improve health outcomes over the forecast period. According to the Insurance Regulatory and Development Authority of India (IRDAI), over 500 million people (which is approximately 38% of the Indian population) were covered under some form of health insurance policy as of 2020. Post the pandemic, there has been increased acceptance of health insurance among people, leading to further increase in insurance penetration. (Source: National Health Profile)

#### Indian Consumer Healthcare Industry<sup>7</sup>

The Consumer Healthcare market in India primarily comprises categories such as (a) vitamins and dietary supplements, (b) OTC products across varied therapy areas (anti-tussive, antacids / gastroenterology, dermatology, among others), (c) condoms and other contraceptive products, and (d) herbal/ traditional products. The Consumer Healthcare segment has witnessed and is expected to continue to witness value-growth in the range of 10%-11% on account of the following growth drivers:

#### Demand-side drivers

- · New lifestyle patterns increasing the prevalence of disorders that can be treated / managed by consumer healthcare products
- Rising consumer awareness about preventive healthcare and limited availability of prophylactic / preventive products within allopathy
- Rising income and willingness to spend on wellness
- Increasing awareness / inclination within Indian population to use products labeled as 'natural'
- · Brand loyalty leading to recall and high growth (consumer brand recognition also drives prescription growth and vice versa)

#### Supply-side factors / initiatives by pharmaceutical companies

- · Efforts on part of consumer healthcare companies to generate evidence (through scientific papers / RWE studies) on the benefits of consumer healthcare products
- · Aggressive marketing and category creation (for instance - intimate hygiene) by existing players as well as several start-up companies that have entered consumer healthcare space
- Pharmacy retail reach to push consumer products (e.g., POS counter has high potential for contraceptives)
- · Product innovation in terms of dosage forms (for instance- sprays) and introduction smaller pack sizes
- Emergence of new channels (e-pharmacies, dedicated channel players focused on wellness and nutrition). The prevalence of self-medication has increased in the wake of the COVID-19 pandemic – especially among patients seeking refills of drugs for the treatment of chronic conditions.
- The number of households using e-pharmacy services, which rose by a factor of 2.5 during the initial

Statutory

COVID lockdown, had reached almost nine million by May 2020 according to a study by the Federation of Indian Chambers of Commerce and Industry (FICCI). A further increase in e-pharmacy platform traffic has been observed during the second wave of COVID infections (Source: IQVIA Market Prognosis -September 2021)

The e-pharmacy boom has attracted major new investors in the sector and these increased partnerships indicate future growth potential.

#### Key success factors in Consumer Healthcare

Pharmaceutical companies that have established large brands (INR 500 million and above in annual sales) have typically demonstrated the following key success factors:

- Chemist engagement (including product detailing to chemists)
- Continual engagement with prescribers
- · Significant spend on mass promotion (through both mass media (including digital media) as well as targeted campaigns at clinics, residential complexes, as appropriate)

#### **Company Overview**

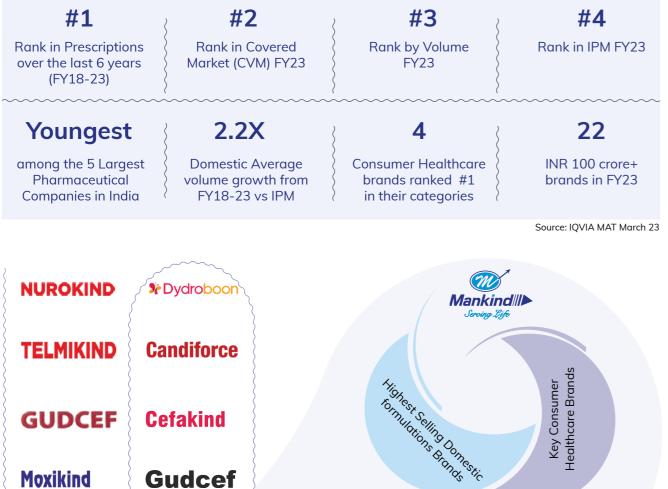

Mankind Pharma Limited (Mankind), commenced operations in 1995 and is the fourth largest pharmaceutical Company in India in terms of domestic sales and the third largest in terms of sales volume for FY23. The Company focuses primarily on the Indian market, where it develops, manufactures and markets a wide range of pharmaceutical formulations for acute and chronic therapeutic areas, as well as consumer healthcare products.

The Company is driven by the core values of Affordability, Quality and Accessibility backed by its strong in-house manufacturing capabilities across 25 state-of-the art sites and committment to scientific excellence through its six dedicated R&D units. The Company offers exceptional healthcare solutions for a wide range of healthcare needs with a diverse portfolio that includes anti-infectives, cardiovascular, gastrointestinal, anti-diabetic, neuro/ CNS, vitamins, minerals and nutrients and respiratory therapies. The Company also has a consistent track record of developing and expanding in-house brands.

The Company's strategic expansion in chronic therapeutic areas led to higher growth rates compared to the IPM. Domestic sales from chronic therapeutic areas have steadily increased from approximately 28% in FY18 to approximately 34% in FY23.

### Key Strengths

### Focus on domestic business

The Company is domestic focused with domestic revenues contributing to 97% of the total revenue from operations in FY23. The Company has one of the largest domestic franchises across value (fourth rank with market share of 4.4% in FY23, up from eighth Rank with market share of 3.3% in FY12); volume (third rank with 5.5% market share) and prescriptions (first Rank with 15.5% share). It is one of the youngest companies in the Top 5 of the IPM.

### Volume-driven growth with increasing reach

The Company is one of the fastest growing companies among the 10 largest corporates in the IPM. The Company's volume growth has been 2.2X the average volume growth of the IPM in FY18-23. This success is attributed to affordability of its medicines, expansive distribution network, large field force, and strong presence among doctors, making the Company one of the industry leaders. The Company believes that volume growth represents a higher quality of business as it is backed by higher prescriptions and therefore more sustainable.

# Strong corporate identity with growing franchise of scaled brands

The Company's sustained growth and outperformance in the IPM reaffirm its market leadership and this is also reflected in the growth of scaled brands. In FY23, 37 brand families had achieved revenues of over INR 50 crore of which 11 brand families had achieved revenues of over INR 200 crore as against 29 brand families and 7 brand families in FY20 with revenues over INR 50 crore and INR 200 crore, respectively. Notably, 19 of its top 20 bestselling brands rank among the three highest-selling brands in their respective molecule groups. Further, 22 of its brands are among the 300 highest-selling brands in the IPM. The Company is one of the youngest to have built such brands of scale among the top Pharma companies in India.

Mankind has a strong corporate identity with strategically selected national and regional brand ambassadors who reflect the core values of the Company and which helps enhance brand recall. Going forward, the Company will continue to leverage the corporate brand Mankind which creates synergistic benefits across both pharma and consumer segments.

# Highest share of prescriptions leading to more sustainable business

The Company has consistently generated the highest number of prescriptions as compared to its peers in India for each of the last six years. From 14.9% share in FY18, the Company's prescription share has increased to 15.5% in FY23. Having a leadership position in prescription shares creates a circular network effect, where doctors prescribe products and pharmacists in turn favour brands that they believe doctors will prescribe or that patients would prefer. This creates a more sustainable and resilient long-term business for the Company. **Mankind Pharma Limited** 

Repor

Statutory

### Lower exposure to NLEM products

The National Pharmaceuticals Pricing Policy, 2012, sets out the principles for pricing essential drugs as specified in the National List of Essential Medicines – 2011 ('NLEM'), to ensure the availability of such medicines at reasonable prices. Approximately 14% of the domestic sales of the Company was attributed to the sales from such price control products, which is one of the lowest in the industry.

### Building fast growing consumer healthcare franchise

In 2007, the Company entered the consumer healthcare business, establishing itself as a leader in various

categories. Its differentiated brands in the condoms, pregnancy detection, emergency contraceptives, antacid powders, vitamin and mineral supplements and anti-acne preparations categories have gained significant market share. The Company has consistently invested in brand building by focused print, TV and digital campaigns to enhance brand recall in the consumer healthcare franchise. This has been achieved through targeted initiatives including marketing and visibility initiatives and also rural initiatives to enhance brand engagement and recall with customers. This strategy has paid dividends and the Company today has four brands which are market leaders in their respective categories.

Source: IQVIA Retail, MAT March 23

**Mankind Pharma Limited** 

# Pan-India market and distribution coverage with focus on affordability and accessibility

The Company has a pan-India presence operating through one of the largest distribution networks of 13,000+ stockists and 75 C&Fs across the country. The core value proposition of the Company has been Affordability, Quality and Accessibility which has established the Company's presence both in the price-conscious Tier II-IV towns and rural markets and also in the strategically important Metro and Tier I towns. The Company's national presence is corroborated by its sales distribution with 35%, 23%, 23% and 19% of domestic sales coming from North, West, South and East, respectively.

### Fast-growing diversified portfolio

The Company's growth is broad-based across all leading acute and chronic therapy areas, having outperformed IPM acute and chronic growth by 1.5X and 1.3X respectively in FY23. Within the therapeutic segments, its portfolio is diversified, with the anti-infectives segment contributing 15% of the revenues. The Company has consistently grown faster than the IPM in most of the therapeutic segments it operates in.

### Share of Therapeutic Segments in Portfolio

|                   | % of sales      | FY20-23 C | AGR |

| TOTAL             | 100%            | 13%       | 10% |

### Affordable and accessible offerings

Introducing formulations and healthcare brands that are easily accessible and affordable for the masses is the foremost priority of Mankind. With a robust marketing and distribution network, the Company continues to widen its consumer outreach and market presence throughout the country.

### **Capital efficiency**

The Company's consistent growth is supported by its capital efficiency, with a Return on Capital Employed (ROCE Ex-Cash) of 25.1% in FY23.

### **Growth Strategies**

# Increasing the value of prescription in existing markets of strength

The Company has one of the highest coverages and reach in the Tier II-IV and rural markets among peers with around 47% contribution from these markets as compared to 36% contribution in IPM in FY23. This is backed by one of the highest doctor coverage of more than four lakh doctors among domestic companies. The Company is focused on increasing the overall value and share of prescriptions among doctors in these markets by extending value-added services to doctors.

### Increasing share of Chronic Segment

The Company is focused on increasing its covered market presence (CVM) in the IPM. From ~60% in FY18, the CVM share has increased to ~68% in FY23 and the Company has various initiatives to increase this further going ahead. These include sharper focus on increasing presence in more profitable chronic therapeutic areas as the chronic segment has a higher growth profile given the rising prevalence of chronic diseases due to lifestyle changes and rising income levels in India. The strategy to increase chronic share has gained momentum with the launch of focussed dedicated speciality divisions and is reflected in the increase in chronic coverage to 34% in FY23 from 28% in FY18. In FY23, Mankind's chronic segment outperformed the IPM chronic growth by 1.3X.

The strategy to increase chronic share is multi-pronged. The Company is looking at launching products in white spaces in existing therapies like anti-diabetes, cardiovascular, CNS, respiratory and so on, by best-in-industry customer coverage of doctors, stockists and chemists through innovative product and marketing techniques. For example, the Company has recently launched multiple chronic products with DMF grade APIs at Indian prices to create a distinct value proposition in the chronic segment. The Company is also planning to expand into new therapeutic segments like urology, nephrology and more. This will be complemented by an aggressive in-licensing strategy and opportunistic acquisitions in the chronic segment.

### Focus on increasing penetration in Metro and Tier I cities

Mankind's next phase of growth comes from expanding its reach in Metro and Tier I cities. Currently, the contribution from these markets is 53% for the Company as compared to 64% for the IPM. It plans to engage key opinion leaders and corporate hospitals through a dedicated team of regional medical advisors. Additionally, a specialised team has been appointed to cater to the critical care segment in hospitals.

Source: IQVIA MAT March 23

The recently launched speciality divisions in cardiovascular, cardio-diabetology, neurology, ophthalmology, respiratory, gynaecology, critical care and transplant and oncology will also contribute to increasing penetration in Metro and Class I cities.

### **Grow Consumer Healthcare business**

The Company has aggressive plans to expand its consumer healthcare business and increase the market share of key consumer healthcare brands, such as Manforce, Prega News and Gas-o-Fast. The Company will leverage existing brand equity to launch brand extensions. There is a focus on new initiatives in distribution models, including modern trade and e-commerce channels. The Company has a robust plan to also move certain Rx to OTX/OTC switches after they reach critical mass. The recently acquired Upakarma Ayurveda also allows the Company to establish a direct-to-customer channel in the Ayurvedic medicine category.

### Focus on building alternative channels for growth

To expand market share, the Company will focus on alternative growth channels, including e-commerce and other contemporary trade channels. The increasing use of e-pharmacies during the pandemic indicates substantial growth potential in this sector. A specialised team has been established to manage strategic alliances with key channel intermediaries, ensuring the availability of products and minimising the substitution of competitor products.

# Continue to develop and invest in digital platforms to enhance doctor engagement

The Company has developed digital platforms to improve doctor engagement. DrOnA Health enables virtual consultations and interactions between doctors and patients. Docflix is an OTT platform exclusively for doctors, providing reliable and engaging medical content. Mankind Connect serves as a knowledge dissemination channel for healthcare providers. It has also launched Prana, a virtual patient assistance chatbot. These digital initiatives aim to facilitate relationships with doctors and healthcare providers, enhance brand recall and foster customer loyalty. The Company's future plans include expanding digital platforms to cover additional therapeutic areas and developing telemedicine platforms and other technology infrastructure to further promote doctor engagement.

### **Our Operations**

Mankind has 25 manufacturing facilities strategically situated across India, in the states of Himachal Pradesh, Sikkim, Rajasthan, Andhra Pradesh, Maharashtra and Uttarakhand. Their formulation manufacturing sites have a total installed capacity of 42 Billion+ units every year across a wide range of dosage forms, including tablets, capsules, syrups, vials, ampoules, blow-fill seals, soft and hard gels, eye drops, contraceptives and other over-thecounter products.

The Company's competitive advantage stems from the fact that ~75% of products are manufactured in-house, ensuring more control over quality, delivery timelines, and supply chain management. Further, the Company has manufacturing facilities that adhere to rigorous regulatory standards with sites that have obtained accreditations from the US Food and Drug Administration (USFDA) along with certificates from the European Medicines Agency (EU GMP), ANVISA (Brazilian Health Regulatory Agency), World Health Organisation (WHO) and Pharmaceutical Inspection Cooperation Scheme (PIC/S) Good Manufacturing Practice (GMP) guidelines.

By prioritising quality, safety and efficacy, the Company strives to meet market demands and make innovative healthcare solutions accessible to customers across India and beyond. With an extensive manufacturing footprint and a steadfast commitment to regulatory requirements, the Company is well-positioned to unlock the next phase of growth in the future.

For locations of manufacturing sites, refer to Page number 36-39 in the Non-Statutory section.

**Research and Development (R&D)** 

Statutory Reports

rma L

Mankind

The Company and its subsidiaries operate 6 R&D centres with units located in Haryana, Maharashtra, Himachal Pradesh and Uttarakhand. One of these units has been recognised by the DSIR, while another unit complies with the WHO GMP standards and has undergone inspection by the US FDA.

Mankind's R&D operations comprise various divisions, including drug discovery, generic APIs, formulations and biotechnology. The Company has dedicated teams for intellectual property, global regulatory compliance, clinical research and biopharmaceuticals. One of its R&D centres houses a USFDA approved commercial testing laboratory that is also GLP certified and accredited by the NABL, ensuring additional quality checks for the Company's products throughout their lifecycles. With over 600 scientists, including approximately 40 holding PhD degrees, Mankind's R&D team focuses on developing niche APIs, and complex generic formulations, while enhancing the quality and efficacy of its existing products through consistent product and process improvements.

Mankind's unwavering focus on R&D aims to deliver advanced pharmaceutical solutions while also expanding its market presence with innovative approaches to drug formulation and delivery.

### Formulation development

The Company has robust in-house capabilities to develop complex generics in various dosage forms, including complex parenteral, complex ophthalmic solutions, suspensions and gels. It has filed one Investigational New Drug Application for an anti-diabetic new chemical entity (NCE) molecule, which is currently undergoing phase I clinical trials. Further, the Company has two NCE molecules targeting autoimmune diseases and nonalcoholic steatohepatitis in the pre-clinical stage.

The Company is actively involved in the development of novel drug delivery systems for inhalation solutions and pulmonary drug delivery, encompassing dry-powder inhalers, metered-dose inhalers and oral films. It is also building its capabilities in the product portfolios consisting of NCEs and Paragraph IV products.

### API Research

The Company specialises in the manufacturing of Active Pharmaceutical Ingredients (APIs) and employs a combination of processes to expand its product range and cater to different market demands. These processes include various reaction mechanisms such as nitration, Grignard reactions, halogenation, Friedel-Crafts acylation, oxidation and reduction, utilising a range of catalysts. This diverse approach enables the Company to produce APIs at different scales, ranging from laboratory-scale research to commercial production.

The Company's team of scientists possesses extensive expertise in several areas of chemistry, including chiral chemistry, polymer-based chemistry, peptide chemistry and the synthesis of complex products. These areas of expertise cover a wide range of therapeutic areas, including antihypertensive, antibiotic, antipsychotic, antacid, antianginal and antithrombotic drugs. The fact that Mankind is the first Indian Company and second in the world to introduce the synthetic hormonal API known as 'Dydrogesterone' into the market is truly remarkable.

### Analytical R&D

**32\*** ANDA approvals \*Till March 23

55\* ANDAs filed \*Till March 23

The analytical R&D team conducts comprehensive stability and degradation studies on APIs and various drugs. Their role encompasses supporting all phases of pharmaceutical development, which includes-

- Providing method development and validation services for a diverse range of analytical technologies
- Formulating complete specifications for raw materials, APIs, finished products, intermediates and excipients
- Conducting in-house tests to ensure strict control over pharmacopeial materials and products
- Carrying out stability studies on APIs and formulations in accordance with relevant guidelines
- Analysing active ingredients and essential raw materials

### **Procurement Practices**

### 92% Inputs procured sustainably

# ~10% Raw materials sourced

from local suppliers\* \*Sikkim plant

The Company ensures seamless operations by streamlining its supply chain. It identifies and approves local suppliers to source essential raw materials. Employing a diversified procurement approach helps minimise inherent risks in the supply chain and enables the Company to utilise indigenous suppliers, reducing its reliance on imported materials. Further, the Company prioritises vendors who comply with good manufacturing practices and adopt eco-friendly production processes.

### Supply Chain

The supply chain of Mankind is robust, compliant and efficient, spanning the entire country. To streamline and optimise its supply chain processes, Mankind has implemented various tools and systems.

The Company uses the Advance Available to Promise (AATP) tool, which helps assess market demand and process back orders at all points of sale. This ensures that sales losses are minimised and customer demands are met efficiently. Mankind has also implemented a Vendor Portal system, enhancing capabilities and integration with suppliers, while improving communication and coordination throughout the supply chain. They have adopted Robotic Process Automation (RPA) for distribution replenishment based on the Theory of Constraints (TOC), enabling more effective planning and allocation of resources.

To enhance data transparency and facilitate quick decision-making, Mankind employs data visualisation tools such as Tableau. This allows for the visual representation of supply chain data, enabling easy analysis and insights. The Company follows demand planning processes in accordance with industry standards, incorporating outside-in perspectives from progressive consultancies. It also employs saddle point management sample processes to identify and address bottlenecks and inefficiencies in the supply chain.

In the years ahead, the Company has planned several initiatives. These include inbound and outbound automation of warehouses using scanning technology, the implementation of Vendor-Managed Inventory (VMI) systems, automation in product expiry management at points of sale and the adoption of digital demand planning and forecasting tools. Additionally, the Company focuses on inventory management and safety stocks at depots and points of sale, daily monitoring of finished goods shortages to prioritise supplies, reconciliation of orders, establishing Sales and Operations Planning (S&OP) forums to manage exceptions in demands and implementing governance mechanisms to track non-moving SKUs.

### Human Resources

The Company understands that its personnel are the true contributors to its success and therefore strives to create a conducive environment for their development. Through a holistic approach to hiring, regular training programmes and employee engagement initiatives, Mankind aims to upgrade the skills of its workforce and enhance its productivity, while meeting stringent quality and safety standards. The Company also recognises the valuable contributions of its team members by rewarding them with performance-linked incentives and benefits.

### Talent acquisition and retention

To attract and retain top talent, the Company has implemented several initiatives:

| Talent acquisition                                                                                                         |                                                                                                                                           |                                                                                                                                        |                                                                                                                                                                                                                   |                                                                                                                                          |

### **Opportunities and Threats**

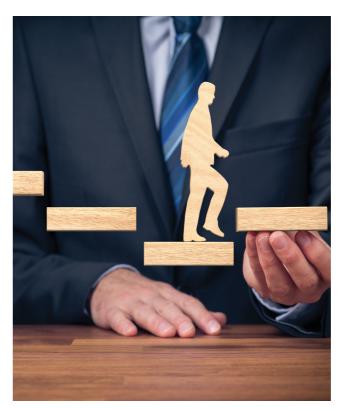

### Opportunities

Enhance market presence with innovative product offerings

Building upon its existing market presence, Mankind can further expand its reach by launching new products in speciality therapeutic areas such as oncology, cardiovascular, neurology, respiratory, ophthalmology, gynaecology, anti-diabetic and more.

### Seek strategic partnerships for portfolio diversification

Mankind can actively pursue in-licensing, acquisition, or co-development prospects with other pharmaceutical companies seeking to expand their product base in India. The Company has successfully acquired and integrated brands of Panacea Biotec, the dermatology brand (Daffy) and respiratory brand (Combihale) from Dr. Reddy's Laboratories in FY22. It has also successfully inlicensed Remogliflozin Etabonate tablet from Glenmark

**Mankind Pharma Limited** 

Pharma and Sacubitril/Valsartan tablet from Novartis. By collaborating with partners and strengthening its therapeutic portfolio, the Company can foray into new products/segments, while offering patients with a wider selection of treatment options.

3.561

### Drive innovation in drug development

Mankind can continue to prudently invest in R&D for introducing new chemical entities and difficult-tomanufacture molecules that address unmet medical needs. The Company was the first Indian Company to launch the complex drug 'Dydrogesterone' and also has 3 NCE programmes under development. Further, it is also working on several biosimilars (including monoclonal antibodies). This approach will not only differentiate the Company's offerings, but also position it as a leader in advanced treatments.

### Strengthen presence in Metro and Tier I cities

To increase penetration in key urban areas, Mankind can prioritise engagement with key opinion leaders (KOLs) and corporate hospitals. Through regional medical advisors, the Company can foster collaborative relationships and gain visibility in cities, including Delhi NCR, Bengaluru, Mumbai, Hyderabad, Cochin, Chennai and Kolkata. This targeted approach will help the Company capture a larger market share in these prominent regions.

### Accelerate growth in the Consumer Healthcare business

Leveraging emerging opportunities and synergies across businesses, Mankind can prioritise the growth of its Consumer Healthcare segment. By expanding its distribution channels and gaining market share for existing brands, the Company can capture a larger portion of the consumer healthcare market and drive overall business growth.

### Threats

### Increasing competition in the generics market

The growing demand for cheaper generic alternatives poses a threat to branded drugs. With more people opting for generics, there is a risk of reduced market share and profitability for branded drug manufacturers. The Company needs to ensure that customers choose its branded products over cheaper alternatives, primarily owing to the quality and affordability of its products.

# Intensified channel consolidation and rise of white-label products

The pharmaceutical industry's ongoing channel consolidation trend may lead to conflicts of interest. Modern channels of trade may prioritise their own products (white label) over competitors, resulting in patients having limited access to essential medications. The situation poses a threat to the Company's market reach and distribution network. It is critical for the Company to strengthen connections with key channel partners and ensure that its products are accessible to all customers. Also, these white label products may raise concerns related to trademark infringement and regulatory compliance. The Company needs to closely monitor the market and take appropriate

measures to protect its brand integrity and ensure compliance with regulatory requirements.

### Pricing changes and Government regulations

Changes in pricing regulations, such as the Drugs Prices Control Order (DPCO) and the National List of Essential Medicines (NLEM), can have a direct impact on the Company's profitability. Price reductions mandated by regulatory bodies can reduce revenue and limit the Company's ability to invest in R&D. The Company should closely monitor pricing regulations, adapt its pricing strategies and explore opportunities to optimise costs and maintain profitability, while ensuring affordable access to quality medicines for patients.

### **Risk Management Approach**

The Company has a risk management committee that identifies internal and external risks that are particular to the business, such as financial, operational, sectoral, sustainability-related risks (especially those involving ESG), informational, cybersecurity and other risks. The committee is in charge of overseeing and directing the implementation of the risk management policy. In addition to techniques and procedures for internal control of identified risks, the committee also evaluates the efficacy of existing risk management processes and systems for risk reduction. It also ensures that the appropriate protocols, frameworks and methodologies are in place to track and assess risks associated with the Company's operations. The risk management approach.

| Risks                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | Mitigation strategies                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Regulatory challenges</b><br>Ensuring compliance with regulatory and ethical<br>obligations is of utmost importance. The dynamic nature<br>of the regulatory environment has led to increased<br>scrutiny and higher expectations from stakeholders<br>regarding compliance. Failing to comply with regulations<br>can adversely affect the Company's operations and<br>reputation.                                                                                                                                       | The Company has a robust compliance management<br>system in place to ensure awareness and compliance.<br>The Company has invested in benchmark processes and<br>procedures that are accessible to all employees with the<br>intent of fostering compliance throughout the workplace.<br>The roles and responsibilities have been clearly defined<br>to guarantee precise scrutiny and compliance.                                                                                                                                                                                                                                                                                       |
| Supply chain challenges and rising input costs<br>Business operations are susceptible to disruptions in<br>the supply chain, which can impact the Company's<br>operations. If the cost of manufacturing rises, margins<br>can be adversely affected by increasing input costs.                                                                                                                                                                                                                                               | The Company is exploring alternative sources of raw<br>materials to ensure a reliable and cost-effective supply<br>chain, mitigating the uncertainties associated with<br>global supply chains.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| Fluctuations in foreign exchange and interest rates<br>Fluctuations in the foreign currency rate will impact the<br>Company's revenue generated from its international<br>business, thereby affecting its overall profitability. Since<br>the Company purchases certain raw materials from<br>sources outside of India, the cost of production will rise.<br>Interest rate fluctuations will also raise the cost of<br>borrowing with floating interest rates. These will also<br>have an impact on the Company's liquidity. | Mankind does not have any major Forex exposure in<br>terms of exports and imports. The exports amount to<br>~3% of the total Turnover of Mankind. The imports are<br>also in the range of 4-5% of the total Cost of Goods<br>Sold (COGS) of the Company. As such, the fluctuation<br>in foreign exchange/currency rates does not have major<br>impact on the Company's profitability.<br>Currently, Mankind does not have any loan in foreign<br>currency, hence the risk of fluctuation in foreign currency<br>interest rates does not exist.<br>Going forward, if the foreign currency exposure increases,<br>the Company will review and implement appropriate<br>hedging mechanism. |

### Risks

### Environmental, health and safety

The pharmaceutical sector is significantly impacted by climate conditions. Given the Company's focus on healthcare, maintaining a zero-risk approach to health and safety is of utmost importance. Failure to comply with domestic and international regulations in these areas can disrupt business operations.

### Quality, product development and launch

Ensuring high-quality standards is crucial to avoiding compromised product quality and potential health risks. The Company recognises the risks involved in new product development, such as substantial upfront investment, clinical trials, competition from other companies and potential patent disputes.

### People risk

For sustained efficiency and profitability, the acquisition and retention of a competent workforce are necessary.

### Patent risk

Business operations could be impacted by the inability to defend patent challenges or third-party agreements.

### Intense competition

The Company faces stiff competition from e-pharmacies and other businesses, which directly impacts its revenues. The Company's activities may be affected in light of a dynamic market and intensifying competition with local and international businesses.

### Price control risk

Adoption of the tender system and other price control strategies ultimately result in decreased revenue and profit. Moreover, specific products may be subjected to price control restrictions imposed by the Government.

### Cybersecurity/data privacy risk

Data privacy and cybersecurity regulations not only require safeguarding customer data, but also enforcing obligations to ensure the quality, integrity and governance availability (CIA) of data, which involves limitations on data acquisition and usage, as well as appropriate data retention/restoration and disposal practices.

### **Mitigation strategies**

The Company has implemented measures to address environmental, health and safety risks. This involves the installation and commissioning of full-fledged waste water treatment units followed by waste water recycle units and the development of green belts. All factories are equipped with fire protection and prevention systems. Mock drills are regularly conducted. Fire fighters and first aid members are present in our premises. Training is also provided to both employees and contractual workers to ensure compliance with the best EHS practices.

The Company has implemented a dedicated quality assurance team consisting of 805 individuals, who are responsible for overseeing quality operations at manufacturing facilities. They enforce rigorous controls on equipment, finished products and vendor samples, ensuring compliance with approved standard operating procedures. Further, along with cost reduction and control efforts, the Company has enhanced operational efficiency and undertaken initiatives to elevate quality control standards.

The Company has implemented a comprehensive recruitment procedure to hire employees across all levels of the organisation. The procedure includes thorough assessment methods that prioritise employee engagement and ensure consistency in work content. Individual performance is evaluated through Performance Management System (PMS) and accordingly rewarded on an annual basis. These practices are diligently followed to maintain fairness and transparency in the compensation process.

The Company conducts comprehensive due diligence prior to entering into any agreements and includes detailed terms and conditions in its development or commercial agreements with third parties.

To stay ahead of the curve and maintain its profitability, the Company consistently upgrades its manufacturing facilities with advanced equipment and technology. It strives to optimise production costs, ensuring a competitive advantage and healthy profit margins. Additionally, the Company pursues new product registrations and regulatory approvals to expand its product range.

Mankind adheres to regulatory and ethical guidelines when determining pricing strategies. To mitigate the risk associated with pricing, the Company focuses on expanding its production volume. In FY23, Mankind has achieved a volume growth rate of 2.6%, surpassing the industry average of 0.1%\*.

The Company's products are priced considering all essential aspects, including affordability. These help generate a higher number of prescriptions, which ultimately contributes to the Company's success.

Through software and hardware training, the Company aims to continuously enhance its technologies, facilities and machines to align with global standards. The Company prioritises info security by implementing access restrictions and employing multi-factor authentication measures. These measures are designed to prevent cyber adversaries from gaining unauthorised access to the Company's devices, networks and sensitive information.

### Environmental, Health and Safety (EHS)

### Environment

Mankind is committed to environmental sustainability and has implemented various initiatives to minimise its ecological impact. The Company has installed solar panels at its manufacturing units, adopted eco-friendly practices by replacing some of the solvent-based final products with aqueous-based alternatives and implemented UF/RO systems for the recycling of treated water.

The Company has taken several initiatives to reduce groundwater withdrawal, recycle treated wastewater and use agro-based bio-briquettes for steam generation. The Company focuses on steam condensate recovery to minimise raw water consumption. It also aims to reduce plastic waste by limiting the use of plastic bottles and collecting pre and post consumer plastic waste for recycling.

Mankind collected and reused 8,615 KL of rainwater in its Sikkim unit, further reducing the strain on groundwater resources. For FY24, the Company intends to raise the proportion of recycled wastewater to utilities to 45%.

# 8,615 KL

### Collected and reused rainwater

### Circular economy

82

Mankind actively embraces the circular economy concept. The hazardous waste generated at the Sikkim factory and the non-hazardous ash from the agro-based briquette-fired boiler is sent to cement plants for coprocessing, promoting energy recovery while minimising environmental impact. Briquette Boiler Ash generated from Sotanala site is used for brick manufacturing at third party-approved location.

### Carbon footprint

The Company has installed solar panels, replaced highenergy-consuming systems with more energy-efficient alternatives, replaced pumps and motors with lowenergy-consumption motors and installed timers in cooling towers to reduce energy consumption.

### Energy usage

Mankind emphasises the optimum utilisation of plants and machinery to ensure energy efficiency. LED lighting has been implemented across all units and motion sensors have been installed to automatically control lighting in areas where necessary. The Company also maintains a power factor across all manufacturing units, contributing to effective energy management.

# 19%

# 615 MT

Reduction in CO<sub>2</sub> emissions in FY23 from renewable energy sources

# 100%

Plastic neutral according to the EPR Target Plan approved by CPCB

### Health and Safety

To ensure the safety and well-being of its personnel, the Company has implemented several initiatives including comprehensive induction training, identification of training needs in safety, a structured training calendar, evaluation of training effectiveness, regular supervision by area incharges, active involvement of workers in safety-related tasks and committees, and conducting risk assessment and fire drills. It also emphasises fire prevention and protection systems, conducts EHS promotional activities to boost morale, ensures regulatory compliance, implements visual management practices, manages contractor safety, performs risk assessment and industrial hygiene studies, provides insurance coverage, conducts pre and postmedical examinations, administers immunisations as necessary, and maintains a remuneration policy aligned with employee welfare.

The Company has received two prominent global health and safety certifications: ISO 14001 for environmental management systems and ISO 45001 for occupational health and safety management systems.

It has established multiple channels for workers to report work-related hazards and hazardous activities, including near-miss reporting, internal audits, safety committee meetings, and HIRA processes. Safety audits are conducted on a regular basis, with half-yearly intradepartment inspections, yearly audits by an external certification agency, and once every two years by a third-party competent person. There were no major nonconformities specifically identified in these external audits.

### Information Technology

Mankind has implemented an IT governance framework to ensure the effective management and control of its information systems. This framework encompasses various components, including Information Technology General Controls (ITGC) and the Information Security Management System (ISMS). With a dedicated IS Delivery Team comprising over 50 resources spread across multiple locations, Mankind ensures comprehensive coverage of information services, ranging from deskside support to large-scale projects such as ERP implementation and Industry 4.0 initiatives. The Company leverages various frameworks, tools, and security measures to ensure governance effectiveness and mitigate cyber threats.

### Data Privacy and Cybersecurity Measures

The Company has deployed hardware security tools, including firewall protection and Multiprotocol Label Switching (MPLS) and software-defined wide area network (SDWAN) deployment, to secure its entire network infrastructure. Additionally, various security tools, such as endpoint protection, email security, single sign-on, identity management, and antivirus software, are deployed to protect against potential threats. Mankind is considering the implementation of a Data Loss Prevention (DLP) solution as part of its roadmap to further enhance data security.

The Company conducts comprehensive security assessments, including black-box testing, grey-box testing and Vulnerability Assessment and Penetration Testing (VAPT), for critical servers, websites and virtual machines. Mankind also intends to deploy ISO 27001 standards to establish a robust data security framework across its operations.

### **Corporate Social Responsibility**

Mankind is guided by the philosophy of 'Serving Life', which entails offering high-quality products at affordable prices to benefit the society at large.

In keeping with this philosophy, the Company's CSR vision is focused on providing exemplary services to society under the commitment that 'We Are There to Care'.

To achieve its CSR objectives, the Company has identified key areas of focus, which include livelihood enhancement, healthcare and education, among others. The Company has made substantial contributions in its CSR initiatives. These include various livelihood programmes that support the socio-economic upliftment of its local communities and fosters self-reliance and inclusive development. The Company also supports various healthcare projects, which reflect its commitment to improve healthcare access in the communities in which it operates. Further, it recognises the significance of education and its role in shaping a brighter future. Through various initiatives, the Company strives to improve access to quality education, particularly for underprivileged children, enabling them to unlock their full potential and make a meaningful impact on society.

# INR 20 crore

CSR spending in FY23

### **Financial review**

### Consolidated

### Revenue

The total revenue from operations, grew by 12.4% to INR 8,749 crore in FY23 from INR 7,782 crore in FY22. The growth in revenue was primarily due to the growth in our domestic business including the Consumer Healthcare segment.

### EBITDA

EBITDA decreased by approximately 4.5% to INR 1,913 crore for FY23. The decrease has been primarily on account of reduction in Gross margins due to higher API prices,

Statutory Reports

Limited

Mankind

increase in employee cost due to increase in headcount and one-time cost impact due to business integration costs of brand acquisitions during FY22.

### **Employee Cost**

Employee cost increased to INR 1,918 crore in FY23 as compared to INR 1,621 crore in FY22. The increase was mainly due to annual increments given during the year and increase in employee headcount.

### Other expenses

Other expenses increased to INR 2,017 crore in FY23 as compared to INR 1.750 crore in FY22. The increase was mainly due to higher travelling and conveyance expenses and higher legal and professional charges mainly attributable to the payment of certain business transition fees to Panacea Biotec.

### **Depreciation and Amortisation**

Depreciation and amortisation expenses increased to INR 326 crore for FY23 from INR 167 crore for FY22. The increase is primarily due to increase in amortisation of intangible assets, which was mainly attributable to the acquisition of pharmaceutical brands of Panacea Biotec.

### **Finance Cost**

Finance cost decreased from INR 59 crore in FY22 to INR 44 crore in FY23.

### **Financial Performance**

|                                                                   | Stand   | Standalone |         | lidated |

\* Cash EPS is calculated as (Profit for the year attributable to equity holders + Depreciation, Amortisation and Impairment, excluding other operating cash flow items) / Number of Equity Shares

### PBT and PAT

PBT has decreased from INR 1,975 crore in FY22 to INR 1,671 crore in FY23. PAT was at INR 1,310 crore with a margin of 15%.

### Earnings Per Share

Basic and diluted EPS for FY23 stood at INR 32.0 compared to INR 35.8 for FY22. The decrease is primarily due to the reduction in PAT during the year attributable to lower gross margins from higher API prices, higher employee costs and additional costs from the acquisition of pharmaceutical brands of Panacea Biotec.

### Other intangible assets

Other intangible assets decreased to INR 1,701 crore in FY23 from INR 1,843 crore in FY22.

### Cash and cash equivalents

Cash and cash equivalents was at INR 305 crore in FY23 from INR 303 crore in FY22.

### Total non-current liabilities

Total non-current liabilities marked an increase of INR 21 crore to reach INR 229 crore.

### **Key Financial Ratios**

In accordance with the SEBI (Listing Obligations and Disclosure Requirements) (Amendment) Regulations 2018, the Company is required to provide details of significant changes (i.e., changes of 25% or more as compared to the immediately previous financial year) in key financial ratios, along with detailed explanations, therefore, the key financial ratios are given below:

| Ratios (Consolidated)            | FY 2022-23 | FY 2021-22 |
|----------------------------------|------------|------------|
| Debtors Turnover (no. of days)   | 20         | 17         |
| Inventory Turnover (no. of days) | 204        | 222        |
| Interest Coverage Ratio (times)  | 35.7       | 31.4       |
| Current Ratio (times)            | 2.32       | 1.68       |
| Debt Equity Ratio (times)        | 0.02       | 0.1        |
| Operating Profit Margin (%)      | 21.9       | 25.8       |
| Net Profit Margin (%)            | 15         | 18.7       |
| Return on Net Worth (%)          | 17.2       | 23.3       |

Current Ratio: Increase in current ratio in FY23 is due to a decrease in current liabilities primarily owing to a decrease in short-term borrowings.

Debt Equity Ratio: Decrease in Debt Equity Ratio during FY23 is primarily due to decrease in Debt on account of repayment of borrowings.

Return on Net Worth: Decrease in RoNW during FY23 is on account of decrease in Profits attributable to Equity holders of the Parent.

### Outlook

\*Refer Note 49 of Standalone Financial Statement

The operational performance of your Company has been comprehensively discussed in the Management Discussion and Analysis Section, which forms part of this Annual Report.

The standalone, as well as the consolidated financial statements, have been prepared in accordance with the provisions of the Companies Act, 2013 ("the Act"), Indian Accounting Standards ("Ind AS") and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations").

### Financial highlights of the Company for the FY 2022-23 is as under:

• The revenue from operations on standalone basis for FY 2022-23 stood at ₹ 8,12,715.32 Lacs as against ₹ 7,48,622.19 Lacs for FY 2021-22, registering a growth of 8.56%. Whereas the profits for FY 2022-23 stood at ₹ 1,24,339.91 Lacs as against ₹ 1,38,863.05 Lacs for FY 2021-22.

• The revenue from operations on consolidated basis for FY 2022-23 stood at ₹ 8,74,943.30 Lacs as against ₹ 7,78,155.51 Lacs for FY 2021-22, registering a growth of 12.44%. Whereas the profits for FY 2022-23 stood at ₹ 1,30,778.83 Lacs as against ₹ 1,45,390.31 Lacs for FY 2021-22.

The Company is engaged in developing, manufacturing and marketing a diverse range of pharmaceutical formulations across various acute and chronic therapeutic areas, as well as several consumer healthcare products. We are focused on the domestic market, as a result of which our revenue from operations in India contributed to 96.62% of our total revenue from operations for the FY 2022-23. We operate at the intersection of the Indian pharmaceutical formulations and consumer

healthcare sectors with the aim of providing quality products at affordable prices, and have an established track record of building and scaling brands in-house.

### 2. DIVIDEND

Pursuant to Regulation 43A of the SEBI Listing Regulations, the Company has adopted the Dividend Distribution Policy, setting out the broad principles for guiding the Board and the management in matters relating to declaration and distribution of dividend. The Dividend Distribution Policy was amended during the year under review to align with the provisions of SEBI Listing Regulations and the same is available on the website of the Company at https://www. mankindpharma.com/investors-relations/corporategovernance. The Board do not recommend any dividend for the FY 2022-23.

### 3. REVISION OF FINANCIAL STATEMENTS

There was no revision of the financial statements for the year under review. However, for the purpose of IPO, the Company has re-stated the financial statements of preceding three financial years pursuant to the provisions of Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 ("SEBI ICDR Regulations").

### 4. MATERIAL EVENTS

### Initial Public Offering

The equity shares of the Company got listed on Stock Exchanges with effect from May 09, 2023, pursuant to the IPO of the Company by way of an Offer for Sale ("OFS") by some of the existing shareholders.

The issue comprising of OFS by selling shareholders was open for subscription from April 25, 2023 to April 27, 2023. The anchor issue opened on April 24, 2023. The selling shareholders offered 4,00,58,844 Equity Shares of face value ₹ 1 each for cash price of ₹1080 per share including a premium of ₹ 1079 per share aggregating to ₹ 4,32,635.52 Lacs. Your Company completed its IPO successfully with participation of several leading domestic and global institutional investors as well as NRIs, HNIs and retail investors. The Board is gratified and humbled by the faith shown in the Company by its Members. The Board also places on record its appreciation for the support provided by various Authorities, BRLMs, Stock Exchanges, Depositories, Counsels, Consultants, Auditors and Employees of the Company for making the maiden IPO of the Company a grand success.

The Company received listing and trading approvals from BSE and NSE on May 08, 2023. The equity shares were listed on the Stock Exchanges on May 09, 2023. As the IPO was through an Offer for Sale of Equity Shares, the Company was not required to appoint a monitoring agency for this Offer and accordingly the statement of deviations or variations under regulation 32 of SEBI Listing Regulations is not required to be provided by the Company.

### 5. MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Pursuant to Regulation 34 of the SEBI Listing Regulations, the Management Discussion and Analysis Report ("MD&A") for the FY 2022-23, has been presented in a separate section forming part of this Annual Report.

### 6. BUSINESS RESPONSIBILITY & SUSTAINABILITY REPORT

The Business Responsibility & Sustainability Report ("BRSR"), for the FY 2022-23, has been presented in a separate section forming part of this Annual Report.

### 7. EMPLOYEES STOCK OPTION PLAN

The Company has adopted Mankind Employees Stock Option Plan 2022 ("ESOP Plan") to attract, retain and motivate key talent by way of rewarding their high performance and motivate them to contribute to the overall corporate growth and profitability. The Company views Options as a long-term incentive tool that would enable the employees not only to become co-owners, but also to create wealth out of such ownership in future.

The Company adopted ESOP Plan pursuant to approval of the Board and Members vide their respective resolutions dated July 19, 2022 and August 09, 2022. Pursuant to the provisions of the Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 ("SEBI ESOP Regulations"), the pre-IPO ESOP Plan is required to be ratified by the Members of the Company subsequent to the IPO. The Board of Directors of the Company in their meeting held on August 2, 2023 have recommended the ratification of ESOP Plan 2022. The ESOP Plan is in compliance with the SEBI ESOP Regulations. Certificate from M/s Dayal & Maur, Company Secretaries, Secretarial Auditor of the Company certifying that the pre-IPO ESOP Plan has been implemented in accordance with SEBI ESOP Regulations and the resolution(s) proposed to be passed by the Members of the Company in the ensuing AGM will be available for inspection by the Members during the AGM.

The disclosure as mandated under the SEBI ESOP Regulations is available on website of the Company at https://www.mankindpharma.com/investorsrelations/annual-report.

for the ESOP Plan is as follows;

| Sr.<br>No. | Particulars                                                          | Det               |

### 8. CORPORATE GOVERNANCE REPORT

The Company is committed to maintain the highest standards of Corporate Governance and adhere to the Corporate Governance requirements set out by the Securities and Exchange Board of India. The Report on Corporate Governance as stipulated under the SEBI Listing Regulations forms part of this Annual Report. A certificate from M/s Dayal & Maur, Company Secretaries, confirming compliance with corporate governance norms, as stipulated under the SEBI Listing Regulations, is annexed to the Corporate Governance Report.

### 9. SHARE CAPITAL

### a) Status of Shares

As the Members are aware, the equity shares of the Company were listed on the Stock Exchanges on May 09, 2023 and the Company's shares are compulsorily tradable in electronic form. As on March 31, 2023 and as on the date of this report, entire (i.e. 100%) paid up capital representing 40,05,88,440 Equity Shares are in dematerialized form.

### b) Authorized Share Capital

Pursuant to the amalgamation of our erstwhile wholly owned subsidiaries. Lifestar Pharma Private Limited ("Lifestar") and Magnet Labs Private Limited ("Magnet") with our Company, the authorized share capital of Lifestar and Magnet was consolidated with our Company. Accordingly, the Clause V of the Memorandum of Association was amended to reflect an increase in the authorized share capital from ₹ 41,00,00,000 divided into 41,00,00,000 Equity Shares of ₹ 1 each to ₹ 41,35,00,000 divided into 41,35,00,000 Equity Shares of ₹ 1 each. Details of the amalgamation of Lifestar and Magnet with the Company is further explained under the 'Subsidiaries, Associates and Joint Ventures' section of this report.

### 10. PARTICULARS OF LOANS, GUARANTEES AND INVESTMENTS

The loans given, investments made and guarantee given and securities provided under section 186 of the Act forms part of the Note No. 42 of the Standalone Financial Statements which forms part of the Annual Report.

### **11. ANNUAL RETURN**

The Annual Return of the Company in form MGT-7 as required under Section 92 and Section 134 of the Act read with Rule 12 of the Companies (Management and Administration) Rules, 2014 is available on the website of the Company at <u>https://www.mankindpharma.com/</u> <u>investors-relations/annual-report</u>

### 12. VIGIL MECHANISM / WHISTLE BLOWER POLICY

The Board of Directors have adopted Vigil Mechanism Policy. The Vigil Mechanism Policy aims for conducting the affairs of the Company in a fair and transparent manner by adopting highest standards of professionalism, honesty, integrity and ethical behaviour.

A mechanism has been established for stakeholders to report concerns about unethical behaviour, actual or suspected fraud or violation of Code of Conduct and Ethics. It also provides for adequate safeguards against the victimization of stakeholders who avail of the mechanism and allows direct access to Chairperson of the audit committee in exceptional cases.

Employees have numerous ways to voice their concerns and are encouraged to report the same internally for resolution. The said Policy provides for adequate safeguards against retaliation and access to the Audit Committee. The policy is uploaded on the Company's website at <u>https://www.mankindpharma.</u> <u>com/investors-relations/corporate-governance</u>

### 13. DIRECTORS' RESPONSIBILITY STATEMENT

Pursuant to Section 134(5) of the Act, your Directors state that:

- a) in the preparation of the Annual Accounts for the year ended March 31, 2023, the applicable accounting standards have been followed and there are no material departures from the same;
- b) they have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company as at March 31, 2023 and of the profits of the Company for the year ended on that date;
- c) they have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Act, for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
- d) they have prepared the Annual Accounts of the Company on a going concern basis;
- e) they have laid down adequate internal financial controls to be followed by the Company and that such internal financial controls are adequate and operating effectively;

 f) they have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems are adequate and operating effectively.

# 14. SUBSIDIARY, ASSOCIATE AND JOINT VENTURE COMPANIES

### a) Acquisitions

During the FY 2022-23, the Company acquired 90% shareholding of Upakarma Ayurveda Private Limited ("Upakarma Ayurveda") through Mankind Life Sciences Private Limited, wholly owned subsidiary of the Company, pursuant to which Upakarma Ayurveda became a step down subsidiary of the Company. Upakarma is an ayurvedic Health and Wellness startup operating as marketer of ayurvedic products.

Further, during the year the Company also acquired 100% shareholding of Mankind Agritech Private Limited ("Mankind Agritech"), pursuant to which Mankind Agritech became wholly owned subsidiary of the Company. Mankind Agritech is engaged in agritech business landscape which includes agrochemicals (crop protection, crop nutrition and surfactants), seeds, biologicals, equipment, spraying technology, micro irrigation and farmer advisories.

The Company also acquired minority stake of 6.30% in Actimed Therapeutics Limited, United Kingdom ("Actimed"). As on the date of this report the Company owns 7.50% in Actimed which is a clinical stage biopharmaceutical company working on the treatment of cancer cachexia, amyotrophic lateral sclerosis (ALS) and other muscle wasting disorders.

### b) Amalgamation

Pursuant to order dated March 02, 2023, read with addendum order dated March 21, 2023, the National Company Law Tribunal, Delhi ("NCLT Delhi") approved the scheme of amalgamation dated June 22, 2021 ("Amalgamation Scheme") under Sections 230 to 232 of the Act, for the amalgamation of our erstwhile wholly owned subsidiaries, Lifestar and Magnet with the Company.

The effective date of the Amalgamation Scheme is March 30, 2023 ("Effective Date").The Amalgamation Scheme was made effective from April 01, 2021 ("Appointed Date"), from which date the entire business undertaking of Lifestar and Magnet, inter alia, properties, assets (both immovable and movable), investment, business book and records, which are capable of being transferred by actual and/or constructive delivery Statutory

of possession, contracts, employees, clearances received from approving authorities and liabilities stood transferred to our Company.

# c) Details of Subsidiaries, Associates and Joint Ventures

Your Company had 32 subsidiaries (direct and indirect including Limited Liability Partnerships and Partnership Firms), 3 joint ventures and 5 associates as on March 31, 2023.

Pursuant to Section 129(3) of the Act read with Rule 5 of the Companies (Accounts) Rules, 2014, a statement containing the salient features of the financial statement of the subsidiary and associate in Form AOC-1 is forming part of the Consolidated Financial Statements which forms part of this Annual Report. The Consolidated Financial Statements presented in this Annual Report include financial results of the subsidiary and associate companies. Further, contribution of subsidiaries, associates and joint ventures to the overall performance of your Company is outlined in Note No. 51 of the Consolidated Financial Statements.

In accordance with Section 136 of the Act and the SEBI Listing Regulations, copies of the standalone and consolidated financial statements of the Company and the financial statements of the subsidiary companies are available on the Company's website <u>www.mankindpharma.com</u>. During FY 2022-23, Lifestar was identified as a material subsidiary pursuant to the provision of SEBI ICDR Regulations. However, since Lifestar was amalgamated with the Company during FY 2022-23, the Company did not have any material subsidiaries as on March 31, 2023.

# 15. DIRECTORS AND KEY MANAGERIAL PERSONNEL

As on March 31, 2023, your Company's Board had ten Board Members comprising of four Executive Directors, one Non-executive Non-independent Director and five Non-executive independent Directors including one woman Director. The details of Board and Committees composition, tenure of Directors, areas of expertise and other details are available in the Corporate Governance Report, which forms part of this Annual Report.

Change in the composition of the Board of Directors and Key Managerial Personnel during the FY 2022-23 and upto the date of this report:

a) Mr. Pradeep Chugh, Company Secretary of the Company was appointed as the Compliance Officer of the Company w.e.f. July 19, 2022

- b) Mrs. Prabha Arora (DIN: 00283527), Nonexecutive Director, resigned from the position of Director of the Company w.e.f. August 01, 2022.
- c) Mr. Vivek Kalra (DIN: 00426240) was appointed as Independent Director of the Company who shall hold the office for a term of five years commencing on August 01, 2022. Mr. Vivek Kalra is not liable to retire by rotation.
- d) Ms. Vijaya Sampath (DIN: 00641110) was appointed as Independent Director of the Company who shall hold the office for a term of five years commencing on August 01, 2022. Ms. Vijaya Sampath is not liable to retire by rotation.
- e) Mr. Tilokchand Punamchand Ostwal ("Mr. T. P. Ostwal") (DIN: 00821268) was appointed as Independent Director of the Company for second term of five consecutive years w.e.f. January 01, 2023, not liable to retire by rotation. His first term as Independent Director completed on December 31, 2022.
- f) Mr. Arjun Juneja, Chief Operating Officer of the Company was designated as the Key Managerial Personnel of the Company w.e.f. March 17, 2023.
- g) Mr. Leonard Lee Kim (DIN: 07379167), Non-executive Director, resigned from the position of Director of the Company w.e.f. May 09, 2023. Consequent to his resignation, Mr. Adheraj Singh, Alternate Director to Mr. Leonard Lee Kim also resigned w.e.f. May 09, 2023.
- h) Mr. Ramesh Juneja (DIN: 00283399), Chairman and Whole-time Director of the Company is proposed to be re-appointed as Chairman and Whole-time Director of the Company w.e.f. May 15, 2024 for a period of 5 years. His office shall be liable to retire by rotation and his re-appointment is subject to the approval of the Members in ensuing Annual General Meeting ("AGM").
- Mr. Rajeev Juneja (DIN: 00283481), Vice Chairman and Managing Director of the Company is proposed to be re-appointed as Vice Chairman and Managing Director of the Company w.e.f. May 15, 2024 for a period of 5 years. His office shall be liable to retire by rotation and his reappointment is subject to the approval of the Members in ensuing AGM.
- j) Mr. Sheetal Arora (DIN: 00704292), Chief Executive Officer and Whole-time Director of the Company is proposed to be re-appointed as Chief Executive Officer and Whole-time Director of the Company w.e.f. May 15, 2024 for a period of 5 years. His office shall be liable to retire by rotation and his re-appointment is subject to the approval of the Members in ensuing AGM.

Mrs. Prabha Arora, Non-executive Director resigned from the Board on her own accord due to personal exigencies. Mr. Leonard Lee Kim was nominee of Cairnhill CIPEF Limited ("CIPEF") and Cairnhill CGPE Limited ("CGPE") on the Board of the Company pursuant to the erstwhile Shareholders Agreement. Upon listing of equity shares on the Stock Exchanges, the above referred Shareholders Agreement of the Company stands terminated. Accordingly, Mr. Leonard Lee Kim, a director representing CIPEF and CGPE on the Board of the Company resigned with effect from May 09, 2023. Consequent to his resignation, Mr. Adheraj Singh, Alternate Director to Mr. Leonard Lee Kim also resigned w.e.f. May 09, 2023. The Board places on record its appreciation for Mrs. Prabha Arora, Mr. Leonard Lee Kim and Mr. Adheraj Singh for their invaluable contribution and guidance during their tenure.

The term of office of Mr. Ramesh Juneja, Chairman and Whole-time Director, Mr. Rajeev Juneja, Vice Chairman and Managing Director and Mr. Sheetal Arora, Chief Executive Officer and Whole-time Director is completing on May 14, 2024. Pursuant to the provisions of the Act and SEBI Listing Regulations, the Board on the recommendations of the Nomination and Remuneration Committee recommended their re-appointment for a period of 5 Years w.e.f. May 15, 2024.

In the opinion of the Board, all the directors, as well as the directors appointed / re-appointed during the year and proposed to be appointed / re-appointed possess the requisite qualifications, skills, experience and expertise and hold high standards of integrity.

### Directors retiring by rotation

In accordance with the provisions of Section 152 of the Act, read with rules made thereunder and Articles of Association of the Company, Mr. Rajeev Juneja (DIN: 00283481) being longest in the office from the date of his last re-appointment shall retire by rotation at the forthcoming AGM and being eligible, offers himself for re-appointment. The Board of Directors on the recommendation of the Nomination and Remuneration Committee ("NRC") has recommended his re-appointment.

### 16. COMMITTEES OF BOARD AND NUMBER OF MEETINGS OF THE BOARD AND BOARD COMMITTEES

During the year under review and pursuant to the SEBI Listing Regulations, the Board had reconstituted certain existing committees and constituted certain new Committees and amended / adopted the terms of reference of the said Committees.

As on the date of this report the Board has the following committees:

- (i) Audit Committee
- (ii) Nomination and Remuneration Committee
- (iii) Stakeholders' Relationship Committee
- (iv) Risk Management Committee
- (v) Corporate Social Responsibility Committee

The QIPO Committee was constituted specifically for the purpose of IPO. Pursuant to the listing of equity shares of the Company on the Stock Exchanges, the IPO related matters had concluded and therefore the QIPO Committee was dissolved w.e.f. May 30, 2023.

The Merger Committee was constituted to consider and approve the matters related to amalgamation of Lifestar and Magnet with the Company. The matters related to amalgamation of Lifestar and Magnet with the Company had concluded pursuant to the sanctioning of the scheme of amalgamation by the National Company Law Tribunal in March 2023 and therefore, the Merger Committees was dissolved w.e.f. May 30, 2023.

All the recommendations made by the Board Committees including the Audit Committee, were accepted by the Board.

The Board of Directors met 8 (Eight) times during the year under review. The details of meetings of

Board and Committees and the attendance thereto and composition of Committees are provided in the Corporate Governance Report, which forms part of this Annual Report.

### **17. INDEPENDENT DIRECTORS' MEETING**

The Independent Directors met on March 17, 2023 without the attendance of Non-Independent Directors and members of the management. The Independent Directors reviewed the performance of Non-Independent Directors, the Committees and the Board as a whole along with the performance of the Chairman of the Company, taking into account the views of Executive Directors and assessed the quality, quantity and timeliness of flow of information between the management and the Board that is necessary for the Board to effectively and reasonably perform their duties.

A note on the familiarisation programme for orientation and training of the Directors undertaken in compliance with the provisions of the Act and the SEBI Listing Regulations is provided in the Corporate Governance Report, which forms part of the Annual Report.

### 18. DECLARATION FROM INDEPENDENT DIRECTORS

The Company has received declarations from Mr. Surendra Lunia, Mr. T. P. Ostwal, Mr. Bharat Anand, Ms. Vijaya Sampath and Mr. Vivek Kalra, Independent Directors of the Company to the effect that they are meeting the criteria of independence as provided in Sub-Section (6) of Section 149 of the Act including compliance of relevant provisions of the Companies (Appointment and Qualifications of Directors) Rules, 2014 and Regulation 25 of SEBI Listing Regulations.

The Independent Directors have also confirmed that they have complied with Schedule IV of the Act and the Company's Code of Conduct. In terms of Regulation 25(8) of the SEBI Listing Regulations, the Independent Directors have confirmed that they are not aware of any circumstance or situation, which exists or may be reasonably anticipated, that could impair or impact their ability to discharge their duties with an objective independent judgement and without any external influence.

The Board is of the opinion that the Independent Directors of the Company possess requisite qualifications, skills, experience and expertise and they hold highest standards of integrity (including the proficiency) and fulfils the conditions specified in the Act and SEBI Listing Regulations and are independent of the management.

### **19. BOARD EVALUATION**

The Board adopted a formal mechanism for evaluating its performance and as well as that of its Committees and individual Directors, including the Chairman of the Board. The exercise was carried out annually through a structured evaluation process covering various aspects of the Boards functioning such as composition of the Board and Committees, experience and competencies, performance of specific duties and obligations, contribution at the meetings and otherwise, independent judgment, governance issues etc.

### 20. NOMINATION AND REMUNERATION POLICY

The Board has framed and adopted a Nomination and Remuneration Policy ("NRC Policy") in terms of the Section 178 of the Act. The NRC Policy, inter-alia, lays down the principles relating to appointment, cessation, remuneration and evaluation of Directors, Key Managerial Personnel and Senior Management employees and other matters as provided under Section 178 of the Act. The NRC Policy was amended during the year under review to align with the provisions of SEBI Listing Regulations. The remuneration paid to the Directors is as per the terms laid out in the NRC Policy of the Company.

### The salient features of the NRC Policy are as follows:

- To formulate the criteria for determining qualification, competencies, positive attributes and independence for appointment of Directors (Executive and Non-executive) and persons who may be appointed in Senior Management, Key Managerial positions and recommend to the Board policies relating to the remuneration for the Directors, Key Managerial Personnel, Senior Management and other employees;
- To lay down criteria for appointment, removal of Directors, Key Managerial Personnel and Senior Management;
- To recommend the remuneration of Directors, Key Managerial Personnel (KMP), and Senior Management of the Company involves a balance between fixed and incentive pay reflecting short and long-term performance objectives appropriate to the working of the Company and its goals; and
- To specify the manner for effective evaluation of performance of Board, its committees and individual directors and review its implementation and compliance.

The NRC Policy is available on the website of the Company at <a href="https://www.mankindpharma.com/">https://www.mankindpharma.com/</a> investors-relations/corporate-governance.

### 21. INTERNAL FINANCIAL CONTROLS SYSTEM AND THEIR ADEQUACY

The Company has laid down adequate internal financial controls commensurate with the scale, size and nature of the business of the Company. The Company has in place adequate policies and procedures for ensuring the orderly and effective control of its business, including adherence to the Company's policies, safeguarding its assets, prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial disclosures. Effectiveness of internal financial controls is ensured through management reviews, controlled self-assessment and independent testing by the internal auditor.

### 22. RISK MANAGEMENT

The Board had constituted the Risk Management Committee. The composition of Risk Management Committee and number of meetings held are given in the Corporate Governance Report, forming part of the Annual Report. Further, pursuant to Section 134(3)(n) of the Act and Regulation 17(9) of SEBI Listing Regulations, the Company has formulated and adopted the Risk Management Policy inter-alia including the details/ process about identification of elements of risks of any, Which in the opinion of the Board may threaten the existence of the Company.

The aforesaid Risk Management Policy establishes the philosophy of the Company towards risk identification, analysis and prioritization of risks, development of risk mitigation plans and reporting on the risk environment of the Company. This Risk Management Policy is applicable to all the functions, departments and geographical locations of the Company. The purpose of this policy is to define, design and implement a risk management framework across the Company to identify, assess, manage and monitor risks. Aligned to this, purpose is also to identify potential events that may affect the Company and manage the risk within the risk appetite and provide reasonable assurance regarding the achievement of the Company's objectives.

### 23. TRANSACTIONS WITH RELATED PARTIES

In line with the requirements of the Act and SEBI Listing Regulations, the Company has formulated a Policy on Related Party Transactions, which is available on the website of the Company at <u>https://</u> www.mankindpharma.com/investors-relations/ corporate-governance

All contracts, arrangements and transactions entered by the Company with related parties during FY 202223 were in the ordinary course of business and on an arm's length basis. During the year, the Company did not enter into any transaction, contract or arrangement with related parties, which could be considered material, in accordance with the Company's Policy on dealing with Related Party Transactions ("RPT Policy"). Accordingly, the disclosure of related party transactions in Form AOC-2 is not applicable.

All applicable related party transactions were presented before the Audit Committee/Board. The disclosure on related party transactions as per Ind AS-24 has been provided under Note No. 42 of the standalone financial statements and Note No. 43 of the consolidated financial statements.

## Form No. MR-3 SECRETARIAL AUDIT REPORT FOR THE FINANCIAL YEAR ENDED 31<sup>st</sup> MARCH 2023

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

### To, The Members, Mankind Pharma Limited 208, Okhla Industrial Estate, Phase-III, New Delhi-110020

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Mankind Pharma Limited (hereinafter called the company). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of Mankind Pharma Limited's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the company has, during the audit period covering the financial year ended on 31<sup>st</sup> March, 2023 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by Mankind Pharma Limited for the financial year ended on 31<sup>st</sup> March, 2023 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made there under;
- (ii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iii) Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment and Overseas Direct Investment.
- (iv) The Securities Contract (Regulation) Act, 1956 ('SCRA') and the rules made there under;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):

- (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
- b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992;
- c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 and amendments from time to time;
- d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 and The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021; (Not applicable to the Company during the audit period)
- e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008; (Not applicable to the Company during the audit period)
- f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
- g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; (Not applicable to the Company during the audit period) and
- h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998; (Not applicable to the Company during the audit period)

We have also verified the compliances of the Company with the other statutes, which are specifically applicable to the Company, as reported by the management thereof, except to the extent the same were in the scope of work of the Statutory Auditors and / or Internal Auditors. We have also examined compliance with the applicable clauses of the following:

- i) Secretarial Standards issued by The Institute of Company Secretaries of India.
- ii) SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015
- We further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance except in four cases where the meetings were convened on a shorter notice with the approval of directors, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting members' views, if any, are captured and recorded as part of the minutes.

We further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

# DETAILS OF CONSERVATION OF ENERGY, TECHNOLOGY **ABSORPTION, FOREIGN EXCHANGE EARNINGS AND OUTGO**

### a. Conservation of Energy

In line with Company's Energy Conservation Policy, core values and commitment to achieve energy excellence, continuous stimulated efforts are being made to maximize the energy efficiency, optimize the consumption and wastage reduction with innovative strategic solutions to build a sustainable future for the society. System is established to continuously monitor the horizontal implementation.

### **#** Steps taken by the company for utilizing alternate sources of energy:

- renewable energy utilization.
- Roof-top solar power generation plant installed at Unit-2 for a capacity of 100 kWp.

### **#** Steps taken or impact on conservation of energy:

Well-structured energy conservation programs are executed horizontally and strategically implemented contributing to sustainable savings of over INR 60 Million and equivalent carbon footprint reduction of 5300 MT.

- Unit 1 at Paonta Sahib, Himachal Pradesh
  - sensor installed in cooling tower fan motor to modulate as per thermal demand.
  - transmission losses and efficiently catering to the variable demand.
  - → 2 Nos. of Low efficient Screw Chillers replaced with Common Centrifugal chiller with high COP.
  - → EC blowers installed instead of belt/plug fans in 3 AHUs consuming power more than 30KWs.
  - → Automatic Level control provided in 6 Nos. day storage HSD tanks with Alarm facility.
  - vear.
- Unit 2 at Paonta Sahib. Himachal Pradesh
  - electrical savings of 970 MWh.
  - introduced to maintain variable T/RH demand in AHUs.
  - → Variable frequency drive provided to 10 Nos. utility circulation pumps, catering to variable loads.
  - → 5 Nos. Cooling tower Metallic fan blade to be replaced with FRP blade to reduce energy cost.
- Unit 3 at Paonta Sahib, Himachal Pradesh
  - controlling and predictive maintenance.
  - AHUs.

Place: New Delhi Date: August 2, 2023 101

Annexure B

 Further, to the existing utilization of solar power at our manufacturing units, 150 kWp roof-top solar generation plant is commissioned at newly built Central Warehouse at Unit-3, generating around 193 MWh electricity and achieving an equivalent carbon footprint reduction of 77.2 MT. This has significantly contributed towards

→ 6 Nos. Cooling tower Metallic fan blade replaced with FRP blade to reduce energy cost. Also, temperature

→ Conventional, Low efficiency Pumps (6 Nos.) replaced with highly efficient Centrifugal Pumps with variable frequency drive installed to cater variable loads. Also, utility distribution piping replaced to minimize the

➔ Performance improvement of existing roof-top solar power generation system by over 3% from last financial

→ Steam Heating Coils installed in AHUs replacing conventional electrical heaters catering to equivalent

→ EC motors installed instead of belt/plug motors in 4 AHUs consuming more than 30KWs. Also, Control valves

→ Implemented industrial Internet of things (IOT) based system over 22 utility motors for real time monitoring,

→ Variable Frequency Drive installed in HVAC system. Also, EC blower installed instead of belt/plug motors in

- → Temperature sensor installed in cooling tower fan motor to modulate as per thermal demand.
- → Condensate recovery system installed in block B for directly adding recovered condensate into the feed water tank of boiler.
- → Variable frequency drive provided to Utility circulation pumps, catering to variable loads.
- → Energy Efficient Chiller with higher COP installed for central warehouse.
- → Uninterrupted power management for critical operation with UPS instead of DG catering to equivalent electrical savings of 1430 MWh.

### Plant at South Sikkim, Sikkim •

- ➔ Fuel for steam generation altered to LDO from HSD catering to equivalent savings of INR 6.2 Million.
- → ATC installed in our existing chiller to reduced descaling of condenser.
- → Variable Frequency Drive installed in air compressor, ETP, chilled water & hot water, cooling tower pumps, AHU motors.
- → Steam condensate recovery improvement to 65% from existing 30%.
- → High efficiency chillers are introduced to cater additional loads.
- → Saving on increase in steam to fuel efficiency and DG efficiency.
- Head Office at New Delhi ٠
  - → GRC panels used in façade design at New HO building as second skin to reduce the solar gain contributing to optimization of chiller load.

### **#** The capital investment on energy conservation equipment:

Other than Investment for new efficient systems, overall INR 32.5 Million are exclusively invested across all sites for Energy Conservation Measures.

### b. Technology Absorption

| (i) | the efforts made towards<br>technology absorption | <ul> <li>Advance Equipment's and cutting edge technologies to enhance product quality, better efficiencies:</li> <li>1. KORSCH (Germany) make compression machine installed in OSD facility of Unit-3, Paonta Sahib.</li> <li>2. Conventional cooling towers fans are replaced with energy efficient FRP fans.</li> <li>5. Advance quality control equipment installed during the year such, Stability chambers, HPLCs, Cooling Chambers, Automated product defect detection system, Liquid chromatography, Raman spectroscopes, TOC analysers are commissioned across various sites.</li> <li>6. QR code based authentication piloted at various plants for primary pack at strip level for some our big brands.</li> <li>7. IoT based predictive maintenance to monitor health of the equipment's are installed for critical equipment's at Unit-3, Paonta Sahib.</li> <li>8. Automated solvent transfer system from storage point to point of use is installed at Unit-2, Paonta Sahib.</li> <li>9. Advance steam traps and condensate recovery system installed to improve steam distribution and prevent losses across various sites.</li> <li>10. Groninger make filling line installed at Unit-3, Paonta sahib for our ophthalmic products.</li> </ul> |

### c. Foreign Exchange Earnings & Outgo during the FY 2022-23

Foreign Exchange Earnings : ₹ 17,951.98 Lacs

Foreign Exchange Outgo : ₹ 8,706.75 Lacs

Date : August 2, 2023 Place : New Delhi

- st saving is from process efficiency improvement, yield er overhead reductions from above technologies.
- nhanced and our time to market has reduced due to time.
- nergy consumption has been achieved during the year. ally reduced for some of the products due to shifting from on.
- is increased by 8% during the year for selected sites.
- son has increased by 8% for our selected sites such as Sahib and Sikkim plant from above interventions.
- luced by 18% cumulatively from our API at Shree Jee arious initiatives such SRP, process improvement, yield

t three years reckoned from the beginning of the financial

- Granulations at Unit -3, Paonta Sahib.
- compression machine installed in OSD facility (Germany) ahib.
- ock B tablet packaging (Taiwan) at Unit-3, Paonta Sahib. iquid Chromatography - 10Nos. (Japan) at Sikkim plant.
- e at Sikkim plant.
- Metrohm at Sikkim plant.
- at Sikkim plant.
- Granulations- 01 Set at Sikkim plant.
- compression machine installed in OSD facility (Germany)

in QC micro-01 at Sikkim plant. in B-02-02 Water system.GE-01 at Sikkim plant.

For and on behalf of the Board of Mankind Pharma Limited

Ramesh Juneja Chairman & Whole-time Director DIN: 00283399

Rajeev Juneja Vice Chairman & Managing Director DIN: 00283481

# **CORPORATE GOVERNANCE REPORT**

To comply with Regulation 34 read with Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI Listing Regulations'), the report containing details of Corporate Governance of Mankind Pharma Limited ('the Company'/ 'Mankind') is as follows:

### COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

Corporate Governance is creation and enhancing long term sustainable value for the stakeholders through ethically driven business process. Corporate Governance is all about maintaining a valuable relationship and trust with all stakeholders. We consider stakeholders as partners in our success and we remain committed towards maximizing stakeholders' value, be it shareholders, employees, suppliers, customers, investors, communities or policy makers.

### The Corporate Governance framework of the Company is based on the following broad practices:

- i. Engaging a diverse and highly professional, experienced and competent Board of Directors ("Board") with versatile expertise in industry, finance, management and law.
- ii. Adoption and implementation of fair, transparent and robust systems, processes, policies and procedures.
- iii. Making high level of disclosures for dissemination of corporate, financial and operational information to all its stakeholders.
- iv. Having strong systems and processes to ensure full and timely compliance with all legal and regulatory requirements and zero tolerance for non-compliance.

### BOARD OF DIRECTORS

The present strength of the Board reflects judicious mix of professionalism, competence and sound knowledge which enables the Board to provide effective leadership to the Company.

As on March 31, 2023 the Board comprised of 4 (four) Executive Directors, 5 (five) Non-executive Independent Directors including 1 (one) Woman Director and 1 (one) Non-executive Non-Independent Director, which is compliant with the requirements of the Companies Act, 2013 ("the Act") and SEBI Listing Regulations, and is also in line with the best practices of corporate governance. Composition of Board of Directors as at March 31, 2023 is given below:

| Category of<br>Directors | Designation                                        | Name of the Directors   | Inter-se Relationship between<br>Directors                           |  |  |

|         |                    | Sandhar Technologies Limited      | Non-executive & Independent Director |

### Familiarisation programme for Independent Directors

Mankind has a robust induction process to familiarise the Independent Directors with the Company, their roles, rights, responsibilities in the Company, nature of the industry in which the Company operates, the business model of the Company and other relevant information, through various programmes and at regular intervals. The directors are made aware of their roles and duties at the time of their appointment/re-appointment through a formal letter of appointment which also stipulates other terms and conditions of their appointment.

Details of the familiarisation programme for the independent directors are uploaded on the Company's website at <u>https://www.mankindpharma.com/investors-relations/disclosure-under-regulation-46-of-sebi-lodr</u>.

In the opinion of the Board, all the Independent Directors fulfil the conditions specified in the SEBI Listing Regulations and are independent of the management. None of the Independent Directors resigned during the FY 2022-23.

### **BOARD COMMITTEES**

The Board Committees play a vital role in strengthening the Corporate Governance practices of the Company. The Board Committees are set up under formal approval of the Board to carry out clearly defined roles which are aligned with the provisions of the Act and SEBI Listing Regulations.

The Board has constituted various Committees to focus on specific areas and make informed decisions within the authority delegated to each such Committee. Each Committee of the Board is guided by its terms of reference, which defines the scope, powers and composition of the Committee. All decisions and recommendations of the Committees are placed before the Board for its information or approval. During the FY 2022-23, the Board has accepted all the recommendations of its Committees.

As required under Schedule V of the SEBI Listing Regulations, mandatory disclosure(s) related to the Committees of the Company are as follows:

### (i) Audit Committee

As on March 31, 2023, Audit Committee comprised 4 (four) Directors out of whom 3 (three) were Non-executive Independent Directors and 1 (one) was Non-executive Non Independent Director. ### **OTHER DISCLOSURES**

### (a) Related Party Transactions

All Related-Party contracts or arrangements or transactions entered during the year were on arm's length basis and in the ordinary course of business and not material in nature as well as in compliance with the applicable provisions of the Act/ Regulations. None of the contracts or arrangement or transactions with any of the Related Parties were in conflict with the interest of your Company.

Details of related party transactions entered into by your Company, in terms of Ind AS-24 have been disclosed in the Note No. 42 and 43 of the respective standalone and consolidated financial statements of the Company forming part of this Annual Report. The policy on Materiality of Related Party Transactions and on dealing with Related Party Transactions is uploaded on the Company's website at <a href="https://www.mankindpharma.com/investors-relations/corporate-governance">https://www.mankindpharma.com/investors-relations/</a> corporate-governance

### (b) Details of capital market non-compliance, if any

There is no non-compliance on any matter related to capital markets, during the last three years.

### (c) Vigil Mechanism

The Board of Directors have adopted Vigil Mechanism Policy. The Vigil Mechanism Policy aims for conducting the affairs of the Company in a fair and transparent manner by adopting highest standards of professionalism, honesty, integrity and ethical behaviour.

A mechanism has been established for stakeholders to report concerns about unethical behaviour, actual or suspected fraud or violation of Code of Conduct and Ethics. It also provides for adequate safeguards against the victimization of stakeholders who avail of the mechanism and allows direct access to Chairperson of the Audit Committee.

Stakeholders have numerous ways to voice their concerns and are encouraged to report the same internally for resolution. The said Policy provides for adequate safeguards against retaliation and access to the Audit Committee. The policy is uploaded on the Company's website at <a href="https://www.mankindpharma.com/investors-relations/corporate-governance">https://www.mankindpharma.com/investors-relations/corporate-governance</a>

### (d) Compliance with mandatory and discretionary requirements

The Company is complying with all applicable provisions of SEBI Listing Regulations including regulations 17 to 27 and 46. The Company has complied with following discretionary requirements under regulation 27(1) of the Listing Regulations

- i) The auditors have issued an unmodified opinion on the Standalone and Consolidated financial statements of the Company for the Financial Year 2022-23;
- ii) The Internal Auditor of your Company directly reports to the Audit Committee.

Further, On the basis of declarations received from Board Members and Senior Management Personnel, the Whole-time Director and Chief Executive Officer has given a declaration that the Members of the Board and Senior Management Personnel have affirmed compliance with the Code of Conduct for Directors and The Senior Management during the Financial Year 2022-23. A copy of such declaration is enclosed as Annexure I with this report.

Compliance of the conditions of Corporate Governance have also been audited by M/s Dayal & Maur, Company Secretary in practice and after being satisfied of the above compliances, they have issued a compliance certificate in this respect pursuant to Schedule V of the SEBI Listing Regulations. The said certificate is enclosed as Annexure II to this report.

# (e) Details of utilization of funds raised through preferential allotment or qualified institutions placement as specified under Regulation 32 (7A) of the SEBI Listing Regulations

During the financial year 2022-23, there were no funds raised through preferential allotment or qualified institutions placement as specified under Regulation 32(7A) of the SEBI Listing Regulations.

### (f) Certificate from Company Secretary in Practice regarding Non-disqualification of Directors

None of the Directors on the Board of the Company have been debarred or disqualified from appointment or continuing as Directors of companies by the Securities and Exchange Board of India, Ministry of Corporate Affairs or any such other Statutory Authority, as stipulated under Regulation 34 of the SEBI Listing Regulations and certificate in this respect received from an M/s Dayal & Maur, Company Secretary in practice is enclosed as Annexure III to this report.

### (g) Consolidated fees paid to joint statutory auditors

Total fees for all services paid by the Company and its subsidiaries on a consolidated basis to the Joint Statutory Auditors and all the entities in the network firm/network entity of which Joint Statutory Auditors is a part are provided in Note No 36 to the consolidated financial statements.

# (h) Disclosures as per the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) act, 2013

Disclosure in relation to the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 forms part of the Board's Report. During the year under review, no complaint was received under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.

# (i) Details of material subsidiaries of the listed entity; including the date and place of incorporation and the name and date of appointment of the statutory auditors of such subsidiaries

During FY 2022-23, Lifestar Pharma Private Limited ("Lifestar") was identified as a material subsidiary pursuant to the provision of SEBI ICDR Regulations. However, since Lifestar was amalgamated with the Company during FY 2022-23, the Company did not have any material subsidiaries as on March 31, 2023. The policy for determining Material Subsidiaries is uploaded on the Company's website at <a href="https://www.mankindpharma.com/investors-relations/corporate-governance">https://www.mankindpharma.com/investors-relations/corporate-governance</a>

### (j) Compliances under Clause C of Schedule V of SEBI Listing Regulations

The Company has complied with the requirement of Corporate Governance Report as mentioned in sub paras (2) to (10) of Schedule V of the SEBI Listing Regulations 2015, to the extend as applicable to the Company.

### (k) Certification under Regulation 17(8) of SEBI (LODR) Regulations

The Chief Executive Officer and the Chief Financial Officer have certified to the Board on the financial reporting and internal controls as required under Regulation 17(8), read with Part B of Schedule II of the SEBI Listing Regulations. The certification by Chief Executive Officer and Chief Financial Officer is enclosed as Annexure IV to this report.

### (I) Reporting as per para F of Schedule V of the SEBI Listing Regulations

As required under para F of Schedule V of the SEBI Listing Regulations, the requirement of reporting details of shares in suspense account, i.e. shares issued pursuant to the public issues or any other issue which remain unclaimed are not applicable for the FY 2022-23.

### (m) Disclosure of certain types of agreements binding the Company

In terms of Regulation 30A of SEBI Listing Regulations, there are no such agreements which are required to be disclosed.

### CERTIFICATE OF CORPORATE GOVERNANCE

(Pursuant to regulations and Schedule V Para C of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015)

To, The Members of **Mankind Pharma Limited** 208, Okhla Industrial Estate, Phase III, New Delhi 110020

- We have examined the compliance of conditions of Corporate Governance by Mankind Pharma Limited for the year ended 31<sup>st</sup> March, 2023, as stipulated in the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.
- 2. The compliance of conditions of Corporate Governance is the responsibility of the management. Our examination has been limited to a review of procedures and implementations thereof, adopted by the Company for ensuring compliance with the conditions of Corporate Governance as stipulated in the said Regulations. It is neither an audit nor an expression of opinion on the financial statements of the Company.
- 3. In our opinion and to the best of our information and according to the explanations given to us, and based on the representations made by the Directors and the Management, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.
- 4. We further state that such compliance is neither an assurance as to the future viability of the Company nor of the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Sub: Compliance Certificate pursuant to Regulation 17(8) of Securities and Exchange Board of India (Listing **Obligations and Disclosure Requirements) Regulations, 2015** 

Dear Sirs/Madam

We hereby confirm that:

- A. we have reviewed financial statements and the cash flow statement of Mankind Pharma Limited ("listed entity") for the year ended 31<sup>st</sup> March, 2023 and that to the best of our knowledge and belief:
  - (1) these statements do not contain any materially untrue statement or omit any material fact or contain statements that might be misleading;
  - (2) these statements together present a true and fair view of the listed entity's affairs and are in compliance with existing accounting standards, applicable laws and regulations.
- B. to the best of our knowledge and belief, no transactions were entered into by the listed entity during the year which are fraudulent, illegal or violative of the listed entity's code of conduct.
- C. we accept responsibility for establishing and maintaining internal controls for financial reporting and we have evaluated the effectiveness of internal control systems of the listed entity pertaining to financial reporting and have disclosed to the auditors and the audit committee, deficiencies in the design or operation of such internal controls, if any, of which we are aware and the steps we have taken or propose to take to rectify these deficiencies.
- D. We have, to the extent applicable, indicated to the auditors and the Audit committee
  - (1) significant changes in internal control over financial reporting during the year;
  - (2) significant changes in accounting policies during the year and that the same have been disclosed in the notes to the financial statements; and
  - (3) instances of significant fraud of which they have become aware and the involvement therein, if any, of the management or an employee having a significant role in the listed entity's internal control system over financial reporting.

# Leadership Indicators

1. Awareness programmes conducted for value chain partners on any of the Principles during the financial year:

| Total number of awareness programmes held | Topics / principles<br>covered under the<br>training |
|-------------------------------------------|------------------------------------------------------|
| 26                                        | Kaizen, Leadership<br>Development, DMAIC             |
|                                           | VSM                                                  |

# 3. Of the instances disclosed in Question 2 above, details of the Appeal/Revision preferred in cases where monetary

# ory/enforcement agencies/judicial institutions

# olicable

# 4. Does the Company have an anti-corruption or anti-bribery policy? If yes, provide details in brief and if available,

# 5. Number of Directors/KMPs/employees/workers against whom disciplinary action was taken by any law

7. Provide details of any corrective action taken or underway on issues related to fines / penalties / action taken by

|         | %age of value chain partners covered (by value of business done with such partners) under the awareness programmes |
|---------|--------------------------------------------------------------------------------------------------------------------|
| ,<br>C. | 85%                                                                                                                |

2. Does the entity have processes in place to avoid/ manage conflict of interests involving members of the Board? (Yes/No) If Yes, provide details of the same.

Yes, the Company has in place a 'Code of Conduct' which is applicable to the board members as well. The Code of Conduct outlines guiding principles which assist in performing the duties in an ethical manner. Further, the board members periodically disclose to the Board the details of their interest in other entities pursuant to the requirement of the Companies Act, 2013. Transaction with the board members or any entity in which such board members are concerned or interested have to be approved by the Audit Committee/ the Board of Directors, as applicable. In such cases, the interested directors abstain themselves from the discussions at the meetings.

Principle 2:

Business should provide goods and services in a manner that is sustainable and safe

# **Essential Indicators**

1. Percentage of R&D and capital expenditure (capex) investments in specific technologies to improve the environmental and social impacts of products and processes to total R&D and capex investments made by the entity, respectively.

| Segment | FY2023 | FY2022 | FY2022                                                                                           |
|---------|--------|--------|--------------------------------------------------------------------------------------------------|
| R&D     | 0      | 0      | Projects for Pollution Control,                                                                  |
| Сарех   | 100%   | 100%   | both in terms of waste water,<br>Air, Hazardous waste, Safety for<br>employee & Community around |

The Company has carried out detailed study on reduction of CO2 emissions in area like steam generating boilers, Renewable energy Solar Power Plants, reduction in high energy consuming motors with required capacity of motors.

All R&D investments are focused on sustainable developments, Green Chemistries development like Substitution of Highly hazardous chemicals with less hazardous chemicals, increasing the %age of Yield, Green Energy Fuels usage, Human health & Well being in terms of most reliable & Safe operations etc.

# 2. a. Does the entity have procedures in place for sustainable sourcing? (Yes/No)

Yes, the company has developed Supplier code of conduct which is being rolled out for priority suppliers like critical and strategic suppliers. This includes various principles and guidelines such as EHS, Legal compliance etc.

The Company is starting carrying out a sustainability assessments with critical suppliers and communicates areas of improvement to make it more.

If yes, what percentage of inputs were sourced sustainably? b.

92%

3. Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.

| (d) other waste( Battery<br>Waste/ Biomedical Waste) | Battery Waste is sent<br>Waste is incinerated o                                                                                                                                                                                                                                                                                                       |

4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

Yes, the Company has formulated various waste disposal strategies for each category of waste in order to minimise harm to the environment. The Company is registered with CPCB under Plastic Waste Management Rules, 2016. Further, the Company's plastic waste collection is based on a state- wise model and some hazardous and nonhazardous waste is sent to co-processing plants of the cement industry.

# Repor Statutory

nited operates in more than two states, and in Plastic Waste Management Rules, 2016, it registered ition Control Board (CPCB) in FY21. Which got renewed pany collects the plastic waste from all the states as released by the CPCB. In FY'22 and FY'23 the company & 5385.52 MT (whole Mankind) of post consumer plastic atched to a third party for recycling. The Company nanagement agency alongside working with local lection and recycling. In FY23, as per EPR approved by 's plastic waste is collected based on a state-wise model vise model, and this is a continuous process that will ubsequent years. The Company is also exploring new ce plastic usage in its existing processes, with the aim of utral in the upcoming years.

thorized 3rd Party recyclers as per the E-waste rules. ardous waste as per HW rules is given to authorised ories of hazardous waste is disposed off in an authorised per state specific regulations.

to the authorized dealers/ recyclers & Bio-Medical at 3rd party site as per the state regulations

# Leadership Indicators -

1. Has the entity conducted Life Cycle Perspective / Assessments (LCA) for any of its products (for manufacturing industry) or for its services (for service industry)? If yes, provide details in the following format

No, the Company has not conducted any LCA for specific products, however LCA was conducted as activities, based on which both API and Formulations operations were covered. The boundary of which is 'Cradle to Gate'.

| NIC Code | Name of<br>Product /<br>Service | % of total<br>Turnover<br>contributed | Boundary for<br>which the Life<br>Cycle Perspective<br>/ Assessment was<br>conducted | Whether<br>conducted by<br>independent<br>external agency<br>(Yes/No) | Results communicated<br>in public domain<br>(Yes/No)<br>If yes, provide the<br>web-link |  |  |
|----------|---------------------------------|---------------------------------------|--------------------------------------------------------------------------------------|-----------------------------------------------------------------------|-----------------------------------------------------------------------------------------|--|--|
| None     |                                 |                                       |                                                                                      |                                                                       |                                                                                         |  |  |

2. If there are any significant social or environmental concerns and/or risks arising from production or disposal of your products / services, as identified in the Life Cycle Perspective / Assessments (LCA) or through any other means, briefly describe the same along-with action taken to mitigate the same.

LCA for individual product is not done, however, Environmental Impact Assessment (EIA) and Health Impact Risk Assessment (HIRA) is done for each and every activity including utility.

Significant risk, for both EIA and HIRA, if found, is addressed by initiating EHS Management Programme (EMP) with action plans and target dates for its completion. Monthly review is done at site level for its effectiveness.

3. Percentage of recycled or reused input material to total material (by value) used in production (for manufacturing industry) or providing services (for service industry).

| Indicate input material | Recycled or re-used input material to total material |        |  |  |
|-------------------------|------------------------------------------------------|--------|--|--|
|                         | FY2023                                               | FY2022 |  |  |
|                         | -                                                    | -      |  |  |
|                         | -                                                    | -      |  |  |

4. Of the products and packaging reclaimed at end of life of products, amount (in metric tonnes) reused, recycled, and safely disposed, as per the following format:

|                                    |                                                                | FY2023    |                    |         | FY2022   |                    |
|------------------------------------|----------------------------------------------------------------|-----------|--------------------|---------|----------|--------------------|
|                                    | Re-used                                                        | Recycled  | Safely<br>Disposed | Re-used | Recycled | Safely<br>Disposed |
| Plastics (including packaging)     | NIL                                                            | 3584 MT   | 1801.3 MT          | NIL     | 306.7 MT | 255.8 MT           |
| E-waste                            | None, however,<br>e-waste is sent<br>to authorised<br>recycler | 671.02 MT | NA                 | NIL     | 873      | NA                 |
| Other waste- Bio-<br>Medical Waste | N.A                                                            | NA        | 26.2 MT            | NIL     | NA       | 26.9 MT            |
| Hazardous Waste                    | Not applicable                                                 | 3.93 MT   | 283.21 MT          | NA      | 3.81 MT  | 282.41 MT          |

# 5. Reclaimed products and their packaging materials (as percentage of products sold) for each product category.

Since the company is engaged in Pharmaceutical products that are for human consumptions, we do not reclaim products for reusing, recycling & disposing them till end of their life.

| Indicate product category | Reclaimed products and the in respective category |
|---------------------------|---------------------------------------------------|
|                           | Nor                                               |
|                           |                                                   |

3. Accessibility of workplaces Are the premises / offices of the Company accessible to differently abled employees and workers, as per the requirements of the Rights of Persons with Disabilities Act, 2016? If not, whether any steps are being taken by the Company in this regard.

The Company is taking the requisite steps to create a better and more accessible work space for its people. The manufacturing facilities of the Company, its administration offices and the corporate headquarters offices have ramps, elevators and other infrastructure, that provide easy access to differently abled individuals.

4. Does the Company have an equal opportunity policy as per the Rights of Persons with Disabilities Act, 2016? If so, provide a web-link to the policy.

The Company offers a workplace free from discrimination based on age, colour, origin, nationality, disability, religion, race, caste, gender, sex, and sexual orientation. The Company believes in workplace diversity and inclusivity (D&I) to be a tool for economic growth and the creation of a long-lasting competitive advantage.

The Company's code of conduct clearly prohibits discrimination on the basis of any factor.

# 6. Is there a mechanism available to receive and redress grievances for the following categories of employees and worker? If yes, give details of the mechanism in brief.

|                                | Yes/No<br>(If yes, then give details of the mechanism in brief) |
|--------------------------------|-----------------------------------------------------------------|
| Permanent workers              | Yes                                                             |
| Other than permanent workers   | Yes                                                             |
| Permanent employees            | Yes                                                             |
| Other than permanent employees | Yes                                                             |

Yes, the employees and workers have access to a whistle blower mechanism, wherein they can reach out to the designated ombudsman via an email address mentioned the said policy. The redressal mechanism involves three tier of Grievances redressal system as mention in the below link.

Link of the policy - https://www.mankindpharma.com/assets/pdf/corporate-governance/vigil-mechanism-policy.pdf. They can also reach out to the human resource team over mail/Phone/Personal approach to get their grievances resolved.

# 7. Membership of employees and worker in association(s) or Unions recognised by the listed entity:

No, the Company does not have employees who are members of or workers in association(s) or Unions.

|                           |                                                                 | FY2023                                                                                                          |        | FY2022                                                          |                                                                                                                 |        |  |

# 10. Health and safety management system:

a. Whether an occupational health and safety management system has been implemented by the entity? (Yes/ No). If yes, the coverage such system?

Through the implementation of various initiatives and the promotion of a safety culture, the EHS department strives to have 'zero' impact on people, processes and the environment. This is accomplished by creating a 360-degree EHS operating system across all the business operations. The EHS team ensures compliance with applicable legal and regulatory obligations with regard to pollution control, worker and plant safety, as well as employee and contractor health. Additionally, it offers the Company strategic help for waste reduction, reuse and recycling. All 3 manufacturing facilities at Paonta are ISO 14001/45001 certified. Sikkim manufacturing facility is in process of in rolling out ISO 14001/ 45001 management system.of the production facilities are ISO 14001/45001 certified. The system has 100% coverage. All internal and external stakeholders of the manufacturing sites, including personnel suppliers, contractors are covered as part of the Company's health and safety system.

b. What are the processes used to identify workrelated hazards and assess risks on a routine and non-routine basis by the entity?

For all workplace hazards, the Company conducts routine process safety risk assessments. It has the requisite permits in place for undertaking both routine & Non-routine work-related hazards. Integrated process safety management systems ensure all existing processes and new developments are assessed for risks. Process safety studies such as Process Hazard Analysis,

Equipment Safety Study through techniques including HAZOP, What-if and Risk Matrix are conducted by cross functional teams. Detailed risk-based assessments are conducted regularly along with extensive audits to evaluate the Company's health and safety performance at the site level.

c. Whether you have processes for workers to report work related hazards and to remove themselves from such risks. (Y/N)

Yes, near miss reporting, unsafe act & condition and its closure tracking is in place, the same has been reviewed by the management in the management review meeting.

Several channels are in place for the Company's workers to report concerns related to health and safety at the workplace. These include:

- Raising concerns during the periodic departmental level safety meetings. Based on the concern/s raised an action plan, with a strict timeline and a dedicated responsible person, is identified to ensure timely resolution.
- Following the Standard Operating Procedure on 'Incident reporting and investigation'
- In the event of an incident at the site, the workers are required to immediately make a report to the respective section Incharge/ Supervisor. The event is analysed by the Investigating team, consisting of cross functional departments and which is responsible for taking appropriate action. The Manufacturing plant has also implemented the Hazard Identification and Risk Assessment (HIRA) system to identify work-related hazards followed by routine risk assessment.

The Company organises regular safety committee meetings to provide a forum for management; employees and contract workmen come together to identify and resolve health and safety problems. The committee meets as per applicable regulations of the factories and consists of members who represent employees, workers and contractors from all the units and departments.

Yes, the Company provides access to non-occupational medical and healthcare services to its employees and workers. It provides free health check-ups for its employees.

### 11. Details of safety related incidents, in the following format:

| Safety Incident /Number                            | Category  | FY2023 | FY2022 |
|----------------------------------------------------|-----------|--------|--------|
| Lost Time Injury Frequency Rate (LTIFR) (per one   | Employees | NIL    | NIL    |
| million-person hours worked)                       | Workers   | NIL    | NIL    |
| Total recordable work-related injuries             | Employees | NIL    | NIL    |
|                                                    | Workers   | NIL    | NIL    |
| No. of fatalities                                  | Employees | NIL    | NIL    |
|                                                    | Workers   | NIL    | NIL    |
| High consequence work-related injury or ill-health | Employees | NIL    | NIL    |
| (excluding fatalities)                             | Workers   | NIL    | NIL    |

# 12. Describe the measures taken by the entity to ensure a safe and healthy workplace.

The EHS team 'ensures compliance with applicable' legal and regulatory obligations with regard to pollution control, workers and plant safety, as well as employee and contractor health. Additionally, it offers the Company strategic help for waste reduction, reuse and recycling. Some of the production facilities are ISO 14001/45001 certified. The system has 100% coverage. All internal and external stakeholders of the manufacturing sites, including personnel suppliers, contractors are covered as part of the Company health and safety system. The Company has also been conferred with the Golden Peacock Award for Occupational Health and Safety in FY'20-21.

All manufacturing plants have fire protection and prevention system in place. All 3 Paonta Manufacturing Units have a dedicated fire tender and operating crew in place to handle the emergencies.

# 13. Number of Complaints on the following made by employees and workers:

|                    |                          | FY2023                                                |         | FY2022                   |                                                       |         |

| Working Conditions          |                                            |
|                             |                                            |

# d. Do the employees/ worker of the entity have access to non-occupational medical and healthcare services? (Yes/ No)

# at were assessed (by entity or statutory authorities or

# 4 manufacturing plants

Pha Mankind Repor

Statutory

Limited

15. Provide details of any corrective action taken or underway to address safety-related incidents (if any) and on significant risks / concerns arising from assessments of health and safety practices and working conditions.

Hazard identification and risk assessment (HIRA) is employed to identify work-related hazards and assess risks on a routine and non-routine basis. These processes are periodically subject to internal and external audits as part of the EHS Management systems.

As part of the audit, competency of people is also checked to see if he/she is aware of the standard operating procedures and trained in HIRA. As an outcome of HIRA, for unacceptable risks, remediation actions are defined by proposing implementation of controls as per hierarchy of controls.

# Leadership Indicators

1. Does the entity extend any life insurance or any compensatory package in the event of death of (A) Employees (Y/N) (B) Workers (Y/N).

Yes, for both Employees & Workers

2. Provide the measures undertaken by the entity to ensure payment of statutory dues by the value chain partners.

The company has adequate mechanism in place to ensure that requisite statutory dues, as applicable to the transactions of the company with its value chain partners, are deducted and deposited in accordance to the applicable regulations and reviewed as per regular audit processes. The Company also collects necessary certificates & proofs from its contractors w.r.t statutory dues like PF, ESIC etc. relating to contractual employee & Workers.

The company expects its value chain partners to behave ethically and with integrity in all business transactions, they are having with the company.

3. Provide the number of employees / workers having suffered high consequences work-related injury / ill-health / fatalities (as reported in Q11 of Essential Indicators above), who are rehabilitated and placed in suitable employment or whose family members have been placed in suitable employment:

No employee or worker has suffered high consequence work related injury/ill-health or fatality during the reporting period.

4. Does the entity provide transition assistance programmes to facilitate continued employability and the management of career endings resulting from retirement or termination of employment? (Yes/ No)

No.

The company periodically provides skill up gradation program during employment. The training programs cater to the specific requirements of the cadre and relevant function areas which further enable employees to pursue employment post-retirement, based on the acquired skill set.

# 5. Details on assessment of value chain partners:

The company conducts assessment of Critical & Strategic value chain partners

|                             | % of value chain partners (by value of business done with such partners) that were assessed |  |  |  |
|-----------------------------|---------------------------------------------------------------------------------------------|--|--|--|
| Health and safety practices | 30%                                                                                         |  |  |  |
| Working Conditions          | 30%                                                                                         |  |  |  |

6. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from assessments of health and safety practices and working conditions of value chain partners.

Not Applicable

Principle 4: Business should respect the interests of and be responsive to all its stakeholders

1. Describe the processes for identifying key stakeholder groups of the Company.

A structured method was developed for stakeholder consultation across the business using questionnaires and interviews. Internal stakeholders, in particular senior management and function heads, who stated the sustainability priorities of the Company. Consultations were conducted with external stakeholders to understand the performance of Mankind Pharma Limited's sustainability measures. The Company examined its peers' sustainability reports as well as the essential government regulations and regulatory papers to consider the perspectives of customers and regulators. The data obtained was thus combined based on the relative importance of each stakeholder. Stakeholders were prioritised based on how each stakeholder could impact the Company's performance vis-à-vis how the Company's performance could impact the stakeholder.

2. List stakeholder groups identified as key for the Company and the frequency of engagement with each stakeholder group.

\* The number of board of directors is exclusive of one alternate director and the position is as on 31st March 2023.

\*\* The median remuneration of Key Managerial Personnel ("KMP") is exclusive of remuneration paid to Executive Directors since it is covered under median remuneration of Board of Directors.

# 4. Do you have a focal point (Individual/ Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business? (Yes/No)

The Company acknowledges the significance of human rights violations. The Company has a POSH, grievances redressal and a whistle blower policy in place to ensure a positive and safe work environment. The employees and contractors are free to discuss human rights concerns in safety and canteen committee meetings. Both the site HR and site EHS teams are responsible for addressing the concerns in consultation with the Site Head. Whenever necessary, those issues are escalated to the corporate level, including the Corporate HR Head and the Operation Head. Consolidated details are further discussed with the respective governance committees.

# 5. Describe the internal mechanisms in place to redress grievances related to human rights issues

The Company's POSH and whistle blower policies help the employees in reporting any grievances. The grievances can also be reported directly through mails to the human resource team.

# 6. Number of Complaints on the following made by employees and workers:

|                                         | FY2023                   |                                                       |         |                          | FY2022                                                |         |

# 7. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases.

Refer Grievances redressal Policy

Information on Employees reporting violations or potential violations of this Policy shall remain confidential. The Company's culture does not encourage any semblance of retaliatory behaviour against the Complainant.

# 8. Do human rights requirements form part of your business agreements and contracts? (Yes/No)

Yes

# 9. Assessment for the year:

|                                  | % of the Company's plants and offices that were assessed (by the Company or statutory authorities or third parties) |
|----------------------------------|---------------------------------------------------------------------------------------------------------------------|
| Child Labour                     | 100%                                                                                                                |
| Forced Labour/Involuntary Labour | 100%                                                                                                                |
| Sexual Harassment                | 100%                                                                                                                |
| Discrimination at workplace      | 100%                                                                                                                |
| Wages                            | 100%                                                                                                                |
| Other- please specify            | 100%                                                                                                                |

The Company has a strong monitoring mechanism, including different policies and procedures that are in compliance with the applicable laws. The Company strictly enforces laws prohibiting child labour, minimum wages, forced or involuntary labour, sexual harassment and discrimination at the workplace. These issues are a prerequisite for the ethical functioning of the Company. The Company never tolerates any violations of basic human rights by any of its stakeholders. No cases of violations have been found in the reporting period.

10. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 9 above.

Not Applicable

# Leadership Indicators

1. Details of a business process being modified / introduced as a result of addressing human rights grievances/ complaints.

Not applicable

2. Details of the scope and coverage of any Human rights due-diligence conducted

None

3. Is the premise/office of the entity accessible to differently abled visitors, as per the requirements of the Rights of Persons with Disabilities Act, 2016?

The Company is taking the requisite steps to create a better and more accessible work space for its people. The manufacturing facilities of the Company, its administration offices and the corporate headquarters offices have ramps, elevators and other infrastructure, that provide easy access to differently abled individuals.

# 4. Details on assessment of value chain partners:

| Case Details                | % of value chain partners (by value of business done with such partners) that were assessed |  |  |
|-----------------------------|---------------------------------------------------------------------------------------------|--|--|
| Sexual Harassment           | No                                                                                          |  |  |
| Discrimination at workplace | No                                                                                          |  |  |
| Child Labour                | No                                                                                          |  |  |

(Y/N) If yes, disclose whether targets set under the<br>PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any |             |             |  |  |

No, it is not applicable as the Company does not fall under the Energy Intensive industry. However, some of the manufacturing units have already installed renewable energy (Solar Power) panels to reduce the energy consumption from the non-renewable sources.

3. Provide details of the following disclosures related to water, in the following format:

### ł

2.

| Parameter                                                                | FY2023 | FY2022 |
|--------------------------------------------------------------------------|--------|--------|

# PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any.

| Parameter                                                                                 | FY2023 | FY2022 |
|-------------------------------------------------------------------------------------------|--------|--------|
| Total volume of water consumption (in kilolitres)                                         | 295785 | 387318 |
| Water intensity per rupee of turnover (Water consumed / turnover)                         | 36.4   | 53.37  |
| Water intensity (optional-Production) – the relevant metric may be selected by the entity | 47.5   | 58.6   |

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No

4. Has the Company implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.

Wastewater (industrial effluent) comes mainly from washes, utility blowdown, toilets and canteens. The effluent generated from all the Company's plants is treated in state-of-the-art wastewater recycling facilities and recycled for further use.

# 5. Please provide details of air emissions (other than GHG emissions) by the Company, in the following format:

| Parameter                           | Unit        | FY2023 | FY2022 |
|-------------------------------------|-------------|--------|--------|
| NOx                                 | Metric tons | 13.324 | 12.857 |
| SOx                                 | Metric tons | 2.622  | 0.690  |
| Particulate matter (PM)             | Metric tons | 17.253 | 11.50  |
| Persistent organic pollutants (POP) |             | -      | -      |
| Volatile organic compounds (VOC)    |             | -      | -      |
| Hazardous air pollutants (HAP)      |             | -      | -      |
| Others – please specify             |             | -      | -      |

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No

# 6. Provide details of greenhouse gas emissions (Scope1 and Scope 2 emissions) and its intensity, in the following format:

| Parameter                                                                                                                    | Unit                     | FY2023 | FY2022 |
|------------------------------------------------------------------------------------------------------------------------------|--------------------------|--------|--------|
| <b>Total Scope 1 emissions</b> (Break-up of the GHG into CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, if available)                  | tCO2e                    | 14519  | 15753  |
| <b>Total Scope 2 emissions</b> (Break-up of the GHG into CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, if available)                  | tCO2e                    | 29077  | 28074  |
| Total Scope 1 and Scope 2 emissions per rupee of turnover                                                                    | tCO2e/Cr                 | 5.4    | 6.03   |
| Total Scope 1 and Scope 2 emission intensity<br>(optional-Production) – the relevant metric may<br>be selected by the entity | tCO2E/MILLION<br>TABLETS | 6.99   | 6.63   |

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

# 7. Does the Company have any project related to reducing Green House Gas emission? If yes, then provide details.

Greenhouse gas emitting fuels used in boilers, such as diesel, etc. replaced with bio-briquettes in all 3 manufacturing plants. All 3 manufacturing plants in Paonta Sahib are having solar energy panels to minimise the GHG emissions. Sikkim Manufacturing plant is in process of establishing the solar energy generating panels.

Air emissions are treated using scrubbers and dust collectors, bag filters, cyclone separators, and wet scrubbers, and then released in the atmosphere after bringing down the emission composition within required limits.

Ambient air monitoring is carried out to check the efficacy of the pollution mitigation measures.

8. Provide details related to waste management by the Company, in the following format:

| Parameter                                                                                                                              | FY2023                   | FY2022            |
|----------------------------------------------------------------------------------------------------------------------------------------|--------------------------|-------------------|
| Total Waste generated (in Kg)                                                                                                          |                          |                   |

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No

# 9. Briefly describe the waste management practices adopted in your establishment. Describe the strategy adopted by your Company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

At each of the Company's locations, it has waste management systems in place. Plastic waste was collected by the Company and sent to a third party for recycling. In addition to collaborating with regional businesses for collection and recycling, the Company has tied up with a waste management agency. The Company is also looking into new technologies to cut down on the use of plastic in its current processes. Each Manufacturing Plant has established its own waste management system. Hazardous waste, Bio-medical Waste, E-waste etc are stored in dedicated areas, with impervious floorings to avoid soil contamination, as per the respective waste management rules. Each category of waste is labelled properly and stored. Form-3 is maintained by the generator and is acknowledged by the EHS Department as and when the waste is coming for its storage at the storage area.

All the hazardous waste is disposed at PCB authorized common treatment, storage, disposal facility (CTSDF). Based on the fingerprint analysis of the waste, it is disposed either for landfilling or for incineration. One of ours plants in Sikkim is disposing the hazardous waste for its co-processing 100% in the cement plant for energy recovery, as per the statutory permissions.

Biomedical Waste is sent for incineration at PCB approved incinerators from all the 3 Poanta Plants. At Sikkim Site, The Bio-Medical Waste is land filled (Deep Burial) within the premises as per the BMW rules, As the there is no incineration facility available in the state of Sikkim.

E-waste Waste is Sent for its recycling at an approved recyclers and Battery Waste is disposed to Authorized dealers/ Recyclers.

Some of our Formulated products have substituted hazardous solvents with aqueous based while making the products, resulting usage of less quantities of hazardous chemicals in the process, which also helps to avoid safety & Environmental incidents

10. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details in the following format:

| SI.<br>No. | Location of operations/offices | Type of operations | Whether the conditions of environmental approval / clearance<br>are being complied with? (Y/N) If no, the reasons thereof and<br>corrective action taken, if any. |  |  |  |
|------------|--------------------------------|--------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|--|--|
|            | Not applicable                 |                    |                                                                                                                                                                   |  |  |  |

11. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year:

None

12. Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India; such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment protection Act and rules thereunder (Y/N).

Yes, all 4 manufacturing plants of the Company are fully compliant to the applicable EHS rules and regulations

| S.<br>No. | Specify the law / regulation<br>/ guidelines which was not<br>complied with | Provide details<br>of the non-<br>compliance | Any fines / penalties / action taken by<br>regulatory agencies such as pollution<br>control boards or by courts |  |  |  |
|-----------|-----------------------------------------------------------------------------|----------------------------------------------|-----------------------------------------------------------------------------------------------------------------|--|--|--|

# Leadership Indicators -

1. Provide break-up of the total energy consumed (in Joules or multiples) from renewable and non-renewable sources, in the following format:

| Parameter                                                               | FY2023      | FY2022      |
|-------------------------------------------------------------------------|-------------|-------------|
| From renewable sources                                                  |             |             |
| Total electricity consumption (A)                                       | 1810 GJ     | 2170 GJ     |
| Total fuel consumption (B)                                              | 0           | 0           |
| Energy consumption through other sources (C) – Agro based<br>Briquettes | 1,38,395 GJ | 1,42,294 GJ |
| Total energy consumed from renewable sources (A+B+C)                    | 1,40,205 GJ | 1,44,464 GJ |
| From non-renewable sources                                              |             |             |

# Parameter

Total electricity consumption (D) Total fuel consumption (E) Energy consumption through other sources (F) Total energy consumed from non-renewable sources (D

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No

2. Provide the following details related to water discharged:

# Parameter

Water discharge by destination and level of treatment i) To Surface water - No treatment - With treatment - please specify level of treatment (ii) To Groundwater - No treatment - With treatment - please specify level of treatment (iii)To Seawater - No treatment - With treatment - please specify level of treatment (iv) Sent to third-parties - No treatment - With treatment - please specify level of treatment (v) Others - No treatment - With treatment - please specify level of treatment

Total water discharged (in kiloliters)

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No, however regulatory agencies like State Pollution Control Board and Central Pollution Control Board visit manufacturing sites and there is no financial penalty imposed, as there are zero non-conformities. Certificate agency like SGS conducts yearly inspections as a part of ISO surveillance audit and there is no non-conformity found during their inspections.

# 3. Water withdrawal, consumption and discharge in areas of water stress (in kilolitres):

For each facility / plant located in areas of water stress, provide the following information:

(i) Name of the area

(ii) Nature of operations

(iii) Water withdrawal, consumption and discharge in the following format:

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

7. Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link.

The Company's Disaster Management system covers both natural disasters such as earthquakes and floods as well as man-made disasters such as bomb attacks, among others with key mitigation measures in place. The authority to implement mitigation measures lies with the Site Controller, Incident Controller, Central Utility In Charge, and Shift Engineer in a structured manner. In case of a bomb threat, control measures as per the on-site Emergency Plan will be initiated by the Site Controller. The Company's Information Technology (IT) team has implemented a Disaster Recovery capability that helps the organisation regain use of critical systems and IT infrastructure instantly in emergency situations and minimise the impact on the business.

8. Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard?

There were no significant adverse impact incidents happened to the environment, arising from the supply chain, during the reporting periods. However, we have the below mitigation plans in place.

efficiency, or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the

Through aspect impact assessment, which is part of the Company's EHS Management Systems, it identifies and evaluates the actual or potential aspects of its activities, services, and facilities that may have an impact on the environment and climate change, whether adverse or beneficial. During the evaluation process, significant impacts on the environment are determined, which in turn address climate change impacts as well. The Company is constantly monitoring existing and proposed regulations, including those pertaining to climate change and other issues, such as, emission trading schemes, energy efficiency requirements, reporting requirements, climate-related taxes, etc. Based on this, the businesses are informed of new developments and possible risks.

### Percentage of value chain partners (by value 9. of business done with such partners) that were assessed for environmental impacts.

The Company strongly emphasises all vendors adhering to socially responsible standards such as contract labour, non-discrimination, equal rights, working hours, and environmental factors.

Additionally, the Company assesses and chooses vendors who use reliable, environmentally friendly procedures, ethical manufacturing methods, and sustainable production techniques.to help suppliers improve their performance on these measures, the company emphasises the E&S parts of the supply chain.

Businesses, when engaging in influencing public and regulatory policy, should do so in a manner that is responsible and transparent

### **Essential indicators**

1. a. Number of affiliations with trade and industry chambers/associations.

The Company has five affiliations with trade and industry chambers/associations as mentioned in the table below.

b. List the top 10 trade and industry chambers/associations (determined based on the total members of such body) the Company is a member of/affiliated to.

| SI.<br>No. | Name of the trade and industry chambers/associations              | Reach of trade and industry chambers/<br>associations (State/ National) |
|------------|-------------------------------------------------------------------|-------------------------------------------------------------------------|

\*In some cases the funds have been utilized for construction of building and acquisition of fixed assets therefore the exact details of beneficiaries cannot be derived

# **Essential indicators**

# 1. Describe the mechanisms in place to receive and respond to consumer complaints and feedback.

The Company has a comprehensive Product Quality Management System to facilitate timely resolution of consumer complaints received in terms of product quality. Complaints can be received in any form i.e., written, electronic or oral communication reported by customers, hospitals, regulatory agencies, government laboratories, retailers, distributors, etc., that alleges deficiencies related to the identity, quality, reliability, safety and/or efficacy of a product after it is distributed beyond the control area of Mankind quality systems.

Complaints can be raised by complainant via various methods such as telephone calls received on Mankind's tollfree no., emails at mailbox (contact@mankindpharma.com), fax, any postal mails received at Mankind's offices etc.

The Company has a policy in place meeting all the health authority guidelines for addressing complaints in a timely manner to satisfy the complainant and adhere to the compliance requirements, as well as to implement adequate preventive measures to prevent future occurrences.

Also, the Company has an established global pharmacovigilance policy, which is supported by a Product Safety committee. The pharmacovigilance policy highlights the Company's commitment and efforts towards patient safety.

# 4. Details of instances of product recalls on account of safety issues:

|                   | Number | Reasons for recall                                                                          |
|-------------------|--------|---------------------------------------------------------------------------------------------|
| Voluntary recalls | 4      | Products were recalled to ensure our compliance to the quality standards and patient safety |
| Forced recalls    | None   |                                                                                             |

5. Does the Company have a framework/policy on cyber security and risks related to data privacy? (Yes/No) If available, provide a web-link of the policy.

Yes.

### https://www.mankindpharma.com/privacy-policy

6. Provide details of any corrective actions taken or underway on issues relating to advertising, and delivery of essential services; cyber security and data privacy of customers; re-occurrence of instances of product recalls; penalty/action taken by regulatory authorities on safety of products/services.

Any IT related issue has not been reported yet. Throughout the year, only quality-related complaints were received. All necessary steps were also taken to avoid similar incidents from occurring again.

# Leadership Indicators

1. Channels/platforms where information on products and services of the Company can be accessed (provide web-link, if available).

The information regarding the product and services can be accessed on the Company's website.

LINK -https://www.mankindpharma.com/company/ our-brand

2. Steps taken to inform and educate consumers about safe and responsible usage of products and/ or services.

Each product has a label that informs consumers about its composition, contents, recommended storage conditions, date of manufacture, and expiration date. It also tells them how to use the product safely.

### 3 Mechanisms in place to inform consumers of any risk of disruption/discontinuation of essential services.

As the Company is in the pharmaceutical business, there are numerous generic pharmaceutical companies that provide similar products. Hence, the discontinuation of any product does not impact the community at large.

Does the entity display product information on the 4. product over and above what is mandated as per local laws? (Yes/No/Not Applicable) If yes, provide details in brief. Did your entity carry out any survey with regard to consumer satisfaction relating to the major products/services of the entity, significant locations of operation of the entity or the entity as whole? (Yes/ No)

In India, the labelling of drugs is meticulously regulated by the Drugs and Cosmetics Act, which mandates the inclusion of vital information on product labels. This information encompasses the product name, manufacturer and marketer details, active ingredients,

and more. Mankind diligently complies with all applicable laws and regulations. It is an industry-wide practice in the Indian pharmaceutical sector to adhere strictly to the required information on product labels as per local laws. Ethical, legal, and compliance considerations guide this approach, ensuring transparency and accountability. However, in cases where a product possesses a specific scientific attribute, such as being a DMF grade API, we may appropriately highlight this attribute on the label, while strictly adhering to the provisions of applicable laws and regulations.

Furthermore, a 'Pack Insert' is an indispensable document containing comprehensive information regarding therapeutic indications and pharmaceutical details. This document serves as a valuable resource for healthcare professionals and patients, equipping them with essential information about the safe and effective use of the drug. By providing pertinent details, the Pack Insert empowers users to make well-informed decisions concerning the administration of the drug, thereby prioritizing patient safety. No, consumer satisfaction survey was carried out.

### 5. Provide the following information relating to data breaches:

a. Number of instances of data breaches, along with impact

Any such type of incident has not been reported yet.

b. Percentage of data breaches involving personally identifiable information of customers Not applicable.

# Financial Statements

# **Independent Auditor's Report**

To the Members of Mankind Pharma Limited

Report on the Audit of the Standalone Financial **Statements** 

# Opinion

We have audited the accompanying standalone financial statements of Mankind Pharma Limited ("the Company"), which comprise the Balance sheet as at March 31 2023, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of 8 partnership firms, the aforesaid standalone financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

# **Basis for Opinion**

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

# Emphasis of Matter: Income tax search

We draw attention to Note 59 of the standalone financial statements relating to a search under Section 132 of the Income Tax Act, 1961 conducted by the Income Tax Department on the Company's registered office, corporate

office, few of its manufacturing locations and other premises and few of its group entities and residence of few of its employees/key managerial personnel.

Our opinion is not modified in respect of this matter.

# Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the standalone financial statements and our auditor's report thereon. The Annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

# Responsibilities of Management for the Standalone **Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

# Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we

are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial statements of 8 partnership firms to express an opinion on the standalone financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of the partnership firms which have been audited by us. For the partnership firms included in the standalone financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

# **Other Matter**

- a) The comparative financial statement of the Company for the year ended March 31, 2022, included in these standalone financial statements, were not jointly audited by us and have been jointly audited by one of the current joint auditors of the Company i.e S.R. Batliboi & Co. LLP with predecessor joint auditor i.e Goel Gaurav & Co. who expressed an unmodified opinion on those financial statement on August 01, 2022.
- b) The standalone financial statements include the Company's share of net profit of INR 424.17 lacs for the year ended March 31, 2023 in respect of 3 partnership firms. The financial statements and other financial information of the said partnership firms have been audited by their respective auditors, whose financial statements, other financial information and

auditor's reports have been furnished to us by the management. Our opinion on the standalone financial statements, in so far as it relates to the amounts and disclosures included in respect of these partnership firms and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid partnership firms, is based solely on the reports of such other auditors. Our opinion is not modified in respect of this matter

c) The standalone financial statements include the Company's share of net profit of INR 564.69 lacs for the year ended March 31, 2023 in respect of 5 partnership firms which have not been jointly audited by us and have been audited by one of the joint auditors of the Company.

The financial statements and other financial information of the said partnership firms have been audited by their respective auditors, whose financial statements, other financial information and auditor's reports have been furnished to us by the management. Our opinion on the standalone financial statements, in so far as it relates to the amounts and disclosures included in respect of these partnership firms and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid partnership firms, is based solely on the reports of such other auditors. Our opinion is not modified in respect of this matter

# Report on Other Legal and Regulatory Requirements

- 1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
- 2. As required by Section 143(3) of the Act, we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
  - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
  - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the

Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;

- (e) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act;
- (f) With respect to the adequacy of the internal financial controls with reference to these standalone financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;
- (g) The matter described in Emphasis of Matter
   Income tax search paragraph above, in our opinion, may have an adverse effect on the functioning of the Company;
- (h) In our opinion, the managerial remuneration for the year ended March 31, 2023 has been paid / provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;
- (i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
  - The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note 36A to the standalone financial statements;
  - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
  - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
  - iv. a) The management has represented that, to the best of its knowledge and belief,, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities

identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any

guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

- c) Based on such audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under subclause (a) and (b) contain any material misstatement.
- d) No dividend has been declared or paid during the year by the Company.
- v. As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the Company only w.e.f. April 1, 2023, reporting under this clause is not applicable.

Re: Mankind Pharma Limited ('the Company')

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- (i) (a)(A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
- (i) (a)(B) The Company has maintained proper records showing full particulars of intangibles assets.
- (i) (b) All Property, Plant and Equipment have not been physically verified by the management during the year however, there is a planned programme of verification once in three years which in our opinion, is reasonable having regard to the size of the Company and nature

| Description of Property                                      | Gross<br>carrying<br>value (INR<br>in lacs) | Held in name<br>of                    | Whether<br>promoter, director<br>or their relative or<br>employee | Period held<br>– indicate<br>range, where<br>appropriate | Reason for not<br>being held in<br>the name of<br>Company |
|--------------------------------------------------------------|---------------------------------------------|---------------------------------------|-------------------------------------------------------------------|----------------------------------------------------------|-----------------------------------------------------------|
| Land at 84 okhla industrial<br>estate phase -3 New Delhi     | 2,263.29                                    | Lifestar<br>Pharma Private<br>Limited | No                                                                | March 30,<br>2023                                        | Refer note 3 to<br>the financial<br>statement             |

- (i) (d) The Company has not revalued its Property, Plant and Equipment (including Right of use assets) or investment properties or intangible assets during the year ended March 31, 2023.
- (i) (e) There are no proceedings initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- (ii) (a) The inventory has been physically verified by the management during the year except for inventories lying with third parties and goods in transit. In our opinion, the frequency of verification by the management is reasonable and the coverage and procedure of such verification by the management is appropriate. Inventories lying with third parties have been confirmed by them as at March 31, 2023. Discrepancies of 10% or more in aggregate for each

ma Limited

Phai

Mankind

Financ

of its assets. No material discrepancies were noticed on such verification.

(c) The title deeds of immovable properties (other than (i) properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in note 3 to the financial statements included in property, plant and equipment are held in the name of the Company. Certain title deeds of the immovable Properties, in the nature of freehold land and buildings, as indicated below, were acquired pursuant to a Scheme of Amalgamation approved by National Company Law Tribunal's (NCLT) Order dated March 21, 2023, and are not individually held in the name of the Company, however the deed of merger has been filed with the registrar of companies on March 30, 2023

class of inventory were not noticed on such physical verification and in respect of such confirmations. Goods in transit have been received subsequent to the year ended March 31, 2023.

(b) As disclosed in note 20 to the standalone financial (ii) statements, the Company has been sanctioned working capital limits in excess of INR five crores in aggregate from banks during the year on the basis of security of current assets of the Company. Based on the records examined by us in the normal course of audit of the financial statements, the guarterly returns/statements filed by the Company with such banks are not in agreement with the unaudited books of account of the Company on account of timing difference in reporting to the banks and routine book closure process of the Company and the details of which are as follows:

|                   |                   |                                      |                                                | (INR in lacs)        |
|-------------------|-------------------|--------------------------------------|------------------------------------------------|----------------------|
| Class of Assets   | Quarter ending    | Value as per books of<br>account (A) | Value as per quarterly<br>return/statement (B) | Discrepancy<br>(A-B) |
| Trade Receivables | December 31, 2022 | 64,269.26                            | 64,422.18                                      | (152.92)             |
| Inventories       | December 31, 2022 | 98,524.98                            | 98,191.94                                      | 333.04               |

| Revenue           | December 31, 2022 | 6,06,128.93                          | 6,06,398.52                                    | (269.59)             |
| Trade Payables    | December 31, 2022 | 78,571.82                            | 86,592.74                                      | (8,020.92)           |

The Company does not have sanctioned working capital limits in excess of INR five crores in aggregate from financial institutions during the year on the basis of security of current assets of the Company.

(iii) (a) During the year, the Company has provided loans to its wholly owned subsidiary company and employees and stood corporate guarantee to banks on behalf of its subsidiaries as follows:

| Particulars                                                            | Guarantees<br>INR in lacs | Loans<br>INR in lacs |
|------------------------------------------------------------------------|---------------------------|----------------------|
| Aggregate amount granted/ provided during the year                     |                           |                      |
| - Subsidiaries                                                         | 7,850.00                  | 3,500.00             |
| - Others (Loan to employees)                                           | -                         | 189.50               |
| Balance outstanding as at balance sheet date in respect of above cases |                           |                      |
| - Subsidiaries                                                         | 7,850.00                  | -                    |
| - Others (Loan to employees)                                           | -                         | 118.94               |

Apart from above, during the year, the Company has not provided loans, advances in the nature of loans, stood guarantee and has not provided security to companies, firms, Limited Liability Partnerships, any other parties and hence not commented upon.

(iii)(b) During the year, the investments made, corporate guarantees provided to the banks on behalf of subsidiaries and loans given to its wholly owned subsidiary company and employees, the terms and conditions under which investments were made, corporate guarantees were provided, and loans given to wholly owned subsidiaries and employees were not prejudicial to the Company's interest. The Company has not provided any security and granted loans and advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties during the year and hence not commented upon.

(iii)(c) In respect of a loan granted to Companies, the schedule of repayment of principal and payment of interest has been stipulated, except for loans granted to five of its subsidiaries where schedule for repayment of principal has not been prescribed (as such loans are repayable on demand). Hence, we are unable to make a specific comment on the regularity of repayment of principle. In respect of loan granted to its employees, the loans are interest free, and schedule of repayment are stipulated, and receipts are regular.

(iii)(d) There are no amounts of loans granted to the companies and loans granted to employees, which were overdue for more than ninety days.

(iii) (e) The Company had granted loans to companies which had fallen due during the year. The Company had renewed the same during the year to the respective parties.

The aggregate amount of such dues extended and the percentage of the aggregate to the total loans or advances in the nature of loans granted during the year are as follows:

| Name of Parties                      | Aggregate amount<br>of loans or advances<br>in the nature of loans<br>granted during the year<br>(INR in lacs) | Aggregate overdue<br>amount settled by<br>extension to same<br>parties<br>(INR in lacs) | Percentage of the<br>aggregate to the total<br>loans or advances in<br>the nature of loans<br>granted during the year |
|--------------------------------------|----------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------|
| Pavi Buildwell Private Limited       | 6,688.31                                                                                                       | 6,688.31                                                                                | 281%                                                                                                                  |
| Broadway Hospitality Private Limited | 3,162.11                                                                                                       | 3,162.11                                                                                | 281%                                                                                                                  |

(iii)(f) As disclosed in note 17 to the financial statements the Company has granted loans which are repayable on demand as stated below to related parties (i.e. subsidiary companies) as defined in clause (76) of section 2 of the Companies Act, 2013.

| Particulars                                        | INR in lacs |
|----------------------------------------------------|-------------|
| Aggregate amount of loans<br>- Repayable on demand | 9,700.90    |
| Percentage of loans to the total loans             | 98.64%      |

- (iv) Loans, investment and guarantees in respect of which provisions of section 185 and 186 of the Companies Act 2013 are applicable have been complied with by the Company. The Company has not provided any security and hence not commented upon.
- (v) The Company has neither accepted any deposits from the public nor accepted any amounts which are deemed to be deposits within the meaning of sections 73 to 76 of the Companies Act and the rules made thereunder, to the extent applicable. Accordingly, the requirement to report on clause 3(v) of the Order is not applicable to the Company.

There are no undisputed dues in respect of goods and services tax, employees' state insurance, income-tax, service tax, sales-tax, duty of custom, duty of excise, value added tax, cess and other statutory dues which were outstanding, at the year end, for a period of more than six months from the date they became payable.

(vii) (b) The dues of goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service account of any dispute, are as follows:

- (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Companies Act, 2013, related to the manufacture of drugs and pharmaceutical products and related services, and are of the opinion that prima facie, the specified accounts and records have been made and maintained. We have not, however, made a detailed examination of the same.
- (vii) (a) Undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of custom, duty of excise, value added tax, cess and other statutory dues have generally been regularly deposited with the appropriate authorities though there has been a slight delay in a few cases.

According to the information and explanations given to us and based on audit procedures performed by us, undisputed dues in respect of provident fund which were outstanding, at the year end, for a period of more than six months from the date they became payable, are as follows:

tax, duty of custom, duty of excise, value added tax, cess, and other statutory dues have not been deposited on

- (viii) The Company has not surrendered or disclosed any transaction, previously unrecorded in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year. Accordingly, the requirement to report on clause 3(viii) of the Order is not applicable to the Company.
- (ix) (a) The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.
- (ix) (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (ix) (c) The Company did not have any term loans outstanding during the year hence, the requirement to report on clause (ix) (c) of the Order is not applicable to the Company.
- (ix) (d) On an overall examination of the standalone financial statements of the Company, no funds raised on short-term basis have been used for long-term purposes by the Company.
- (ix) (e) On an overall examination of the standalone financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.
- (ix) (f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies. Hence, the requirement to report on clause (ix)(f) of the Order is not applicable to the Company.
- (x) (a) The Company has not raised any money during the year by way of initial public offer / further public offer

(including debt instruments) hence, the requirement to report on clause 3(x)(a) of the Order is not applicable to the Company.

- (x) (b) The Company has not made any preferential allotment or private placement of shares /fully or partially or optionally convertible debentures during the year under audit and hence, the requirement to report on clause 3(x)(b) of the Order is not applicable to the Company.
- (xi) (a) No fraud by the Company or no fraud on the Company has been noticed or reported during the year.
- (xi) (b) During the year, no report under sub-section
  (12) of section 143 of the Companies Act, 2013 has
  been filed by cost auditor or by us in Form ADT 4
  as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (xi) (c) We have taken into consideration the whistle blower complaints received by the Company during the year while determining the nature, timing and extent of audit procedures.
- (xii) (a) The Company is not a nidhi Company as per the provisions of the Companies Act, 2013. Therefore, the requirement to report on clause 3(xii)(a), 3(xii)(b) and 3(xii)(b) of the Order is not applicable to the Company.
- (xiii) Transactions with the related parties are in compliance with sections 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the standalone financial statements, as required by the applicable accounting standards.
- (xiv)(a) The Company has an internal audit system commensurate with the size and nature of its business.

- (xiv)(b) The internal audit reports of the Company issued till the date of the audit report, for the period under audit have been considered by us.
- (xv) The Company has not entered into any non-cash transactions with its directors or persons connected with its director and hence requirement to report on clause 3(xv) of the order is not applicable to the Company.
- (xvi)(a) The provisions of section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934) are not applicable to the Company. Accordingly, the requirement to report on clause (xvi)(a) of the Order is not applicable to the Company.
- (xvi)(b) The Company is not engaged in any Non-Banking Financial or Housing Finance activities. Accordingly, the requirement to report on clause (xvi)(b) of the Order is not applicable to the Company.
- (xvi)(c) The Company is not a Core Investment Company as defined in the regulations made by Reserve Bank of India. Accordingly, the requirement to report on clause 3(xvi) (c) of the Order is not applicable to the Company.
- (xvi)(d) The Group does not have more than one CIC as part of the Group, hence, the requirement to report on clause 3(xvi)(d) of the Order is not applicable to the Company.
- (xvii) The Company has not incurred cash losses in the current and immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors during the year and accordingly requirement to report on Clause 3(xviii) of the Order is not applicable to the Company.

- (xix) On the basis of the financial ratios disclosed in note 53 to the standalone financial statements, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx)(a) In respect of other than ongoing projects, there are no unspent amounts that are required to be transferred to a fund specified in Schedule VII of the Companies Act, 2013 ('the Act'), in compliance with second proviso to sub section 5 of section 135 of the Act. This matter has been disclosed in note 47 to the financial statements.
- (xx)(b) There are no unspent amounts in respect of ongoing projects, that are required to be transferred to a special account in compliance of provision of sub section (6) of section 135 of Companies Act. This matter has been disclosed in note 47 to the standalone financial statements.

# ANNEXURE '2' TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF MANKIND PHARMA LIMTED

# Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to standalone financial statements of Mankind Pharma Limited ("the Company") as of March 31, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

# Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

# Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to these standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to these standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to these standalone financial statements.

# Meaning of Internal Financial Controls with reference to these Standalone Financial Statements

A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

# Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements,

including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

# **1** CORPORATE INFORMATION

Mankind Pharma Limited ("Mankind" or "the Company") is a public company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India, has its registered office at 208, Okhla Industrial Estate Phase-III, New Delhi 110020, Delhi, India. The Company has completed its Initial Public Offer (IPO) and accordingly the Company's equity shares are listed on National Stock Exchange (NSE) and Bombay Stock Exchange (BSE) on May 09, 2023.

The Company is principally engaged in the manufacturing and trading of pharmaceuticals and health care products. The Company has three manufacturing facilities at Paonta Sahib in the state of Himachal Pradesh, one manufacturing facility in state of Sikkim, three in-house research and development centres at IMT Manesar, Gurgaon, Haryana and one in-house research and development centre at Thane, Maharashtra to carry out research in pharmaceutical products. These standalone financial statements were approved for issue in accordance with a resolution of the directors on May 30, 2023.

# 2 Significant Accounting Policies

This note provides a list of the significant accounting policies adopted in the preparation of these Indian Accounting Standards (Ind-AS) financial statements. These policies have been consistently applied to all the years.

# 2.01Basis of preparation of Standalone Financial Statements

These standalone financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation and disclosure requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III) as amended. These standalone financial statements are presented in INR and all values are rounded to the nearest lacs (INR 00,000), except when otherwise indicated. The Company has prepared the financial statements on the basis that it will continue to operate as a going concern.

The financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value or revalued amount:

 Certain financial assets and liabilities that is measured at fair value (refer accounting policy regarding financial instruments)

- ii) Assets held for sale-measured at fair value less cost to sell
- iii) Defined benefit plans-plan assets measured at fair value

# 2.02Investment in Subsidiaries, associates and joint venture

The investment in subsidiaries, associates and Joint venture are carried at cost as per IND AS 27. The Company regardless of the nature of its involvement with an entity (the investee), determines whether it is a parent by assessing whether it controls the investee. The Company controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

The Company considers investment in an entity as an associate when, the Company has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

The Company considers investment in an entity as a joint venture whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The considerations made in determining whether significant influence or joint control are similar to those necessary to determine control over the subsidiaries.

Investments are accounted in accordance with Ind AS 105 when they are classified as held for sale. On disposal of investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

# 2.03 Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non- current classification. An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for purpose of trading
- Expected to be realised within twelve months after the reporting period, or

# Notes to the standalone financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

- cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification. All other liabilities are classified as non current.

Deferred tax assets and deferred tax liabilities are classified as non- current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

# 2.04Foreign currency translation

# (i) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The Company's financial statements are presented in Indian rupee (INR) which is also the Company's functional and presentation currency.

# (ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rate prevailing at the date of the transaction. Foreign exchange gains and losses resulting from the settlement of such transaction and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rate are generally recognised in the statement of profit and loss.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional

currency spot rates of exchange at the reporting date. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

# (iii) Exchange differences

Exchange differences arising on settlement or translation of monetary items are recognized as income or expense in the period in which they arise with the exception of exchange differences on gain or loss arising on translation of non-monetary items measured at fair value which is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognized in OCI or profit or loss are also recognized in OCI or profit or loss, respectively).

# 2.05Fair value measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- (i) In the principal market for asset or liability, or
- (ii) In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, Stat

Financial

for the year ended March 31, 2023

All amounts are in INR lacs unless otherwise stated

maximising the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

**Level 1-** Quoted(unadjusted) market prices in active markets for identical assets or liabilities

**Level 2-** Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

**Level 3-** Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to fair value measurement as a whole ) at the end of each reporting period.

External valuers are involved for valuation of significant assets, such as properties and unquoted financial assets. Involvement of external valuers is decided upon annually by the Management. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. Management decides, after discussions with the external valuers, which valuation techniques and inputs to use for each case.

At each reporting date, management analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's accounting policies. For this analysis, management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The management also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

# 2.06 Revenue from contracts with customers

The Company sells, manufactured and traded range of pharmaceutical and healthcare products. Revenue from contracts with customers involving sale of these products is recognized at a point in time when control of the product has been transferred, and there are no unfulfilled obligation that could affect the customer's acceptance of the products. Delivery occurs when the products are shipped to specific location and control has been transferred to the customers. The Company has objective evidence that all criterion for acceptance has been satisfied.

# (a) Sale of produts

Revenue from contracts with customers in respect of sale of products is recognised at the point in time when control of the goods is transferred to the customer, generally on delivery of the goods and there are no unfulfilled obligations.

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation.

The Company considers, whether there are other promises in the contract in which their are separate performance obligations, to which a portion of the transaction price needs to be allocated. In determining the transaction price for the sale of products, the Company allocates a portion of the transaction price to goods bases on its relative standalone prices and also considers the following:-

# (i) Variable consideration

If the consideration in a contract includes a variable amount, the Company estimates the amount of consideration to which it will be entitled in exchange for transferring the goods to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved. The rights of return and volume rebates give rise to variable consideration.

# Notes to the standalone financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

# (ii) Sales Return

Sales returns accrual by recording an allowance for sales returns concurrent with the recognition of revenue at the time of a product sale. This allowance is based on the Company's estimate of expected sales returns. With respect to established products, the Company considers its historical experience of sales returns, levels of inventory in the distribution channel, estimated shelf life, product discontinuances, price changes of competitive products, and the introduction of competitive new products, to the extent each of these factors impact the Company's business and markets. With respect to new products introduced by the Company, such products have historically been either extensions of an existing line of product where the Company has historical experience or in therapeutic categories where established products exist and are sold either by the Company or the Company's competitors.

# (iii) Significant Financing Components

In respect of short-term advances from its customers, using the practical expedient in Ind AS 115, the Company does not adjust the promised amount of consideration for the effects of a significant financing component if it expects, at contract inception, that the period between the transfer of the promised good or service to the customer and when the customer pays for that good or service will be within normal operating cycle.

# (iv) Schemes

The Company operates several sales incentive programmes wherein the customers are eligible for several benefits on achievement of underlying conditions as prescribed in the scheme programme such as credit notes, reimbursement, investments etc. Revenue from contracts with customers is presented deducting cost of all these schemes.

# (b) Sale of services

Revenues from services are recognised as and when services are rendered and on the basis of contractual terms with the parties. The performance obligation in respect of this services is satisfied over a period of time and acceptance of the customer. In respect of these services, payment is generally due upon completion of services.

# (c) Contract balances

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional. A receivables represents the Company's right to an amount of consideration that is unconditional.

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration or an amount of consideration is due (whichever is earlier) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract.

A trade receivable is recognised if an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets in section (Financial instruments – initial recognition and subsequent measurement).

# (d) Other Operating Revenues

# (i) Royalty Income

Royalty revenue is recognised on an accrual basis in accordance with the substance of the relevant agreement (provided that it is probable that economic benefits will flow to the Company and the amount of revenue can be measured reliably). Royalty arrangements that are based on production, sales and other measures are recognised by reference to the underlying arrangement.

# (ii) Rental Income

Rental income arising from operating leases on investment properties is accounted for on a straight - line basis over the lease terms and is included in other income in the statement of profit or loss due to its non-operating nature.

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

(iii) Interest Income

For all debt instruments measured either at amortized cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortized cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in other income in the statement of profit and loss.

# (iv) Export benefit

Revenue from export benefits arising from duty drawback scheme, merchandise export incentive scheme, Remission of duties and taxes on exported product scheme are recognized on export of goods in accordance with their respective underlying scheme at fair value of consideration received or receivable.

# 2.07 Government Grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received, and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a straight-line basis over the expected lives of the related assets and presented within other income.

# 2.08Income Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income

based on the applicable income tax rate by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

# a) Current income tax

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the company operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and considers whether it is probable that a taxation authority will accept an uncertain tax treatment. The company measures its tax balances either based on the most likely amount or the expected value, depending on which method provides a better prediction of the resolution of the uncertainty.

# b) Deferred tax

Deferred income tax is provided using the liability method, on temporary differences between the tax bases of assets and liabilities and their carrying amounts in the standalone financial statements at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- Deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and unused tax losses can be utilised, except

# Notes to the standalone financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised, or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and liabilities are offset where there is a legally enforceable right to offset current tax assets and liabilities and where the deferred tax balances relate to the same taxation authority.

Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously. Current and deferred tax is recognised in Statement of profit and loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

# c) Minimum alternate tax (MAT):

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax for the year. The deferred tax asset is recognised for MAT credit available only to the extent that it is probable that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognizes MAT credit as an asset, it is created by way of credit to the statement of profit and loss and shown as part of deferred tax asset. The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent that it is no longer probable that it will pay normal tax during the specified period.

# d) Accounting policy when the entities operate under tax holiday scheme:

In the situations where one or more entities in the Company are entitled to a tax holiday under the Income-tax Act, 1961 enacted in India or tax laws prevailing in the respective tax jurisdictions where they operate, no deferred tax (asset or liability) is recognized in respect of temporary differences which reverse during the tax holiday period, to the extent the concerned entity's gross total income is subject to the deduction during the tax holiday period. Deferred tax in respect of temporary differences which reverse after the tax holiday period is recognized in the year in which the temporary differences originate. However, the Company restricts recognition of deferred tax assets to the extent it is probable that sufficient future taxable income will be available against which such deferred tax assets can be realized. For recognition of deferred taxes, the temporary differences which originate first are considered to reverse first.

-inancial

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

# 2.09Non-current assets held for sale

The Company classifies non-current assets as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use. Non- current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell. Costs to sell are the incremental costs directly attributable to the disposal of an asset, excluding finance costs and income tax expense. Any expected loss is recognized immediately in the statement of profit and loss.

The criteria for held for sale classification is regarded as met only when the sale is highly probable, and the assets is available for immediate sale in its present condition. Actions required to complete the sale/ distribution should indicate that it is unlikely that significant changes to the sale will be made or that the decision to sell will be withdrawn. Management must be committed to the sale and the sale expected within one year from the date of classification.

The Company treats sale of the asset to be highly probable when:

- i) The appropriate level of management is committed to a plan to sell the asset
- ii) An active programme to locate a buyer and complete the plan has been initiated (if applicable)
- iii) The asset is being actively marketed for sale at a price that is reasonable in relation to its current fair value.
- iv) The sale is expected to qualify for recognition as a completed sale within one year from the date of classification . and
- v) Actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

Property, plant and equipment and intangible assets once classified as held for sale are not depreciated or amortized.

Assets and liabilities classified as held for sale are presented separately as current items in the balance sheet.

# 2.10 Property, plant and equipment

Property, Plant and equipment are stated at cost, less accumulated depreciation and accumulated impairment losses, if any. Freehold land is carried at historical cost net off accumulated impairment. Capital work in progress is stated at cost, net of accumulated impairment loss, if any. The cost comprises of purchase price, taxes, duties, freight and other incidental expenses directly attributable and related to acquisition and installation of the concerned assets and are further adjusted by the amount of input tax credit availed wherever applicable.

Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Subsequent costs are included in asset's carrying amount or recognised as separate assets, as appropriate, only when it is probable that future economic benefit associated with the item will flow to the Company and the cost of item can be measured reliably.

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

Capital work- in- progress includes cost of property, plant and equipment under installation / under development as at the balance sheet date.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Depreciation on property, plant and equipment is calculated on prorata basis on straight-line method

# Notes to the standalone financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

using the useful lives of the assets estimated by management. The useful life is as follows:

| Assets                 | Useful life (in years) |  |
|------------------------|------------------------|--|
| Building               | 30 and 60              |  |
| Plant and Equipment    | 10 - 15                |  |
| Furniture and Fittings | 10                     |  |
| Vehicles               | 8 and 10               |  |
| Office Equipment       | 5                      |  |
| Mobile Phones          | 2                      |  |
| Mobile tablets         | 1                      |  |
| Computers              | 3                      |  |
| Servers and Networks   | 6                      |  |

The useful lives have been determined based on technical evaluation done by the management's expert. In certain assets such as plant and machineries, mobile phones and mobile tablets, useful lives are lower than those specified by schedule II to the Companies Act 2013 and are depreciated over the estimated useful lives of 10 years, 2 years and 1 year respectively, in order to reflect the actual usage of asset. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used. The residual values are not more than 5% of the original cost of the assets. The asset's residual values and useful lives are reviewed, and adjusted if appropriate.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Lease hold improvements are depreciated on straight line basis over shorter of the asset's useful life and their initial agreement period.

# 2.11 Investment Properties

Property that is held for long term rental yields or for capital appreciation or for both, and that is not occupied by the Company, is classified

ma Limited

Pha

nkind I

Mar

Financial

as investment property. Investment property is measured initially at its cost, including related transaction cost and where applicable borrowing costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any. Subsequent expenditure is capitalized to assets carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. When significant parts of investment property are required to be replaced at intervals, the Company depreciates them separately based on their respective useful lives. All other repair and maintenance cost are expensed when incurred.

Though the Company measures investment property using cost-based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an external independent valuer applying a valuation model as per Ind AS 113 " Fair value measurement".

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

Investment properties are depreciated using straight line method over their estimated useful life i.e. 30 years.

Transfer of property from investment property to the property, plant and equipment is made when the property is no longer held for long term rental yields or for capital appreciation or both at carrying amount of the property transferred.

# 2.12 Intangible assets

# Goodwill

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred over the fair value of net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Company re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

consideration transferred, then the gain is recognised in other comprehensive income and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognizes the gain directly in equity as capital reserve, without routing the same through other comprehensive income. After initial recognition, goodwill is measured at cost less any accumulated impairment losses, if any. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Company's cashgenerating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquire are assigned to those units. A cash generating unit to which goodwill has been allocated is tested for impairment annually or earlier, when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

# Other intangible assets

Other intangible assets acquired separately are measured on initial recognition at cost. The Cost of intangible assets acquired in business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Internally generated intangibles, excluding capitalized development cost, are not capitalized and the related expenditure is reflected in statement of Profit and Loss in the period in which the expenditure is incurred. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use.

The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives are amortized over their useful economic lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life is reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset is accounted for by changing the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is recognized in the statement of profit and loss in the expense category consistent with the function of the intangible assets.

Intangible assets with indefinite useful lives are not amortized, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from disposal of the intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the assets are disposed off.

Intangible assets with finite useful life are amortized on a straight line basis over their estimated useful life as under:

| Assets                  | Useful life (in years) |
|-------------------------|------------------------|
| Trademarks & copyrights | 2-15                   |
| Patents                 | 6                      |
| Technical know-how      | 5-7                    |
| Non-compete fee         | 5                      |

## Research and development cost

Research costs are expensed as incurred. Development expenditure incurred on an individual project is recognized as an intangible asset when the Company can demonstrate all the following:

- The technical feasibility of completing the intangible asset so that it will be available for use or sale;
- ii) Its intention to complete the asset;
- iii) Its ability to use or sale the asset;
- iv) How the asset will generate future economic benefits;
- v) The availability of adequate resources to complete the development and to use or sale the asset; and

# Notes to the standalone financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

vi) The ability to measure reliably the expenditure attributable to the intangible asset during development.

Following the initial recognition of the development expenditure as an asset, the cost model is applied requiring the asset to be carried at cost less any accumulated amortization and accumulated impairment losses. Amortization of the asset begins when development is complete and the asset is available for use. It is amortized on straight line basis over the estimated useful life. During the period of development, the asset is tested for impairment annually.

# 2.13Borrowing Costs

Borrowing cost includes interest and other costs incurred in connection with the borrowing of funds and charged to Statement of Profit & Loss on the basis of effective interest rate (EIR) method. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing cost.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are recognized as expense in the period in which they occur.

# 2.14Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

# Company as a lessee

The Company's lease asset classes primarily comprise of lease for land and building. The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of lowvalue assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

### i) Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and accumulated impairment losses, and adjusted for any

remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the unexpired period of respective leases ranging from 33-99 years.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment. Refer to the accounting policies in section 'Impairment of non-financial assets'.

# ii) Lease Liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset. Finan

# for the year ended March 31, 2023

All amounts are in INR lacs unless otherwise stated

# (iii) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

# Company as a lessor

Leases for which the Company is a lessor is classified as finance or operating lease. Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straightline basis over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

# 2.15 Inventories

# a) Basis of valuation:

Inventories are valued at lower of cost and net realizable value after providing cost of obsolescence, if any. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. The comparison of cost and net realizable value is made on an item-by-item basis.

# b) Method of Valuation:

 Cost of raw materials has been determined by using moving weighted average cost method and comprises all costs of purchase, duties, taxes (other than those subsequently recoverable from tax authorities) and all other costs incurred in bringing the inventories to their present location and condition.

- Cost of finished goods and work-in-progress includes direct material and labour and a proportion of manufacturing overheads based on normal operating capacity but excluding borrowing cost. Fixed production overheads are allocated on the basis of normal capacity of production facilities. Cost is determined on moving weighted average basis.
- iii) Cost of traded goods has been determined by using moving weighted average cost method and comprises all costs of purchase, duties, taxes (other than those subsequently recoverable from tax authorities) and all other costs incurred in bringing the inventories to their present location and condition.
- iv) Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

# 2.16Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs

# Notes to the standalone financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate for the products, industries, or country or countries in which the Company operates, or for the market in which the asset is used.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of profit and loss, except for properties previously revalued with the revaluation surplus taken to OCI. For such properties, the impairment is recognised in OCI up to the amount of any previous revaluation surplus.

An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit and loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

# 2.17 Provisions and Contingent Liabilities

# Provisions

A provision is recognized when the Company has a present obligation (legal or constructive) as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. If the effect of the time value of money is material, provisions are discounted using a current pretax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

# Sales Return

Provisions for sales returns is determined based on the historical percentage of sales return for the same types of goods for which the provision is currently being determined. The same percentage to the sales is applied for the current accounting period to derive the provision for sales return to be accrued. It is very unlikely that actual sales return will exactly match the historical percentage, so such estimates are reviewed annually for any material changes in assumptions and likelihood of occurrence.

# **Contingent liabilities**

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases, where there is a liability that cannot be recognized because it cannot be measured reliably. the Company does not recognize a contingent liability but discloses its existence in the financial statements unless the probability of outflow of resources is remote.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

# 2.18Retirement and other employee benefits

# (i) Short-term obligations

Liabilities for wages and salaries, including non monetary benefits that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are recognized in respect of employee service up to the end of the reporting period and are measured at the amount expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

# (ii) Other long-term employee benefit obligations

# a) Gratuity

The Company has a defined benefit plan (the "Gratuity Plan"). The Gratuity Plan provides a lump sum payment to employees who have completed four years and two forty days or more of service at retirement, disability or termination of employment, being an amount based on the respective employee's last drawn salary and the number of years of employment with the Company. The Gratuity Plan, which is defined benefit plan, is managed by Mankind Pharma (P) Limited Employees Group Gratuity Trust ("the trust") with its investments maintained with Life insurance Corporation of India. The liabilities with respect to Gratuity Plan are determined by actuarial valuation on projected unit credit method on the balance sheet date, based upon which the Company contributes to the Gratuity Scheme. The difference, if any, between the actuarial valuation of the gratuity of employees at the year end and the balance of funds is provided for as assets/ (liability) in the books. Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognizes the following changes in the net defined benefit obligation under Employee benefit expense in statement of profit or loss:

- a) Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements
- b) Net interest expense or income

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through other comprehensive income in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

# b) Provident fund

Retirement benefit in the form of provident fund is a defined contribution scheme. the Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable through provident fund scheme as an expense, when an employee renders the related services. If the contribution payable to scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excesses recognized as an asset to the extent that the prepayment will lead to, for example, a reduction in future payment or a cash refund.

# c) Other employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of the defined benefit obligation as at the balance sheet date on the basis of actuarial valuation using projected unit credit method.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income and are never reclassified to statement of profit and loss. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in the statement of profit and loss as past service cost.

# (iii) Share Based payments

Employees (including senior executives) of the Company receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments (equity-settled transactions). The cost of equity-settled transactions is determined by the fair value at the date when the grant is

# Notes to the standalone financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

> made using an appropriate valuation model. That cost is recognised, together with a corresponding increase in share-based payment (SBP) reserves in equity, over the year in which the performance and/or service conditions are fulfilled in employee benefits expense. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting year has expired and the Company's best estimate of the number of equity instruments that will ultimately vest. The expense or credit in the standalone statement of profit and loss for a year represents the movement in cumulative expense recognised as at the beginning and end of that year and is recognised in employee benefits expense.

> Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Company's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions. Non-vesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and/ or performance conditions. No expense is recognised for awards that do not ultimately vest because non-market performance and/or service conditions have not been met. Where awards include a market or non-vesting condition, the transactions are treated as vested irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied. When the terms of an equity-settled award are modified, the minimum expense recognised is the expense had the terms had not been modified, if the original terms of the award are met. An additional expense is recognised for any modification that increases the total fair value of the share-based payment transaction or is otherwise beneficial to the employee as measured at the date of modification. For cancelled options, the payment

made to the employee shall be accounted for as a deduction from equity, except to the extent that the payment exceeds the fair value of the equity instruments of the Company, measured at the cancellation date. Any such excess from the fair value of equity instrument shall be recognised as an expense. The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

# 2.19Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

# (i) Financial Assets

# Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Company's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Company has applied the practical expedient, the Company initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing component or for which the Company has applied the practical expedient and are measured at the transaction price determined under Ind AS 115. Refer to the accounting policies in section 'Revenue from contracts with customers'.

In order for a financial asset to be classified and measured at amortised cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level. Financial assets with cash flows that are not SPPI are classified and measured at fair value through profit or loss, irrespective of the business model. Financial

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

The Company's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both. Financial assets classified and measured at amortised cost are held within a business model with the objective to hold financial assets in order to collect contractual cash flows while financial assets classified and measured at fair value through OCI are held within a business model with the objective of both holding to collect contractual cash flows and selling.

## Subsequent measurement

For purposes of subsequent measurement financial assets are classified in following categories:

- Financial assets at amortised cost (debt instruments)
- Financial assets at fair value through other comprehensive income (FVTOCI) with recycling of cumulative gains and losses (debt instruments)
- Financial assets designated at fair value through OCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)
- Financial assets at fair value through profit or loss

### Financial assets at amortised cost (debt instruments)

A 'financial asset' is measured at the amortised cost if both the following conditions are met:

- a) Business Model Test : The objective is to hold the financial asset to collect the contractual cash flows (rather than to sell the instrument prior to its contractual maturity to realize its fair value changes) and;
- b) Cash flow characteristics test: The contractual terms of the financial asset give rise on specific dates to cash flows that are solely payments of principal and interest on principal amount outstanding.

This category is most relevant to the Company. After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of EIR. EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses. The EIR amortization is included in other income in profit or loss. The losses arising from impairment are recognized in the profit or loss. This category generally applies to trade and other receivables.

# Financial assets at fair value through OCI (FVTOCI) (debt instruments)

A 'financial asset' is classified as at the FVTOCI if both of the following criteria are met:

- a) Business Model Test : The objective of financial instrument is achieved by both collecting contractual cash flows and selling the financial assets; and
- b) Cash flow characteristics test: The contractual terms of the Debt instrument give rise on specific dates to cash flows that are solely payments of principal and interest on principal amount outstanding.

Debt instrument included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI), except for the recognition of interest income, impairment gains or losses and foreign exchange gains or losses which are recognized in statement of profit and loss and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in OCI. Upon derecognition, the cumulative fair value changes recognised in OCI is reclassified from the equity to profit or loss.

### Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss are carried in the balance sheet at fair value with net changes in fair value recognised in the statement of profit and loss. This category includes derivative instruments and listed equity investments which the Company had not irrevocably elected to classify at fair value through OCI. Dividends on listed equity investments are recognised in the statement of profit and loss when the right of payment has been established.

# Notes to the standalone financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

# Financial assets designated at fair value through OCI (equity instruments)

Upon initial recognition, the Company can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they meet the definition of equity under Ind AS 32 Financial Instruments: Presentation and are not held for trading. The classification is determined on an instrument-by-instrument basis. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS103 applies are classified as at FVTPL.

Gains and losses on these financial assets are never recycled to profit or loss. Dividends are recognised as other income in the statement of profit and loss when the right of payment has been established, except when the Company benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

### Embedded Derivatives

A derivative embedded in a hybrid contract, with a financial liability or non-financial host, is separated from the host and accounted for as a separate derivative if: the economic characteristics and risks are not closely related to the host; a separate instrument with the same terms as the embedded derivative would meet the definition of a derivative; and the hybrid contract is not measured at fair value through profit or loss. Embedded derivatives are measured at fair value with changes in fair value recognised in profit or loss. Reassessment only occurs if there is either a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required or a reclassification of a financial asset out of the fair value through profit or loss category.

## Derecognition

A financial asset (or ,where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's statement of financial position) when:

- The rights to receive cash flows from the asset have expired, or
- the Company has transferred its rights to receive cash flows from the asset or has assumed an

obligation to pay the received cash flows in full without material delay to a third party under a "pass through" arrangement and either;

- (a) the Company has transferred substantially all the risks and rewards of the asset, or
- (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the company could be required to repay.

the Company has accounted for its investment in subsidiaries and associate and joint venture at cost.

# Impairment of financial assets

In accordance with IND AS 109, the Company applies expected credit losses( ECL) model for measurement and recognition of impairment loss on the following financial asset and credit risk exposure

- Financial assets measured at amortized cost;
- Financial assets measured at fair value through other comprehensive income(FVTOCI);

ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Finar

for the year ended March 31, 2023

All amounts are in INR lacs unless otherwise stated

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

The Company follows "simplified approach" for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables;
- All lease receivables resulting from the transactions within the scope of Ind AS 116-Leases

Under the simplified approach, the Company does not track changes in credit risk. Rather , it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. The Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward looking estimates are analysed.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss. This amount is reflected under the head 'other expenses' in the statement of profit and loss. The balance sheet presentation for various financial instruments is described below:

- (a) Financial assets measured as at amortised cost: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the company does not reduce impairment allowance from the gross carrying amount.
- (b) Loan commitments and financial guarantee contracts: ECL is presented as a provision in the balance sheet, i.e. as a liability.

(c) Debt instruments measured at FVTOCI: For debt instruments measured at FVTOCI, the expected credit losses do not reduce the carrying amount in the balance sheet, which remains at fair value. Instead, an amount equal to the allowance that would arise if the asset was measured at amortised cost is recognised in other comprehensive income as the accumulated impairment amount.

# (ii) Financial liabilities:

# Initial recognition and measurement

Financial liabilities are classified, at initial recognition as financial liabilities at fair value through profit or loss, loans and borrowings, and payables, net of directly attributable transaction costs. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company financial liabilities include loans and borrowings, trade payables, trade deposits, financial guarantees and other payables.

# Subsequent measurement

For purposes of subsequent measurement, financial liabilities are classified in two categories:

- (i) Financial liabilities at fair value through profit or loss
- (ii) Financial liabilities at amortised cost (loans and borrowings)

# Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivatives financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationship as defined by Ind AS 109. The separated embedded derivate are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognized in the statement of profit and loss.

# Notes to the standalone financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to profit and loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognized in the statement of profit or loss. the Company has not designated any financial liability as at fair value through profit and loss.

# Financial liabilities at amortised cost (Loans and borrowings)

After initial recognition, interest-bearing borrowings are subsequently measured at amortized cost using the Effective interest rate method. Gains and losses are recognized in profit or loss when the liabilities are derecognised as well as through the Effective interest rate amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the Effective interest rate. The Effective interest rate amortization is included as finance costs in the statement of profit and loss.

# **Trade Payables**

These amounts represents liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 30 to 120 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognized initially at fair value and subsequently measured at amortized cost using Effective interest rate method.

# Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less, when appropriate, the cumulative amount of income recognized in accordance with with the principles of Ind AS 115.

# Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit and loss.

# Offsetting of financial instruments

Financials assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

# Reclassification of financial assets/ financial liabilities

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

laior

Finar

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

# 2.20 Derivative financial instruments and hedge accounting

# Initial recognition and subsequent measurement

Derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. The purchase contracts that meet the definition of a derivative under Ind AS 109 are recognised in the statement of profit and loss. Commodity contracts that are entered into and continue to be held for the purpose of the receipt or delivery of a non-financial item in accordance with the Company's expected purchase, sale or usage requirements are held at cost. Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss, except for the effective portion of cash flow hedges, which is recognised in OCI and later reclassified to profit or loss when the hedge item affects profit or loss or treated as basis adjustment if a hedged forecast transaction subsequently results in the recognition of a non-financial asset or non-financial liability. For the purpose of hedge accounting, hedges are classified as:

- (i) Fair value hedges when hedging the exposure to changes in the fair value of a recognised asset or liability or an unrecognised firm commitment
- (ii) Cash flow hedges when hedging the exposure to variability in cash flows that is either attributable to a particular risk associated with a recognised asset or liability or a highly probable forecast transaction or the foreign currency risk in an unrecognised firm commitment
- (iii) Hedges of a net investment in a foreign operation

Hedges that meet the strict criteria for hedge accounting are accounted for, as described below:

# Fair value hedges

The change in the fair value of a hedging instrument is recognised in the statement of profit and loss as finance costs. The change in the fair value of the hedged item attributable to the risk hedged is recorded as part of the carrying value of the hedged item and is also recognised in the statement of profit and loss as finance costs. For fair value hedges relating to items carried

at amortised cost, any adjustment to carrying value is amortised through profit or loss over the remaining term of the hedge using the EIR method. EIR amortization may begin as soon as an adjustment exists and no later than when the hedged item ceases to be adjusted for changes in its fair value attributable to the risk being hedged. If the hedged item is derecognised, the unamortised fair value is recognised immediately in profit or loss. When an unrecognised firm commitment is designated as a hedged item, the subsequent cumulative change in the fair value of the firm commitment attributable to the hedged risk is recognised as an asset or liability with a corresponding gain or loss recognised in profit and loss.

## Cash flow hedges

The effective portion of the gain or loss on the hedging instrument is recognised in OCI in the cash flow hedge reserve, while any ineffective portion is recognised immediately in the statement of profit and loss. The ineffective portion relating to foreign currency contracts is recognised in finance costs and the ineffective portion relating to commodity contracts is recognised in other income or expenses. Amounts recognised as OCI are transferred to profit or loss when the hedged transaction affects profit or loss, such as when the hedged financial income or financial expense is recognised or when a forecast sale occurs. When the hedged item is the cost of a non-financial asset or non-financial liability, the amounts recognised as OCI are transferred to the initial carrying amount of the non-financial asset or liability. If the hedging instrument expires or is sold, terminated or exercised without replacement or rollover (as part of the hedging strategy), or if its designation as a hedge is revoked, or when the hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss previously recognised in OCI remains separately in equity until the forecast transaction occurs or the foreign currency firm commitment is met.

# 2.21Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, that are readily convertible to a known amount of cash

# Notes to the standalone financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

and subject to an insignificant risk of changes in value. For the purpose of the standalone statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

# 2.22 Dividend

The Company recognizes a liability to pay dividend to equity holders of the Company, when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

# 2.23 Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effect of all potentially dilutive equity shares.

# 2.24New and amended standards adopted by the Company

The Company applied for the first-time certain standards and amendments, which are effective for annual periods beginning on or after April 01, 2022. The Ministry of Corporate Affairs has notified Companies (Indian Accounting Standard) Amendment Rules 2022 dated March 23, 2022, to amend the following Ind AS which are effective from April 01, 2022.

# 1 Onerous Contracts - Costs of Fulfilling a Contract - Amendments to Ind AS 37

An onerous contract is a contract under which the unavoidable of meeting the obligations under the contract costs (i.e., the costs that the Company Finan

cannot avoid because it has the contract) exceed the economic benefits expected to be received under it.

The amendments specify that when assessing whether a contract is onerous or loss-making, an entity needs to include costs that relate directly to a contract to provide goods or services including both incremental costs (e.g., the costs of direct labour and materials) and an allocation of costs directly related to contract activities (e.g., depreciation of equipment used to fulfil the contract and costs of contract management and supervision). General and administrative costs do not relate directly to a contract and are excluded unless they are explicitly chargeable to the counterparty under the contract. These amendments has no impact on the Company.

### Reference to the Conceptual Framework -2 Amendments to Ind AS 103

The amendments replaced the reference to the ICAI's "Framework for the Preparation and Presentation of Financial Statements under Indian Accounting Standards" with the reference to the "Conceptual Framework for Financial Reporting under Indian Accounting Standard" without significantly changing its requirements.

The amendments also added an exception to the recognition principle of Ind AS 103 Business Combinations to avoid the issue of potential 'day 2' gains or losses arising for liabilities and contingent liabilities that would be within the scope of Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets or Appendix C, Levies, of Ind AS 37, if incurred separately.

The exception requires entities to apply the criteria in Ind AS 37 or Appendix C, Levies, of Ind AS 37, respectively, instead of the Conceptual Framework, to determine whether a present obligation exists at the acquisition date.

The amendments also add a new paragraph to IFRS 3 to clarify that contingent assets do not qualify for recognition at the acquisition date. In accordance with the transitional provisions, the Company applies the amendments prospectively, i.e., to business combinations occurring after the beginning of the annual reporting period in which it first applies the amendments (the date of initial application). These amendments has no impact on the Company.

for the year ended March 31, 2023

All amounts are in INR lacs unless otherwise stated

3 Property, Plant and Equipment: Proceeds before Intended Use – Amendments to Ind AS 16

The amendments modified paragraph 17(e) of Ind AS 16 to clarify that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment.

The amendments are effective for annual reporting periods beginning on or after 1 April 2022. These amendments has no impact on the Company.

#### 4 Ind AS 101 First-time Adoption of Indian Accounting Standards – Subsidiary as a firsttime adopter

The amendment permits a subsidiary that elects to apply the exemption in paragraph D16(a) of Ind AS 101 to measure cumulative translation differences for all foreign operations in its financial statements using the amounts reported by the parent, based on the parent's date of transition to Ind AS, if no adjustments were made for consolidation procedures and for the effects of the business combination in which the parent acquired the subsidiary. This amendment is also available to an associate or joint venture that uses exemption in paragraph D16(a) of Ind AS 101.

The amendments are effective for annual reporting periods beginning on or after 1 April 2022 but do not apply to the Company as it is not a first-time adopter.

#### 5 Ind AS 109 Financial Instruments – Fees in the '10 per cent' test for derecognition of financial liabilities

The amendment clarifies the fees that an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf.

In accordance with the transitional provisions, the company applies the amendment to financial liabilities that are modified or exchanged on or after the beginning of the annual reporting period in which the entity first applies the amendment (the date of initial application). These amendments has no impact on the Company.

6 Ind AS 41 Agriculture – Taxation in fair value measurements

The amendment removes the requirement in paragraph 22 of Ind AS 41 that entities exclude cash flows for taxation when measuring the fair value of assets within the scope of Ind AS 41.

The amendments are effective for annual reporting periods beginning on or after 1 April 2022. The amendments has no impact on the Company as it did not have assets in scope of IAS 41 as at the reporting date.

#### New amendments issued but not effective

The Ministry of Corporate Affairs has notified Companies (Indian Accounting Standards) Amendment Rules, 2023 dated March 31, 2023 to amend the following Ind AS which are effective from April 01, 2023.

#### (i) Definition of Accounting Estimates -Amendments to Ind AS 8:

The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. It has also been clarified how entities use measurement techniques and inputs to develop accounting estimates. The amendments are effective for annual reporting periods beginning on or after 1 April 2023 and apply to changes in accounting policies and changes in accounting estimates that occur on or after the start of that period. The amendments are not expected to have a material impact on the Company's financial statements.

### ii) Disclosure of Accounting Policies- Amendments to Ind AS 1:

The amendments aim to help entities provide accounting policy disclosures that are more useful by replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures. The amendments to Ind AS 1 are applicable for annual periods beginning on or after 1 April 2023. Consequential amendments have been made in

# Notes to the standalone financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

Ind AS 107. The Company is currently assessing the impact of the amendments.

(iii) Deferred Tax related to Assets and Liabilities arising from a Single Transaction - Amendments to Ind AS 12:

The amendments narrow the scope of the initial recognition exception under Ind AS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences. The amendments should be applied to transactions that occur on or after the beginning of the earliest comparative period presented. In addition, at the beginning of the earliest comparative period presented, a deferred tax asset (provided that sufficient taxable profit is available) and a deferred tax liability should also be recognised for all deductible and taxable temporary differences associated with leases and decommissioning obligations. Consequential amendments have been made in Ind AS 101. The amendments to Ind AS 12 are applicable for annual periods beginning on or after April 01, 2023. The Company is currently assessing the impact of the amendments.

#### 2.25 Segment reporting :

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Board of directors monitors the operating results of all product segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit and loss and is measured consistently with profit and loss in the financial statements.

The operating segments have been identified on the basis of the nature of products/services. Further:

- 1 Segment revenue includes sales and other income directly identifiable with / allocable to the segment including inter segment revenue.
- 2 Expenses that are directly identifiable with / allocable to segments are considered for determining the segment result. Expenses which relate to the Company as a whole and not allocable to segments are included under unallocable expenditure.
- 3 Income which relates to the Company as a whole and not allocable to segments is included in unallocable income.

- 4 Segment results includes margins on intersegment sales which are reduced in arriving at the profit before tax of the Company.
- 5 Segment assets and liabilities include those directly identifiable with the respective segments. Unallocable assets and liabilities represent the assets and liabilities that relate to the Company as a whole and not allocable to any segment.
- 6 Segment revenue resulting from transactions with other business segments is accounted on the basis of transfer price agreed between the segments. Such transfer prices are either determined to yield a desired margin or agreed on a negotiated business.

# 2.26Significant accounting judgments, estimates and assumptions

The preparation of the standalone financial statements requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these judgements, assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

#### (i) Judgments

In the process of applying the Company's accounting policies, management has made the following judgments, which have the most significant effect on the amounts recognized in the financial statements.

#### a) Leases

The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised. The Company has several lease contracts that include extension and termination options. The Company applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Company reassesses the lease term

for the year ended March 31, 2023

All amounts are in INR lacs unless otherwise stated

if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate (e.g., construction of significant leasehold improvements or significant customisation to the leased asset).

#### (ii) Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the standalone financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

#### a) Taxes

Uncertainties exist with respect to the interpretation of tax regulations, changes in tax laws, and the amount and timing of future taxable income. Given the wide range of business relationships differences arising between the actual results and the assumptions made, or future changes to such assumptions, could necessitate future adjustments to tax income and expense already recorded. The Company establishes provisions, based on reasonable estimates. The amount of such provisions is based on various factors, such as experience of previous tax audits and differing interpretations of tax regulations by the taxable entity and the responsible tax authority.

#### b) Gratuity benefit

The cost of defined benefit plans (i.e. Gratuity benefit) is determined using actuarial valuations. An actuarial valuation involves making various assumptions which may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the complexity of the valuation, the underlying assumptions and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. In determining the appropriate discount rate, management considers the interest rates of long term government bonds with extrapolated maturity corresponding to the expected duration of the defined benefit obligation. The mortality rate is based on publicly available mortality tables for India. Future salary increases and pension increases are based on expected future inflation rates for India. Further details about the assumptions used, including a sensitivity analysis, are given in Note 38.

#### c) Fair value measurement of financial instrument

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

#### d) Impairment of financial assets

The impairment provisions of financial assets are based on assumptions about risk of default and expected loss rates. the Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history ,existing market conditions as well as forward looking estimates at the end of each reporting period.

#### e) Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An assets recoverable amount is the higher of an asset's CGU'S fair value less cost of disposal and its value in use. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are estimated based on past trend and discounted to their present value using a

# Notes to the standalone financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

> pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, or other fair value indicators.

#### f) Provision for sales return

Provisions for sales returns is determined based on the historical percentage of sales return for the same types of goods for which the provision is currently being determined. The same percentage to the sales is applied for the current accounting period to derive the provision for sales return to be accrued. It is very unlikely that actual sales return will exactly match the historical percentage, so such estimates are reviewed annually for any material changes in assumptions and likelihood of occurrence.

# g) Provision for expected credit losses (ECL) of trade receivables and contract assets

The Company uses a provision matrix to calculate ECLs for trade receivables and contract assets. The provision rates are based on days past due for groupings of various customer segments that have similarloss patterns (i.e., by geography, product ype, customer type and rating, and coverage by letters of credit and other forms of credit insurance). The provision matrix is initially based on the Company's historical observed default rates. The Company will calibrate the matrix to adjust the historical credit loss experience with forward-looking information. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed. The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Company's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future. The information about the ECLs on the Company's trade receivables and contract assets is disclosed in Note 14.

#### h) Property, Plant and Equipment

Property, Plant and Equipment represent significant portion of the asset base of the Company charge in respect of periodic depreciation is derived after determining an estimate of assets expected useful life and expected value at the end of its useful life. The useful life and residual value of Company's assets are determined by Management at the time asset is acquired and reviewed periodically including at the end of each year. The useful life is based on historical experience with similar assets, in anticipation of future events, which may have impact on their life such as change in technology. Notes to the standalone financial statements for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

Note :

Investment property represents, land and building at Distt - Tehri Garhwal. The said premise is held for capital appreciation.

# Notes to the standalone financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

#### Fair Value Hierarchy

The above fair valuation are based on valuations performed by an accredited independent valuer, who is specialised in valuing such type of investment property.

The Company has no restrictions on the realisability of its investment property and no contractual obligation to purchase, construct or develop or for repair & maintenance.

#### Description of Valuation Technique used:

The Company obtains independent valuations of its investment properties as at the year end. The fair value of the investment properties have been derived using the Direct Comparison Method. The direct comparison method involves a comparison of the investment properties to similar properties that have actually been sold on armslength basis or are offered for sale in the same region. This approach demonstrates what buyers have historically been willing to pay (and sellers willing to accept) for similar properties in an open and competitive market, and is particularly useful in estimating the value of the land and properties that are typically traded on a unit basis. This approach leads to a reasonable estimation of the prevailing price. Given that the comparable instances are located in close proximity to the investment properties; these instances have been assessed for their locational comparative advantages and disadvantages while arriving at the indicative price assessment for investment properties.

These valuations are based on valuations performed by an accredited independent valuer who is a specialist in valuing these types of investment properties and is a registered valuer as defined under rule 2 of Companies (Registered Valuers and Valuation) Rules, 2017. All resulting fair value estimates for investment property are included in level 3.

#### Sensitivity analysis of the investment property fair value assumptions

Further the Company has performed sensitivity analysis on the assumptions used by the valuer and ensured that the valuation of investment property is appropriate.

The Company undisputedly possesses the title deeds for all properties held by the Company, presented under 'freehold land and Buildings' in the above schedule.

indicators of impairment for year ended March 31, 2023 and March 31, 2022. The Company has allocated goodwill and other intangible assets wherever indicators exist their respective Cash Generating Unit i.e. Pharmaceutical and healthcare products and performed impairment test to ascertain the recoverable amount. The Company considers the relationship between its market capitalisation and its book value, among other factors, when reviewing for indicators of impairment. The recoverable amount for pharmaceutical CGU is determined based on value in use calculation. These calculations uses management assumptions and pre tax cash flow projections based on financed budgets approved by management covering a 5 to 7 years period. Cash flow projection beyond 5 years time period are extrapolated using the estimated

#### o Impairment of investments

The Company has performed a detailed analysis to identify indicators of impairment in respect of its investment portfolio considering internal and external factors in accordance with Ind-AS 36 - Impairment of assets. The Company has allocated investments wherever indicators exist to its respective Cash Generating Unit i.e. Pharmaceutical and healthcare products, Real estate and hospitality and performed impairment test to ascertain the recoverable amount. The recoverable amount is determined either based on value in use calculation or net selling price. In respect of pharmaceutical CGU and one of the investments in hospitality CGU, management calculates value in use using a discounted cash flow method. The discounted cash flow calculations uses management assumptions and pre tax cash flow projections based on financed budgets approved by respective entities management covering a 5 to 8 years period. Cash flow projection beyond 5 to 8 years time period are extrapolated using the estimated growth rates which is consistent with forecasts included in industry reports specific to industry in which CGU operates. In respect rest of real estate and hospitality CGU, the recoverable amount is calculated using the Direct Comparison Method. The fair value of investments has been determined by Government approved valuer. The direct comparison approach involves a comparison of the properties to similar properties that have actually been sold in arms-length distance from properties or are offered for sale in the same region. This approach demonstrates what buyers have historically been willing to pay (and sellers willing to accept) for similar properties in an open and competitive market, and is particularly useful in estimating the value of the land and properties that are typically traded on a unit basis. This approach leads to a reasonable estimation of the prevailing price. Given that the comparable instances are located in close proximity to the properties; these instances have been assessed for their locational comparative advantages and disadvantages while arriving at the indicative price assessment for properties. The fair value has been determined by Government approved valuer. The main inputs used are the rental growth rates, expected vacancy rates, terminal yields and discount rates based on comparable transactions and industry data. All resulting fair value estimates are included in level 3. In respect of investment in real estate and hospitality, management has considered their fair value considering the Direct comparison method. Management has determined following assumptions for impairment testing of investments in pharmaceutical CGU as stated below.

| Assumption relating to pharmaceutical CGU                                  | March 31,<br>2023 | March 31,<br>2022 | Approach used in determining value                                                                                                                   |
|----------------------------------------------------------------------------|-------------------|-------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|
| Weighted average Cost of<br>capital % (WACC) before tax<br>(discount rate) | 12.50%-<br>14.80% | 11-18%            | It has been determined basis risk free rate of return adjusted for equity risk premium                                                               |
| Long Term Growth Rate                                                      | 4.00%             | 4%-5%             | Long term growth rate has been taken basis financial<br>budgets and projections approved by management<br>which is in line with industry growth rate |

Management determined budgeted gross margin based on past performance and its expectations of market development. The weighted average growth rates used are consistent with the forecasts included in industry reports. The calculations performed indicate that there is impairment of investments in some investments in real estate sector, hospitality sector and few pharma and pharma packing investments. Management has performed a sensitivity analysis with respect to changes in assumptions for assessment of value-in-use of Investments. Based on this analysis, management believes that adequate headroom is available and change in any of above assumption would not cause any material possible change in carrying value of unit's CGU over and above its recoverable amount, other than those already accounted.

#### Sensitivity analysis of assumptions

The Company has performed sensitivity analysis on the key assumptions by +/- 2% for each of the assumptions used by the valuer and ensured that the valuation is appropriate and there is no further impairment.

# Notes to the standalone financial statements

#### Notes:

#### (i) Rights, preferences and restrictions attached to Equity Shares

The Company has only one class of equity shares having a par value of INR 1 per share. Each holder of equity shares is entitled to one vote per share. The Company declares and pays dividend in Indian rupees. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting. In the event of liquidation of the Company, holder of equity shares will be entitled to receive remaining assets of the Company after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

#### (ii) Reconciliation of the number of shares and amount outstanding at the beginning and at the end of the year:

#### Nature and purpose of reserve:

Under the erstwhile Companies Act 1956, General Reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid-up capital of the Company for that year, then the total dividend distribution is less than the total distributable results for that year. Consequent to introduction of Companies Act 2013, the requirement to mandatorily transfer a specified percentage of the net profit to General Reserve has been withdrawn. However, the amount previously transferred to General Reserve can be utilised only in accordance with provisions of the Companies Act, 2013.

#### Nature and purpose of reserve:

Securities premium is used to record premium on issue of shares. The reserves can be utilised only for limited purposes in accordance with provisions of the Companies Act, 2013.

#### 19.3 Retained earnings

| Particulars                                          | As at<br>March 31, 2023 | As at<br>March 31, 2022 |
|------------------------------------------------------|-------------------------|-------------------------|
| Balance at the beginning of the year (refer note 49) | 6,62,490.43             | 5,23,627.38             |
| Profit for the year                                  | 1,24,825.80             | 1,38,942.44             |
| Other comprehensive income/(loss)                    | (485.89)                | (79.39)                 |
| Balance at the end of the year                       | 7,86,830.34             | 6,62,490.43             |

#### Nature and purpose of reserve:

Retained earnings are the profits/(loss) that the Company has earned/incurred till date, less any transfers to general reserve, dividends or other distributions paid to shareholders. Retained earnings include re-measurement loss / (gain) on defined benefit plans, net of taxes that will not be reclassified to Statement of Profit and Loss.

The amount that can be distributed by the Company as dividends to its equity shareholders, is determined based on the requirements of Companies Act, 2013. Thus, the amounts reported above are not distributable in entirety.

**Provision for expected sales return:** A provision is recognized for expected sales return on products sold by the Company during the year based on the past experiences of level of return. It is expected that significant level of returns will be incurred in next financial year. Assumptions used to calculate said provision are based on current sales level and current information available about sales return.

| Revenue from contracts with customers | 8,12,057.49                  | 7,48,622.19                  |

#### (c) Contract balances

| Particulars                          | As at<br>March 31, 2023 | As at<br>March 31, 2022 |
|--------------------------------------|-------------------------|-------------------------|
| Trade receivables (refer note 14)    | 49,264.15               | 47,058.85               |
| Contract liabilities (refer note 24) | 2,125.05                | 1,586.82                |

The average credit period to domestic customers ranges upto 21 days and to export customers upto 180 days. Our credit terms for government institutions are typically ranging from 90 to 120 days. No interest is charged on trade receivables upto the due date from the date of the invoice.

Contract liabilities consist of short-term advances received against supply of goods to customer. Such advances are adjusted against supply of goods within a range of 3 months from the reporting date and the revenue is recognised out of the contract liabilities.

#### (d) Performance obligations

Sales of goods: Performance obligation is satisfied when control of goods is transferred to the customer, generally on delivery of the goods.

Sales of services: The performance obligation in respect of professional services is satisfied over a period of time and acceptance of the customer. In respect of these services, payment is generally due upon completion of services.

Effective tax rate has been calculated on profit before tax

On February 22, 2022 the Supreme Court of India passed an order that freebies provided to medical practitioners which were prohibited by law, was no less a prohibition on the part of the entity that is providing those freebies. The Company has evaluated its sales promotion expenses and also taken an expert opinion, basis which, it believes that the tax provisions accrued in the books adequately cover for any contingency. However, given the nature of the judgement, the ultimate outcome is not reasonably ascertainable at this stage.

#### (c) Other Litigations

There are some litigations filed against the Company on account of design, trademarks and patent infringements, labour matters etc. relating to conduct of its business. These cases are at various stage of proceedings and the extent of claim or damages is indeterminate at this stage.

The Company is contesting these cases and based on views of internal legal counsel and in consultation with external legal counsel representing the Company, it believes there is no liability which would devolve over the Company in respect of such cases and believes its position will be upheld in the jurisdictional authorities as at close of respective financial year. The Company has also filed some cases in nature of recovery suits, cases under Section 138 of the Negotiable Instrument Act, 1881, trademark infringement etc. The Company is pursuing these cases and have made adequate accrual for allowance for doubtful debts in respect of such cases, wherever considered necessary.

#### Notes

- (i) Claims / suits filed against the Company not acknowledged as debts which represents various legal cases filed against the company. The Company has disclaimed the liability and defending the action. The Company has been advised by its legal counsel that its position is likely to be upheld in the litigation process and accordingly no provision for any liability has been made in the financial statements.
- (ii) The Company is contesting the demands of income tax and sales tax, and the management, including its tax advisors, believe that its position will likely be upheld in the appellate process. The management believes that the ultimate outcome of this proceeding will not have a material adverse effect on the Company financial position and results of operations.
- (iii) Contingencies in respect of input credit availed under GST relates to input availed by the Company in respect of earlier years paid to GST authorities during the previous year consequent to audit by the office of the commissioner central GST audit, Gurugram which is subject to assessment. The Company is pursuing these and as advised by its legal counsel believes its position would be accepted by the authorities and accordingly, no provision is required to be accrued in the financial statements.

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

#### 38 Gratuity and other post-employment benefit plans

Disclosures pursuant to Ind AS - 19 "Employee Benefits" (notified under the section 133 of the Companies Act 2013 (the Act) read with Companies (Indian Accounting Standards) Rule 2015 (as amended from time to time) and other relevant provision of the Act) are given below :

#### a. Contribution to Defined Contribution Plan, recognised as expense for the year is as under:

The Company's contribution to the Employees Provident Fund is deposited with the Regional Provident Fund Commissioner for qualifying employees. Under the scheme, the Company is required to contribute a specified percentage of payroll cost to the retirement benefit plan to fund the benefits.

The Company recognised INR 7,758.78 lacs (March 31, 2022 : INR 6,543.02 lacs) towards Provident Fund, Employee State Insurance, National Pension Scheme and others contribution in the statement of profit and loss. The contribution payable to the plan by the Company is at the rate specified in rules to the scheme.

Hon'ble Supreme Court of India vide its judgement dated February 28, 2019 on Provident Fund required the Companies to include allowances for the purpose of PF contribution. Subsequently, the Company vide assessment letter no. 28212 dated 04 August 2020 received from Employees Provident Fund Organisation wherein the provident fund department has completed their assessment for FY 2015-16 to FY 2019-20. Hence, the Company is of the view, that there is no further liability on account of the Judgement.

#### Defined benefit plan – Gratuity plan b.

In accordance with the Payment of Gratuity Act of 1972, the Company contributes to a defined benefit plan ("the Gratuity Plan"). The gratuity plan provides a lump sum payment to vested employees at retirement, withdrawal, resignation and death of an employee. The gratuity liability is calculated on the basis of fifteen days salary (i.e. last drawn basic salary) for each completed period/year of service subject to completion of four years and two forty days in service.

Based on actuarial valuations conducted as at year end, a provision is recognised in full for the benefit obligation over and above the funds held in the Gratuity Plan.

In accordance with Payment of Gratuity Act, 1972, the Company contributes to a defined benefit plan ("the gratuity plan") run by Mankind Pharma (P) Limited Employees Group Gratuity Trust, Lifestar Pharma Private Limited Employees' Group Gratuity Assurance Scheme and Magnet Labs Private Limited Employees' Group Gratuity Assurance Scheme ("the trusts"). The trusts has taken a Group Gratuity Scheme which is administered by Life Insurance Corporation ("LIC") of India and Bajaj Allianz Life Insurance Company Limited.

#### (i) **Risks associated with Plan Provisions**

Risks associated with the plan provisions are actuarial risks. These risks are:- (i) investment risk, (ii) interest rate risk (discount rate risk), (iii) mortality risk and (iv) salary growth risk.

| Investment risk                            | The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to Government Bonds Yield. If plan liability is funded and return on plan assets is below this rate, it will create a plan deficit.                                                                                                          |
|--------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Interest rate risk<br>(discount rate risk) | A decrease in the bond interest rate (discount rate) will increase the plan liability                                                                                                                                                                                                                                                                            |
| Mortality risk                             | The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants. For this report we have used Indian Assured Lives Mortality (2012-14) ultimate table. A change in mortality rate will have a bearing on the plan's liability.                                                     |
| Salary growth risk                         | The present value of the defined benefit plan liability is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability. |

# Notes to the standalone financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

> The most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out as at March 31, 2023. The present value of defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

#### (ii) Principal actuarial assumptions:

Principle actuarial assumption used to determine the present value of the benefit obligation are as follows:

| Particulars                                        | Refer note<br>below | As at<br>March 31, 2023                | As at<br>March 31, 2022 |
|----------------------------------------------------|---------------------|----------------------------------------|-------------------------|
| (i) Discount rate (p.a.)                           | 1                   | 7.15%                                  | 6.30% to 6.95%          |

# Notes to the standalone financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

> The plan assets of the Company managed through trusts namely Mankind Pharma (P) Limited Employees Group Gratuity Trust, Lifestar Pharma Private Limited Employees' Group Gratuity Assurance Scheme and Magnet Labs Private Limited Employees' Group Gratuity Assurance Scheme ("the trusts"). The trusts have taken Group Gratuity Scheme which is administered by Life Insurance Corporation ("LIC") of India and Bajaj Allianz Life Insurance Company Limited. The plan assets of the Company are managed through the trusts. The details of investments relating to these assets are not shown by them. Hence, the composition of each major category of plan assets, the percentage or amount that each major category constitutes to the fair value of the total plan assets has not been disclosed.

#### Particulars

Broad categories of plan assets as a percentage of Insurer managed funds

#### f. Sensitivity analysis

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate and expected salary increase. The sensitivity analysis below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period/year, while holding all other assumptions constant.

#### Particulars

Discount Rate (-/+0.5%) (% change compared to base due to sensitivity) Salary Growth Rate (-/+0.5%) (% change compared to base due to sensitivity)

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit liability recognised in the Balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

The expected maturity analysis of undiscounted defined benefit obligation is as follows: q.

#### Notes

- 1 The discount rate is based on the prevailing market yields of Indian Government securities as at the balance sheet date for the estimated term of obligations.
- 2 The compensated absences plan is unfunded.
- 3 The estimates of future salary increase considered takes into account the inflation, seniority, promotion and other relevant factors.

#### **39 Capital Management**

For the purposes of Company's capital management, Capital includes equity attributable to the equity holders of the Company and all other equity reserves. The primary objective of the Company's capital management is to safeguard its ability to continue as going concern and to ensure that it maintains an efficient capital structure and maximize shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The Company is not subject to any externally imposed capital requirements. No changes were made in the objectives, policies or processes for managing capital during the year ended March 31, 2023 and March 31, 2022. Capital gearing ratio is net debt including lease liability divided by total capital plus net debt and Net debt is calculated as loans and borrowings less cash and cash equivalent. The Company's policy is to keep the gearing ratio below 10%.

The following table summarizes the capital structure of the Company:

| Particulars                                   | As at<br>March 31, 2023 | As at<br>March 31, 2022 |
|-----------------------------------------------|-------------------------|-------------------------|

#### **40 Financial Instruments**

#### A. Financial risk management objective and policies

The Company's principal financial liabilities comprise trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include trade and other receivables, and cash and cash equivalents that are derived directly from its operations.

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company is exposed to market risk, credit risk and liquidity risk.

The Company's senior management oversees the management of these risks. The senior professionals working to manage the financial risks and the appropriate financial risk governance framework for the Company are accountable to the Board of Directors and Audit Committee. This process provides assurance to Company's senior management that the Company's financial risk-taking activities are governed by appropriate policies and procedures and that financial risk are identified, measured and managed in accordance with Company policies and Company risk objective.

#### B. Fair value measurements

The management assessed that cash and cash equivalents, other bank balances, trade receivables, trade payables, borrowings, other current financial assets, loans and other current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the other financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

- 1) The fair value of unquoted instruments, loans from banks, other non-current financial assets and noncurrent financial liabilities is estimated by discounting future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities. The valuation requires management to use unobservable inputs in the model, of which the significant unobservable inputs are disclosed in the tables below. Management regularly assesses a range of reasonably possible alternatives for those significant unobservable inputs and determines their impact on the total fair value.
- 2) The fair values of the Company's interest-bearing borrowings are determined by using effective interest rate (EIR) method using discount rate that reflects the issuer's borrowing rate as at the end of the reporting period. The own non-performance risk as at March 31, 2023 was assessed to be insignificant.
- 3) Long-term receivables/payables are evaluated by the Company based on parameters such as interest rates, risk factors, individual creditworthiness of the counterparty and the risk characteristics of the financed project. Based on this evaluation, allowances are taken into account for the expected credit losses of these receivables.
- 4) Fair value hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs)

#### Notes

- mutual fund house.

The management considers that the carrying amounts of financial assets and financial liabilities having short term maturities recognised in the financial statement approximates their fair values.

#### **Risk management objectives**

**Risk management framework** 

The Company has exposure to the following risks arising from financial instruments:

- Market risk
- Liquidity risk
- Credit risk

Company's risk management framework.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed periodically to reflect changes in market conditions and the Company's activities. The Company, through its training, standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The audit committee oversees how management monitors compliance with the company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

#### a) Market risk :

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprises three types of risk: currency rate risk, interest rate risk and other price risks, such as equity price risk and commodity price risk. Financial instruments affected by

i. Investment in mutual funds traded in active markets are determined by reference to guotes from the financial institutions; for example: Net asset value (NAV) for investments in mutual funds declared by

ii. In the absence of observable inputs to measure fair value the assets and liabilities have been classified as level 3. The Company has not given further disclosures since the amount involved is not material.

The Company's board of directors has overall responsibility for the establishment and oversight of the

for the year ended March 31, 2023

All amounts are in INR lacs unless otherwise stated

market risks include loans and borrowings, deposits, investments , and foreign currency receivables and payables. The sensitivity analysis in the following sections relate to the position as at reporting date. The analysis exclude the impact of movements in market variables on: the carrying values of gratuity and other post-retirement obligations; provisions; and the non-financial assets and liabilities. The sensitivity of the relevant Profit and Loss item and equity is the effect of the assumed changes in the respective market risks. This is based on the financial assets and financial liabilities held as of March 31, 2023 and March 31, 2022.

#### (i) Price risk

The Company manages surplus funds through investments in mutual fund plans. The NAV declared by Asset Management Companies (AMC) has generally remained constant on the mutual fund plans taken by the Company. However, if the NAV of the fund is increased/decreased by 5%, the sensitivity analysis has been mentioned below:

| Particulars                                                | As at          | Closing balance | Impact on profit or loss |             |

#### (ii) Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in foreign currency). Foreign currency exchange rate exposure is partly balanced by purchasing of goods from the respective countries. The Company evaluates exchange rate exposure arising from foreign currency transactions and follows established risk management policies.

#### Foreign currency risk sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in USD, EUR, JPY, NPR, AED, GBP & SGD exchange rates, with all other variables held constant. The impact on the Company profit before tax and equity is due to changes in the fair value of monetary assets and liabilities. Foreign currency exposures recognised by the Company that have not been hedged by a derivative instrument or otherwise are as under:

#### (iii) Interest Rate Risk

Interest rate is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The exposure of the Company's fixed rate financial liabilities to interest rate risk is as follows:

| Particulars                            | As at          | Closing balance | Impact on profit or loss |             |
|----------------------------------------|----------------|-----------------|--------------------------|-------------|
|                                        |                |                 | 1% increase              | 1% decrease |

| Borrowings (Impact on profit and loss) | March 31, 2022 | 68,366.19       | (683.66)                 | 683.66      |

**Mankind Pharma Limited** 

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

#### (iv) Commodity Price Risk

Exposure to market risk with respect to commodity prices primarily arises from the Company's purchases and sales of active pharmaceutical ingredients, including the raw material components for such active pharmaceutical ingredients. These are commodity products, whose prices may fluctuate significantly over short periods of time. The prices of the Company's raw materials generally fluctuate in line with commodity cycles, although the prices of raw materials used in the Company's active pharmaceutical ingredients business are generally more volatile. Cost of raw materials forms the largest portion of the Company's cost of revenues. Commodity price risk exposure is evaluated and managed through operating procedures and sourcing policies. As of March 31, 2023, the Company has not entered into any material derivative contracts to hedge exposure to fluctuations in commodity prices.

#### b) Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. The Company's objective is to at all times maintain optimum levels of liquidity to meet its cash and liquidity requirements. The Company closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate source of financing through the use of short term bank deposits, mutual funds and cash credit facility. Processes and policies related to such risks are overseen by senior management. Management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows. The Company assessed the concentration of risk with respect to its debt and concluded it to be low. The Company remains committed to maintaining a healthy liquidity, gearing ratio, deleveraging and strengthening our balance sheet. The maturity profile of the Company's financial liabilities based on the remaining period from the date of balance sheet to the contractual maturity date is given in the table below. The figures reflect the contractual undiscounted cash obligation of the Company.

| Financial liabilities | As at Marc           | h 31, 2023                        | Total      |
|-----------------------|----------------------|-----------------------------------|------------|
|                       | Less than 1 year     | More than 1 year                  |            |

| Others                | 18,868.38            | -                                 | 18,868.38  |
|                       | 179,570.11           | 278.19                            | 179,848.30 |

#### c) Credit risk

Credit Risk is the risk that the counter party will not meet its obligation under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments.

#### **41 Segment Information**

#### 41.1 Description of Segment and principal activities

As per Ind AS-108, "Operating Segment" (specified under the section 133 of the Companies Act 2013 (the Act) read with Companies (Indian Accounting Standards) Rule 2015 (as amended from time to time) and other relevant provision of the Act ) the Company's chief operating decision maker, i.e. Managing Director ('CODM') has identified pharmaceuticals and other related products as the reportable segments.

given to/ on behalf of subsidiaries/ associate companies.

Since the company is having only one reportable segment hence disclosure requirement as per Ind AS 108 is not applicable.

#### 41.2 Geographical Information

The following table provides an analysis of the Company's sales by region in which the customer is located, irrespective of the origin of the goods.

\*Includes perquisites, allowance and bonus and does not include the provision made for gratuity and leave benefits, as they are determined on an actuarial basis for all the employees together.

### Remuneration payable to KMP

| Particulars                 | As at<br>March 31, 2023 | As at<br>March 31, 2022 |
|-----------------------------|-------------------------|-------------------------|
| Remuneration payable to KMP | 2,617.82                | 2,617.82                |

Note:

The transactions with related parties are made on terms equivalent to those that prevail in arm's length transactions. Outstanding balances at the year end are unsecured and interest free except for the loans given which carry interest at arms length. The settlement for these balances occurs in cash. There have been no guarantees provided or received for any related party receivables or payables other than disclosed above. Further, the Company has not recorded any impairment of receivables relating to amounts owed by related parties other than those disclosed above. This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.

43 Information as required to be furnished as per section 22 of the Micro, Small and Medium Enterprises Development Act, 2006 (MSMED Act) for the year ended March 31, 2023 is given below. This information has been determined to the extent such parties have been identified on the basis of information available with the Company.

**Mankind Pharma Limited** \_

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

46 Earnings per share

Basic earnings per share has been computed by dividing net profit after tax by the weighted average number of equity shares outstanding for the year. Diluted earnings per share has been computed using the weighted average number of equity shares and dilutive potential equity shares outstanding during the year.

| Particulars                                                                                         | Unit      | Year ended<br>March 31, 2023 | Year ended<br>March 31, 2022 |

\*Approved by Board of Directors in its meeting held on May 30, 2023 to be carried forward to next year.

### Note:

- 51.21 lacs).
- specified in the Companies Act, 2013.
- 48 There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

### 49 Scheme of Amalgamation

The Board of Directors of the Company, in its meeting held on May 20, 2021, approved the Scheme of Amalgamation between the Company ("Transferee Company") and its two wholly owned subsidiaries, Lifestar Pharma Private Limited ("Transferor Company-1") and Magnet Labs Private Limited ("Transferor Company-2") (Transferor Company-1 and Transferor Company-2 collectively referred as "Transferor Companies"), by way of and in accordance with a scheme of amalgamation ("the Scheme/Scheme") as per the provisions of Sections 230 to 232 and other applicable provisions of the Companies Act, 2013 (hereinafter referred to as the "Scheme"). The aforesaid Scheme was sanctioned by Hon'ble National Company Law Tribunal, New Delhi Bench (NCLT) vide its Order dated March 03, 2023. The order was filed with Registrar of Companies on March 30, 2023 ("effective date"), on which date, the transferor companies stood dissolved. There is no change in issued equity share capital (Promoter/ Pubic shareholding) of the Transferee Company, pursuant to the sanctioned Scheme, as no shares are being issued by the Transferee Company, in consideration of the sanctioned scheme.

Consequent to above, the entire business and whole of the Undertaking (including all assets, properties, titles, licenses, interests, investments, liabilities, rights, commitments and obligations) of the Transferor Companies, without any further act, instrument or deed, stood transferred to and vested in Transferee Company, as a going concern.

### A. Rationale for Amalgamation

- Company 1, Transferor Company 2 and the Transferee Company.
- align the field-force and support functions in both Transferor companies with Transferee Company.

(a) The total CSR Obligation of the Company for the financial year 2022-23, is arrived at, by adding up the average net profits of the Company and that of the erstwhile wholly-owned subsidiaries of the Company; i.e. Lifestar Pharma Private Limited ("Lifestar") and Magnet Labs Private Limited ("Magnet"), which were merged with the Mankind Pharma Limited w.e.f. April 01, 2020, Total merged CSR Obligation of INR 3,278.46 was arrived at by adding up the CSR Obligation of the Company (INR 3,086.01 lacs), Lifestar (INR 141.24 lacs) and Magnet (INR

(b) Excess of INR 99.56 lacs is on account of CSR Obligations of the Company i.e. Mankind Pharma Limited. The shortfalls in CSR expenditure is in respect of entities merged during the year, Lifestar (INR 37.43 lacs) and Magnet (INR 1.21 lacs) would be deposited by the Company in the funds and in accordance with the provisions

1. The amalgamation would result into reduction of inter company transactions inter-se between the Transferor

2. The amalgamation of Companies will result in the consolidation of the value in Transferee Company and

for the year ended March 31, 2023

All amounts are in INR lacs unless otherwise stated

- 3. As a result of amalgamation, there would be reduction in number of the companies leading to reduction in compliance requirements.
- 4. The amalgamation will result in reduction in overheads, administrative, managerial and other expenditure, and optimal utilization of various resources due to consolidation of activities.
- 5. The amalgamation of the companies will lead to greater efficiency in cash management of the Transferee Company and access to cash flow generated by the combined business.

### B. Accounting Treatment:

The Transferee Company has accounted for such merger in accordance with "Pooling of interest method" of accounting as laid down in Appendix C of Ind AS-103 Business Combinations of entitles under common control, notified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as specified in the scheme.

Further, as per Paragraph 9 (iii) of Appendix C to Ind AS 103, the financial information in the financial statements in respect of prior periods is restated as if the business combination had occurred from the beginning of the preceding presented. Accordingly, following treatment has been accounted for the merger by the company;

- (a) All assets and liabilities of the transferor Companies shall be recorded in the books of the Transferee Company at their respective carrying values.
- (b) The identity of the reserves of the Transferor Companies shall be preserved and shall recorded in the financial statements of the Transferee Company in the same form and at carrying value as appearing in the financial statements of the Transferee Company.
- (c) The inter-company balances between Transferee Companies and Transferor Companies, if any, appearing in the books of the Transferee Company stood cancelled.
- (d) The value of Investments held by the Transferee Company in the Transferor Companies stood cancelled.
- (e) The deficit arising after taking the effect of clauses (a) to (d) has been adjusted in Revenue reserve In the financial statements of the Transferee Company and has been presented separately.
- (f) The Company has restated the financial information as if the business combination has occurred from the beginning of the preceding period in accordance with Appendix C to Ind-AS 103 - 'Business Combinations of entities under Common Control' and the schemes.

50 The Company has established a comprehensive system of maintenance of information and documents as required by the transfer pricing legislation under Sections 92-92F of the Income- tax Act, 1961. Since the law requires existence of such information and documentation to be contemporaneous in nature, the Company is in the process of updating the documentation for the international transactions entered into with the associated enterprises during the year and expects such records to be in existence latest by such date as required under the law. The management is of the opinion that its transactions covered under transfer pricing regulations are at arm's length so that the aforesaid legislation will not have any impact on the financial statements, particularly on the amount of tax expense and that of provision for taxation.

51 During the year, the Company has capitalised following preoperative directly relatable to the cost of property, plant and equipment being expenses related to projects and developments, trial run. Consequently, expenses disclosed under the respective heads are net of amounts capitalised by the Company.

| Particulars                | Year ended<br>March 31, 2023 | Year ended<br>March 31, 2022 |
|----------------------------|------------------------------|------------------------------|
| Cost of materials consumed | 59.14                        | 61.85                        |
| Employee benefits expense  | 313.17                       | 35.54                        |
| Other expenses             | 175.88                       | 107.33                       |
|                            | 548.19                       | 204.72                       |

52 The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post employment benefits received Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the Code will come into effect has not been notified and the final rules/interpretation have not yet been issued. The Company will assess the impact of the Code when it come into effect and will record any related impact in the period the Code becomes effective. Based on a preliminary assessment, the Company believes the impact of the change will not be significant.

### Notes:

### Reason for change more than 25% :

- 1. Increase in current ratio in current year due to decrease in current liabilities primarily due to prepayment of borrowings.
- 2. The movement in current year is on account of decrease in debt resulting in decrease in Debt-equity ratio.
- 3. The movement in current year is on account of prepayment of borrowings.

4. The movement in current year is on account of increase in other equity on account of profits for the year.

**Mankind Pharma Limited**

### 55 Employee Share Based Payment

Employee Stock Option Scheme "ESOP-2022" was approved by our Board of Directors in their meeting held on July 19, 2022 and by our shareholders in their meeting dated August 9, 2022 respectively. Under ESOP-2022, Nomination and Remuneration Committee is authorised to grant 81,75,274 options to eligible employees in one more tranches. Options granted under ESOP-2022 shall not vest earlier than a minimum vesting period of one year and not later than a maximum vesting period of four years from date of grant. The exercise period in respect of vested options shall be subject to maximum period of five years commencing from the date of vesting. The options granted under ESOP-2022 carry no rights to dividends and no voting rights till the date of exercise.

The fair value of the share options is estimated at the grant date using Black- Scholes Model, taking into account the terms and conditions upon which the share options were granted.

The Company has recognised an expense of INR 5.91 lacs (March 31, 2022 : INR Nil) on grant of 10,46,512 ESOP granted during the year in accordance with Ind AS 102 "Share Based Payments". The carrying amount of Employee stock options outstanding reserve as at March 31, 2023 is INR 5.91 Lacs (March 31, 2022: INR Nil).

### As at the end of the financial year, details and movements of the outstanding options are as follows:

### (c) Fair value of options granted

The fair value of each option is estimated on the date of grant based on the following assumptions:

| Particulars                           | ESOP-2022<br>March 31, 2023 |
|---------------------------------------|-----------------------------|
| Market Price (Rupees)                 | 1,075.34                    |
| Dividend yield (%)                    | 0.00%                       |
| Expected life (years)                 | 3.51 - 6.51                 |
| Risk free interest rate (%)           | 7.15%- 7.17%                |
| Volatility (%)                        | 27.30%-27.85%               |
| Exercise Price (Rupees)               | 860.00                      |
| Vesting period                        | 1 to 4 years                |
| Fair value of shares on date of grant | 541.15                      |
| Fair value of options                 | 538.40                      |

The expected life of the share options is based on historical data and current expectations and is not necessarily indicative of exercise patterns that may occur. The volatility is based on annualised standard deviation of the continuously compounded rates of return based on the peer companies and competitive stocks over a period of time. The Company has determined the market price on grant date based on latest equity valuation report available with the Company preceding the grant date.

### 56 Other Information

- statutory period,
- (ii) The Company have not traded or invested in Crypto currency or Virtual Currency during the financial year

# **Independent Auditor's Report**

To the Members of Mankind Pharma Limited

# Report on the Audit of the Consolidated Financial Statements

### Opinion

We have audited the accompanying consolidated financial statements of **Mankind Pharma Limited** (hereinafter referred to as "the Holding Company"), its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") its associates and joint ventures comprising of the consolidated Balance sheet as at March 31 2023, the consolidated Statement of Profit and Loss, including other comprehensive income, the consolidated Cash Flow Statement and the consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiaries, associates and joint ventures, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, its associates and joint ventures as at March 31, 2023, their consolidated profit including other comprehensive loss, their consolidated cash flows and the consolidated statement of changes in equity for the year ended on that date.

### **Basis for Opinion**

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Consolidated Financial Statements' section of our report. We are independent of the Group, associates, joint ventures in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and

**Mankind Pharma Limited** 

Jts

Financial Stat

appropriate to provide a basis for our audit opinion on the consolidated financial statements.

### Emphasis of Matter: Income tax search

We draw attention to Note 62 of the consolidated financial statements relating to a search under Section 132 of the Income Tax Act, 1961 conducted by the Income Tax Department on the Holding Company's registered office, corporate office, few of its manufacturing locations and other premises and few of its group entities and residence of few of its employees/key managerial personnel.

Our opinion is not modified in respect of this matter.

### **Other Information**

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the consolidated financial statements and our auditor's report thereon. The annual report is expected to made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether such other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

# Responsibilities of Management for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group including its associates and joint ventures in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group and of its associates

and joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of their respective companies and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associates and joint ventures are responsible for assessing the ability of their respective companies to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those respective Board of Directors of the companies included in the Group and of its associates and joint ventures are also responsible for overseeing the financial reporting process of their respective companies.

# Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

 Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates and joint ventures to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates and joint ventures to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associates and joint ventures of which we are the independent auditors, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

### **Other Matter**

(a) We did not audit the financial statements and other financial information, in respect of 8 subsidiaries, whose financial statements include total assets of INR 92.004.67 lacs as at March 31, 2023, total revenues of INR 39.416.82 lacs and net cash outflows of INR 2,946.00 lacs for the year ended on that date. These financial statement and other financial information have been audited by other auditors, whose financial statements, other financial information and auditor's reports have been furnished to us by the management. The consolidated financial statements also include the Group's share of net profit of INR 1,150.48 lacs for the year ended March 31, 2023, as considered in the consolidated financial statements, in respect of 4 associates and 3 joint ventures, whose financial statements, other financial information have been audited by other auditors and whose reports have been furnished to us by the Management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, joint ventures and associates, and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, joint ventures and associates, is based solely on the reports of such other auditors.

Certain of these subsidiaries are located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Holding Company's management has converted the financial statements of such subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company's management. Our opinion in so far as it relates to the balances and affairs of such subsidiaries located outside India is based on the report of other auditors and the conversion adjustments prepared by the management of the Holding Company and audited by us.

- The financial statements of 23 subsidiary companies, (b) whose financial statements reflect total assets of INR 2,07,150.85 lacs as at March 31, 2023, total revenues of INR 1,66,036.50 lacs and net cash outflows amounting to INR 892.82 lacs for the year ended on that date, as considered in the consolidated financial statements have not been jointly audited by us and have been audited individually by one of the joint auditors of the Company, whose financial statement, other financial information and auditors report have been furnished to us by the management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the respective joint auditor.
- (c) The consolidated financial statements include the Group's share of net profit of INR 36.22 lacs for the year ended March 31, 2023, as considered in the consolidated financial statements, in respect of 1 associate, whose financial statements, other financial information have not been jointly audited by us and have been audited by one of the joint auditors of the Company, whose financial statement have been furnished to us by the management.

Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this associate, and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid associate, is based solely on the report of such joint auditor.

(d) The accompanying consolidated financial statements include unaudited financial statements and other unaudited financial information in respect of 1 subsidiary, whose financial statements and other financial information reflect total assets of INR 527.68 lacs as at March 31, 2023, and total revenues of INR 1,058.83 lacs and net cash inflows of INR 305.79 lacs for the year ended on that date. These unaudited financial statements and other unaudited financial information have been furnished to us by the management. Our opinion, in so far as it relates amounts and disclosures included in respect of these Finan

subsidiary, and our report in terms of sub-sections (3) of Section 143 of the Act in so far as it relates to the aforesaid subsidiary, is based solely on such unaudited financial statements and other unaudited financial information. In our opinion and according to the information and explanations given to us by the Management, these financial statements and other financial information are not material to the Group.

Our opinion above on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements and other financial information certified by the Management.

(e) The comparative financial information of the Group, its associates and joint ventures for the year ended March 31, 2022, included in these consolidated financial statements, have not been jointly audited by us and have been jointly audited by one of the current joint auditors of the Company i.e S.R.Batliboi & Co. LLP with the predecessor auditor i.e Goel Gaurav & Co. who expressed an unmodified opinion on those financial information on August 01, 2022.

# Report on Other Legal and Regulatory Requirements

- As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of the subsidiary companies, associate companies and joint ventures companies, incorporated in India, as noted in the 'Other Matter' paragraph we give in the "Annexure 1" a statement on the matters specified in paragraph 3(xxi) of the Order.
- 2. As required by Section 143(3) of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of subsidiaries, associates and joint ventures, as noted in the 'other matter' paragraph we report, to the extent applicable, that:
  - (a) We/the other auditors whose report we have relied upon have sought and obtained all the

information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;

- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept so far as it appears from our examination of those books and reports of the other auditors;
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements;
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
- (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2023 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors who are appointed under Section 139 of the Act, of its subsidiary companies, associate companies and joint ventures, none of the directors of the Group's companies, its associates and joint ventures, incorporated in India, is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act;
- (f) The matter described in 'Emphasis of Matter

   Income tax search' paragraph above, in our opinion, may have an adverse effect on the functioning of the Company;
- (g) With respect to the adequacy of the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiary companies, associate companies and joint ventures, incorporated in India, and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;

- (h) In our opinion and based on the consideration of reports of other statutory auditors of the subsidiaries, associates and joint ventures incorporated in India, the managerial remuneration for the year ended March 31, 2023 has been paid / provided by the Holding Company, its subsidiaries, associates and joint ventures incorporated in India to their directors in accordance with the provisions of section 197 read with Schedule V to the Act;
- (i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements as also the other financial information of the subsidiaries, associates and joint ventures, as noted in the 'Other matter' paragraph:
  - i. The consolidated financial statements disclose the impact of pending litigations on its consolidated financial position of the Group, its associates and joint ventures in its consolidated financial statements – Refer Note 38A to the consolidated financial statements.
  - The Group, its associates and joint ventures did not have any material foreseeable losses in long-term contracts including derivative contracts during the year ended March 31, 2023.
  - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company, its subsidiaries, associates and joint ventures, incorporated in India during the year ended March 31, 2023.
  - iv. a) The respective managements of the Holding Company and its subsidiaries, associate and joint ventures which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries,

associate and joint ventures respectively that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiaries, associate and joint ventures to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the respective Holding Company or any of such subsidiaries, associate and joint ventures ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

b) The respective managements of the Holding Company and its subsidiaries, associate and joint ventures which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries. associate and joint ventures respectively that, to the best of its knowledge and belief, no funds have been received by the respective Holding Company or any of such subsidiaries, associate and joint ventures from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or any of such subsidiaries, associate and joint ventures shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries: and

Finar

c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us and that performed by the auditors of the subsidiaries, associate and joint ventures which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditor's notice that has caused us or the other auditors to believe that the representations under sub-clause (a) and (b) contain any material mis-statement.

# Annexure '2' to the Independent Auditor's Report of even date on the Consolidated Financial Statements of Mankind Pharma Limted

### Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of Mankind Pharma Limited (hereinafter referred to as the "Holding Company") as of and for the year ended March 31, 2023, we have audited the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), its associates and joint ventures, which are companies incorporated in India, as of that date.

### Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the companies included in the Group, its associates and joint ventures, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### Auditor's Responsibility

Our responsibility is to express an opinion on the Holding Company's internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both, issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

# Meaning of Internal Financial Controls with reference to Consolidated Financial Statements

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### Opinion

In our opinion, the Group, its associates and joint ventures, which are companies incorporated in India, have, maintained in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Holding Company considering the

### **Other Matters**

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements of the Holding Company, in so far as it relates to:

- a) 5 subsidiaries and 1 associate, which are companies incorporated in India, is based on the corresponding reports of the auditors of such subsidiaries and associate incorporated in India.
- b) 16 subsidiaries and 1 associate, which are companies incorporated in India, is based on the corresponding reports of the auditors, that have not been jointly audited by us and have been audited individually by one of the joint auditors of the Company, of such subsidiaries incorporated in India.

### **1** CORPORATE INFORMATION

Mankind Pharma Limited ("Mankind" or "the Holding Company" or "the Parent Company") is a public company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India, and has its registered office at 208, Okhla Industrial Estate Phase-III, New Delhi 110020, Delhi, India. The Holding Company has completed its Initial Public Offer (IPO) and accordingly the Holding Company's equity shares are listed on National Stock Exchange (NSE) and Bombay Stock Exchange (BSE) on May 09, 2023.

The Holding Company together with its subsidiaries (collectively referred as "Group"), associates and joint ventures are principally engaged in the manufacturing and trading of pharmaceuticals and Consumer healthcare products and some of entities are engaged in leasing and hospitality business.

These consolidated financial statements were approved for issue in accordance with a resolution of the directors on May 30, 2023.

### 2 Significant Accounting Policies

This note provides a list of the significant accounting policies adopted in the preparation of these Indian Accounting Standards (Ind-AS) financial statements. These policies have been consistently applied to all the years.

# 2.01 Basis of preparation of consolidated financial statements

These Consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation and disclosures requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III as amended). These Consolidated financial statements are presented in INR and all values are rounded to the nearest lacs (INR 00,000), except when otherwise indicated. The Group has prepared the financial statements on the basis that it will continue to operate as a going concern.

The financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value or revalued amount:

- i) Certain financial assets and liabilities that is measured at fair value (refer accounting policy regarding financial instruments)
- ii) Assets held for sale-measured at fair value less cost to sell
- iii) Defined benefit plans-plan assets measured at fair value

### 2.02 Current versus non-current classification

The Group presents assets and liabilities in the balance sheet based on current/non- current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

## Notes to the consolidated financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

All other liabilities are classified as non current.

Deferred tax assets and deferred tax liabilities are classified as non- current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

### 2.03 Basis of consolidation

The consolidated financial statements comprise the financial statements of the Holding Company and its subsidiaries, associates and joint ventures as at March 31, 2023. Control is achieved when the Group is exposed, or has rights to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights
- The size of the group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements ma Limited

Pha

Mankind

Finan

of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e., year ended on March 31, 2023.

### 2.04 Consolidation Procedure :

### (A) Subsidiaries:

- a) Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- b) Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill.
- c) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and Property, plant and equipment, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS - 12 "Income Taxes" applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

When the proportion of the equity held by noncontrolling interests changes, the Group adjust the carrying amounts of the controlling and non-controlling interests to reflect the changes in their relative interests in the subsidiary. The Group recognises directly in equity any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received, and attribute it to the owners of the parent.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- (i) Derecognises the assets (including goodwill) and liabilities of the subsidiary
- (ii) Derecognises the carrying amount of any noncontrolling interests
- (iii) Derecognises the cumulative translation differences recorded in equity
- (iv) Recognises the fair value of the consideration received
- (v) Recognises the fair value of any investment retained
- (vi) Recognises any surplus or deficit in profit or loss
- (vii) Reclassifies the parent's share of components previously recognised in OCI to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities.

### (B) Investment in associates and joint ventures

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies. A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement, have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control. The considerations made in determining whether significant influence or joint control are similar to those necessary to determine control over the subsidiaries.

The Group's investments in its associate and joint venture are accounted for using the equity method. Under the equity method, the investment in an associate or a joint venture is initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the Group's share of net assets of the associate or joint venture since the acquisition date. Goodwill relating to the associate or joint venture is included in the carrying amount of the investment and is not tested for impairment individually.

The statement of profit and loss reflects the Group's share of the results of operations of the associate or joint venture. Any change in OCI of those investees is presented as part of the Group's OCI. In addition, when there has been a change recognised directly in the equity of the associate or joint venture, the Group recognises its share of any changes, when applicable, in the statement of changes in equity. Unrealised gains and losses resulting from transactions between the Group and the associate or joint venture are eliminated to the extent of the interest in the associate or joint venture.

If Group's share of losses of an associate or a joint venture equals or exceeds its interest in the associate or joint venture (which includes any long term interest that, in substance, form part of the Group's net investment in the associate or joint venture), the Group discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate or joint venture. If the associate or joint venture subsequently reports profits, the Group resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

The aggregate of the Group's share of profit or loss of an associate and a joint venture is shown on the face of the statement of profit and loss.

## Notes to the consolidated financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

The financial statements of the associate or joint venture are prepared for the same reporting period as the Group. When necessary, adjustments are made to bring the accounting policies in line with those of the Group.

After application of the equity method, the Group determines whether it is necessary to recognise an impairment loss on its investment in its associate or joint venture. At each reporting date, the Group determines whether there is objective evidence that the investment in the associate or joint venture is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate or joint venture and its carrying value, and then recognises the loss as 'Share of profit of an associate and a joint venture' in the statement of profit or loss.

Upon loss of significant influence over the associate or joint control over the joint venture, the Group measures and recognises any retained investment at its fair value. Any difference between the carrying amount of the associate or joint venture upon loss of significant influence or joint control and the fair value of the retained investment less cost to sell is recognised in profit or loss.

The Group discontinue the use of equity method from the date the investment is classified as held for sale in accordance with Ind AS 105 - Non-current Assets Held for Sale and Discontinued Operations and measures the interest in associate and joint venture held for sale at the lower of its carrying amount and fair value less cost to sell.

### 2.05 Business combination and goodwill

Business combinations other than those under common control transactions are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. In respect to the business combination for acquisition of subsidiary, the Group has opted to measure the non-controlling interests in the acquiree at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. However, the following assets and liabilities acquired in a business combination are measured at the basis indicated as

(i) Deferred tax assets or liabilities, and the assets or liabilities related to employee benefit arrangements are recognised and measured in accordance with Ind AS 12 "Income Tax" and Ind AS 19 "Employee Benefits" respectively.

mentioned hereinafter

- (ii) Potential tax effects of temporary differences and carry forwards of an acquiree that exist at the acquisition date or arise as a result of the acquisition are accounted in accordance with Ind AS 12.
- (iii) Liabilities or equity instruments related to share based payment arrangements of the acquiree or share – based payments arrangements of the Group entered into to replace share-based payment arrangements of the acquiree are measured in accordance with Ind AS 102 ""Sharebased Payments"" at the acquisition date.
- (iv) Assets (or disposal groups) that are classified as held for sale in accordance with Ind AS 105 ""Noncurrent Assets Held for Sale"" and Discontinued Operations are measured in accordance with that standard.
- (v) Reacquired rights are measured at a value determined on the basis of the remaining contractual term of the related contract. Such valuation does not consider potential renewal of the reacquired right.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

If the business combination is achieved in stages, any previously held equity interest is re-measured

Financial

for the year ended March 31, 2023

All amounts are in INR lacs unless otherwise stated

at its acquisition date fair value and any resulting gain or loss is recognised in profit or loss or OCI, as appropriate.

# 2.06 Business Combinations - common control transactions

Business Combinations involving entities or businesses in which all the combining entities or businesses are ultimately controlled by the same party or parties both before and after the business combination, and where that control is not transitory is accounted using the pooling of interests method as enumerated below:

- (i) The assets and liabilities of the combining entities are reflected at their carrying amounts.
- (ii) No adjustments are made to reflect fair values, or recognise any new assets or liabilities. Adjustments are only made to harmonise accounting policies
- (iii) The financial information in the consolidated financial statements in respect of prior periods is restated as if the business combination had occurred from the beginning of the preceding period in the consolidated financial statements, irrespective of the actual date of the combination. However, where the business combination had occurred after that date, the prior period information is restated only from that date.
- (iv) The balance of the retained earnings appearing in the consolidated financial statements of the transferor is aggregated with corresponding balance appearing in the financial statements of the transferee or is adjusted against capital reserve.
- (v) The identity of the reserves shall be preserved and shall appear in the consolidated financial statements of the transferee in the same form in which they appeared in the financial statements of the transferor.
- (vi) The difference, if any, between the amounts recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor is transferred to capital reserves.

### 2.07 Foreign currency translation

### (i) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The Group's financial statements are presented in Indian rupee (INR) which is also the Group's functional and presentation currency.

### (ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rate prevailing at the date of the transaction. Foreign exchange gains and losses resulting from the settlement of such transaction and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rate are generally recognised in the statement of profit and loss.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

### (iii) Exchange differences

Exchange differences arising on settlement or translation of monetary items are recognized as income or expense in the period in which they arise with the exception of exchange differences on gain or loss arising on translation of non-monetary items measured at fair value which is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognized in OCI or profit or loss are also recognized in OCI or profit or loss, respectively).

### **Group Companies**

On consolidation, the results and financial position of foreign operations that have a functional currency different from the presentation currency (INR) are translated to the presentation currency (INR) in the following manner:

- a) Assets and liabilities are translated at the rate of exchange prevailing at the reporting date
- b) Their statements of profit and loss are translated at exchange rates prevailing at the dates of the transactions. For practical reasons, the group uses an average rate to translate income and

## Notes to the consolidated financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

> expense items, if the average rate approximates the exchange rates at the dates of the transactions

- c) All resulting exchange differences arising on translation of financial statement of foreign operations for consolidation are recognised in other comprehensive income.
- d) On disposal of a foreign operation, the component of OCI relating to that particular foreign operation is recognised in statement of profit or loss.
- e) Any Goodwill arising on the acquisition/business combination of a foreign operation and any fair value adjustments to the carrying amounts of assets and liabilities arising on the acquisition are treated as assets and liabilities of the foreign operation and translated at the spot rate of exchange at the reporting date.
- f) Gain or loss on a subsequent disposal of any foreign operation excludes translation differences that arose before the date of transition but includes only translation differences arising after the transition date.

### 2.08 Fair value measurement

The Group measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- (i) In the principal market for asset or liability, or
- (ii) In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non- financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1- Quoted(unadjusted) market prices in active markets for identical assets or liabilities

Level 2- Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3- Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to fair value measurement as a whole) at the end of each reporting period.

External valuers are involved for valuation of significant assets, such as properties and unquoted financial assets. Involvement of external valuers is decided upon annually by the management. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. Management decides, after discussions with the external valuers, which valuation techniques and inputs to use for each case. At each reporting date, management analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Group's accounting policies. For this analysis,

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents. The management also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

### 2.09 Revenue from contracts with customers

The Group sells, manufactured and traded range of pharmaceutical and healthcare products. Revenue from contracts with customers involving sale of these products is recognized at a point in time when control of the product has been transferred, and there are no unfulfilled obligation that could affect the customer's acceptance of the products. Delivery occurs when the products are shipped to specific location and control has been transferred to the customers. The Group has objective evidence that all criterion for acceptance has been satisfied.

### (a) Sale of products

Revenue from contracts with customers in respect of sale of products is recognised at the point in time when control of the goods is transferred to the customer, generally on delivery of the goods and there are no unfulfilled obligations.

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation.

The Group considers, whether there are other promises in the contract in which their are separate performance obligations, to which a portion of the transaction price needs to be allocated. In determining the transaction price for the sale of products, the Group allocates a portion of the transaction price to goods bases on its relative standalone prices and also considers the following:-

### (i) Variable consideration

If the consideration in a contract includes a variable amount, the Group estimates the amount of consideration to which it will be entitled in exchange for transferring the goods to the

customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved. The rights of return and volume rebates give rise to variable consideration.

### (ii) Sales Return

Sales returns accrual by recording an allowance for sales returns concurrent with the recognition of revenue at the time of a product sale. This allowance is based on the Group's estimate of expected sales returns. With respect to established products, the Group considers its historical experience of sales returns, levels of inventory in the distribution channel, estimated shelf life, product discontinuances, price changes of competitive products, and the introduction of competitive new products, to the extent each of these factors impact the Group's business and markets. With respect to new products introduced by the Group, such products have historically been either extensions of an existing line of product where the Group has historical experience or in therapeutic categories where established products exist and are sold either by the Group or the Group's competitors.

### (iii) Significant Financing Components

In respect of short-term advances from its customers, using the practical expedient in Ind AS 115, the Group does not adjust the promised amount of consideration for the effects of a significant financing component if it expects, at contract inception, that the period between the transfer of the promised good or service to the customer and when the customer pays for that good or service will be within normal operating cycle.

### (iv) Schemes

The Group operates several sales incentive programmes wherein the customers are eligible for several benefits on achievement of underlying conditions as prescribed in the scheme programme such as credit notes, reimbursement, investments etc. Revenue from contracts with customers is presented deducting cost of all these schemes.

### (b) Sale of services

Revenues from services are recognised as and when services are rendered and on the basis of contractual terms with the parties. The performance obligation in

## Notes to the consolidated financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

respect of services is satisfied over a period of time and acceptance of the customer. In respect of these services, payment is generally due upon completion of services.

### (c) Contract balances

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Group performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional. A receivables represents the Group's right to an amount of consideration that is unconditional.

A contract liability is the obligation to transfer goods or services to a customer for which the Group has received consideration or an amount of consideration is due (whichever is earlier) from the customer. If a customer pays consideration before the Group transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Group performs under the contract.

A trade receivable is recognised if an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets in section (Financial instruments initial recognition and subsequent measurement).

### (d) Revenue from housing projects

Revenue from constructed properties for all projects is recognized in accordance with the Ind AS 115 "Revenue from contracts with customers" percentage of completion method and on the percentage of actual project costs incurred thereon to total estimated project cost, provided the conditions specified in Guidance Note are satisfied.

### (e) Other Operating Revenues

### (i) Royalty Income

Royalty revenue is recognised on an accrual basis in accordance with the substance of the relevant agreement (provided that it is probable that economic benefits will flow to the Group and the amount of revenue can be measured reliably). Royalty arrangements that are based

ma Limited

Phai

Mankind

nents

Finan

on production, sales and other measures are recognised by reference to the underlying arrangement.

### (ii) Rental Income

Rental income arising from operating leases on investment properties is accounted for on a straight - line basis over the lease terms and is included in other income in the statement of profit or loss due to its non-operating nature.

### (iii) Interest Income

For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in other income in the statement of profit and loss.

### (iv) Export benefit

Revenue from export benefits arising from duty drawback scheme, merchandise export incentive scheme, Remission of duties and taxes on exported product scheme are recognised on export of goods in accordance with their respective underlying scheme at fair value of consideration received or receivable.

### 2.10 Government Grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received, and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

Government grants relating to the purchase of property, plant and equipment are included in noncurrent liabilities as deferred income and are credited to profit or loss on a straight-line basis over the expected lives of the related assets and presented within other income.

### 2.11 Income Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

### a) Current income tax

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the Holding Company and its subsidiaries, associate and joint ventures operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and considers whether it is probable that a taxation authority will accept an uncertain tax treatment. The group measures its tax balances either based on the most likely amount or the expected value, depending on which method provides a better prediction of the resolution of the uncertainty.

### b) Deferred tax

Deferred income tax is provided using the liability method, on temporary differences between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

Deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and unused tax losses can be utilised, except:

When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss

In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised, or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and liabilities are offset where there is a legally enforceable right to offset current tax assets and liabilities and where the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in Statement of profit and loss, except to the extent that it relates

## Notes to the consolidated financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

### c) Minimum alternate tax (MAT):

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax for the year. The deferred tax asset is recognised for MAT credit available only to the extent that it is probable that the respective Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the respective Company recognizes MAT credit as an asset, it is created by way of credit to the statement of profit and loss and shown as part of deferred tax asset. The respective Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent that it is no longer probable that it will pay normal tax during the specified period.

# d) Accounting policy when the entities operate under tax holiday scheme:

In the situations where one or more Company in the Group are entitled to a tax holiday under the Incometax Act, 1961 enacted in India or tax laws prevailing in the respective tax jurisdictions where they operate, no deferred tax (asset or liability) is recognized in respect of temporary differences which reverse during the tax holiday period, to the extent the concerned entity's gross total income is subject to the deduction during the tax holiday period. Deferred tax in respect of temporary differences which reverse after the tax holiday period is recognized in the year in which the temporary differences originate. However, the respective Company restricts recognition of deferred tax assets to the extent it is probable that sufficient future taxable income will be available against which such deferred tax assets can be realized. For recognition of deferred taxes, the temporary differences which originate first are considered to reverse first.

### 2.12 Non-current assets held for sale

The Group classifies non-current assets as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use. Non- current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell. Costs to sell are the incremental costs directly attributable to the disposal of an asset, excluding finance costs and income tax expense. Any expected loss is recognized immediately in the statement of profit and loss.

The criteria for held for sale classification is regarded as met only when the sale is highly probable, and the assets is available for immediate sale in its present condition. Actions required to complete the sale/ distribution should indicate that it is unlikely that significant changes to the sale will be made or that the decision to sell will be withdrawn. Management must be committed to the sale and the sale expected within one year from the date of classification.

The Group treats sale of the asset to be highly probable when:

- i) The appropriate level of management is committed to a plan to sell the asset
- ii) An active programme to locate a buyer and complete the plan has been initiated (if applicable)
- iii) The asset is being actively marketed for sale at a price that is reasonable in relation to its current fair value,
- iv) The sale is expected to qualify for recognition as a completed sale within one year from the date of classification , and
- Actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

Property, plant and equipment and intangible assets once classified as held for sale are not depreciated or amortized.

Assets and liabilities classified as held for sale are presented separately as current items in the balance sheet.

### 2.13 Property, plant and equipment

Property, Plant and equipment are stated at cost, less accumulated depreciation and accumulated impairment losses, if any. Freehold land is carried at historical cost net off accumulated impairment. Capital work in progress is stated at cost, net of accumulated impairment loss, if any. The cost comprises of purchase price, taxes, duties, freight and other incidental expenses directly attributable and related to acquisition and installation of the concerned assets and are further adjusted by the amount of input tax Finar

for the year ended March 31, 2023

All amounts are in INR lacs unless otherwise stated

### credit availed wherever applicable.

Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for longterm construction projects if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Subsequent costs are included in asset's carrying amount or recognised as separate assets, as appropriate, only when it is probable that future economic benefit associated with the item will flow to the Group and the cost of item can be measured reliably.

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognised.

Capital work- in- progress includes cost of property, plant and equipment under installation / under development as at the balance sheet date.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Depreciation on property, plant and equipment is calculated on pro rata basis on straight-line method using the useful lives of the assets estimated by management. The useful life is as follows:

| Assets                 | Useful life<br>(in years) |
|------------------------|---------------------------|
| Building               | 30 and 60                 |
| Plant and Equipment    | 10 - 15                   |
| Furniture and Fittings | 10                        |

| Assets               | Useful life<br>(in years) |
|----------------------|---------------------------|
| Vehicles             | 8 and 10                  |
| Office Equipment     | 5                         |
| Mobile Phones        | 2                         |
| Mobile Tablets       | 1                         |
| Computers            | 3                         |
| Servers and Networks | 6                         |

The useful lives have been determined based on technical evaluation done by the management's expert. In certain assets such as plant and machineries, mobile phones and mobile tablets, useful lives are lower than those specified by schedule II to the Companies Act 2013 and are depreciated over the estimated useful lives of 10 years, 2 years and 1 year respectively in order to reflect the actual usage of asset. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.. The residual values are not more than 5% of the original cost of the assets. The asset's residual values and useful lives are reviewed, and adjusted if appropriate.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Lease hold improvements are depreciated on straight line basis over shorter of the asset's useful life and their initial agreement period.

### 2.14 Investment Properties

Property that is held for long term rental yields or for capital appreciation or for both, and that is not occupied by the Group, is classified as investment property. Investment property is measured initially at its cost, including related transaction cost and where applicable borrowing costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

## Notes to the consolidated financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

Subsequent expenditure is capitalized to assets carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Group and the cost of the item can be measured reliably. When significant parts of investment property are required to be replaced at intervals, the Group depreciates them separately based on their respective useful lives. All other repair and maintenance cost are expensed when incurred.

Though the Group measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an external independent valuer applying a valuation model as per Ind AS 113 "Fair value measurement".

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in statement of profit and loss in the period of derecognition.

Investment properties are depreciated using straight line method over their estimated useful life i.e 30 years.

Transfer of property from investment property to the property, plant and equipment is made when the property is no longer held for long term rental yields or for capital appreciation or both at carrying amount of the property transferred.

### 2.15 Intangible assets

### Goodwill

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred over the fair value of net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in other comprehensive income and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, recognizes the gain directly in equity as capital reserve, without routing the same through other comprehensive income.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses, if any. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquire are assigned to those units.

A cash generating unit to which goodwill has been allocated is tested for impairment annually or earlier, when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised in statement of profit and loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

### Other intangible assets

Other intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Internally generated intangibles, excluding capitalized development cost, are not capitalized and the related expenditure is reflected in statement of profit and loss in the period in which the expenditure is incurred. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use.

The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives are amortized over their useful economic lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life is reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

pattern of consumption of future economic benefits embodied in the asset is accounted for by changing the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is recognized in the statement of profit and loss in the expense category consistent with the function of the intangible assets.

Intangible assets with indefinite useful lives are not amortized, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from disposal of the intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the assets are disposed off.

Intangible assets with finite useful life are amortized on a straight line basis over their estimated useful life as under:

| Assets                  | Useful life<br>(in years) |
|-------------------------|---------------------------|
| Computer Software       | 3                         |
| Trademarks & copyrights | 2-15                      |
| Patents                 | 6                         |
| Technical know-how      | 5-7                       |
| Non-compete fee         | 5                         |

### Research and development cost

Research costs are expensed as incurred. Development expenditure incurred on an individual project is recognized as an intangible asset when the Group can demonstrate all the following:

- The technical feasibility of completing the intangible asset so that it will be available for use or sale;
- ii) Its intention to complete the asset;
- iii) Its ability to use or sale the asset;
- iv) How the asset will generate future economic benefits;
- v) The availability of adequate resources to complete the development and to use or sale the asset; and

vi) The ability to measure reliably the expenditure attributable to the intangible asset during development.

Following the initial recognition of the development expenditure as an asset, the cost model is applied requiring the asset to be carried at cost less any accumulated amortization and accumulated impairment losses. Amortization of the asset begins when development is complete and the asset is available for use. It is amortized on straight line basis over the estimated useful life. During the period of development, the asset is tested for impairment annually.

### 2.16 Borrowing Costs

Borrowing cost includes interest and other costs incurred in connection with the borrowing of funds and charged to statement of profit and loss on the basis of effective interest rate (EIR) method. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing cost.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are recognized as expense in the period in which they occur.

### 2.17 Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

### Group as a lessee

The Group's lease asset classes primarily comprise of lease for land and building. The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

### i) Right-of-use assets

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and accumulated impairment losses, and adjusted for any remeasurement of lease

# Notes to the consolidated financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

> liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the unexpired period of respective leases ranging from 33-99 years.

> If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment. Refer to the accounting policies in section 'Impairment of non-financial assets'.

### ii) Lease Liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

# (iii) Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of lowvalue assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

### Group as a lessor

Leases for which the Group is a lessor is classified as finance or operating lease. Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

### 2.18 Inventories

### a) Basis of valuation:

Inventories are valued at lower of cost and net realizable value after providing cost of obsolescence, if any. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. The comparison of cost and net realizable value is made on an item-by-item basis.

### b) Method of Valuation:

 Cost of raw materials has been determined by using moving weighted average cost method and comprises all costs of purchase, duties, taxes (other than those subsequently recoverable from tax authorities) and all other costs incurred in bringing the inventories to their present location and condition.

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

- ii) Cost of finished goods and work-in-progress includes direct material and labour and a proportion of manufacturing overheads based on normal operating capacity but excluding borrowing cost. Fixed production overheads are allocated on the basis of normal capacity of production facilities. Cost is determined on moving weighted average basis.
- iii) Cost of traded goods has been determined by using moving weighted average cost method and comprises all costs of purchase, duties, taxes (other than those subsequently recoverable from tax authorities) and all other costs incurred in bringing the inventories to their present location and condition.
- iv) Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.
- v) Development rights represent actual amount paid under agreement towards purchase of land/ development rights for acquiring irrevocable and exclusive licenses/development rights in identified land or constructed properties valued at cost and net realizable value, whichever is lower.

### 2.19 Impairment of non-financial assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation

multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Group bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Group's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five to eight years. For longer periods, a longterm growth rate is calculated and applied to project future cash flows after the 8th year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Group extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the Group operates, or for the market in which the asset is used.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of profit and loss, except for properties previously revalued with the revaluation surplus taken to OCI. For such properties, the impairment is recognised in OCI up to the amount of any previous revaluation surplus.

An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Group estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit and loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

### 2.20 Provisions and Contingent Liabilities

### Provisions

A provision is recognized when the Group has a present obligation (legal or constructive) as a result of past event, it is probable that an outflow of resources embodying economic benefits will

## Notes to the consolidated financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. If the effect of the time value of money is material, provisions are discounted using a current pretax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

### Sales Return

Provisions for sales returns is determined based on the historical percentage of sales return for the same types of goods for which the provision is currently being determined. The same percentage to the sales is applied for the current accounting period to derive the provision for sales return to be accrued. It is very unlikely that actual sales return will exactly match the historical percentage, so such estimates are reviewed annually for any material changes in assumptions and likelihood of occurrence.

### **Contingent liabilities**

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases, where there is a liability that cannot be recognized because it cannot be measured reliably. the Group does not recognize a contingent liability but discloses its existence in the financial statements unless the probability of outflow of resources is remote.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

### 2.21 Retirement and other employee benefits

### (i) Short-term obligations

Liabilities for wages and salaries, including non monetary benefits that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are recognized in respect of employee service up to the end of the reporting period and are measured at the amount expected to be paid

ma Limited

Phai

Mankind

Financial

when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

### (ii) Other long-term employee benefit obligations

### a) Gratuity

The Group has a defined benefit plan (the "Gratuity Plan"). The Gratuity Plan provides a lump sum payment to employees who have completed four years and two forty days or more of service at retirement, disability or termination of employment, being an amount based on the respective employee's last drawn salary and the number of years of employment with the Group.

The Gratuity Plan, which is defined benefit plan, is either unfunded, funded or managed by Mankind Pharma (P) Limited Employees Group Gratuity Trust, Magnet Labs Private Limited Employees Group Gratuity Cum Life Assurance Scheme, Lifestar Pharma Private Limited Employees Group Gratuity Cum Life Assurance Scheme, Relax Pharmaceuticals Private Limited Employees Gratuity Trust Fund, Pack Innovation (P) Ltd Emp Gratuity Trust Fund, Copmed Pharmaceuticals (P) Ltd Employee Gratuity Trust Fund, Mediforce Healthcare Private Limited Employees Group Gratuity Trust fund and Pharma Force Lab Employees Gratuity Trust ("the trust") with its investments. The liabilities with respect to Gratuity Plan are determined by actuarial valuation on projected unit credit method on the balance sheet date, based upon which the Group contributes to the Gratuity Scheme. The difference, if any, between the actuarial valuation of the gratuity of employees at the year end and the balance of funds is provided for as assets/ (liability) in the books. Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Group recognizes the following changes in the net defined benefit obligation under Employee benefit expense in statement of profit or loss:

- a) Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements
- b) Net interest expense or income

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

> plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through other comprehensive income in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

### b) Provident fund

Retirement benefit in the form of provident fund is a defined contribution scheme. The Group has no obligation, other than the contribution payable to the provident fund. The Group recognizes contribution payable through provident fund scheme as an expense, when an employee renders the related services. If the contribution payable to scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excesses recognized as an asset to the extent that the prepayment will lead to, for example, a reduction in future payment or a cash refund.

### c) Other employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of the defined benefit obligation as at the balance sheet date on the basis of actuarial valuation using projected unit credit method.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income and are never reclassified to statement of profit and loss. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in the statement of profit and loss as past service cost.

### (iii) Share Based payments

Employees (including senior executives) of the Group receive remuneration in the form of sharebased payments, whereby employees render services as consideration for equity instruments (equity-settled transactions). The cost of equitysettled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model.

That cost is recognised, together with a corresponding increase in share-based payment (SBP) reserves in equity, over the year in which the performance and/or service conditions are fulfilled in employee benefits expense. The cumulative expense recognised for equitysettled transactions at each reporting date until the vesting date reflects the extent to which the vesting year has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The expense or credit in the consolidated statement of profit and loss for a year represents the movement in cumulative expense recognised as at the beginning and end of that year and is recognised in employee benefits expense.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Group's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be nonvesting conditions. Non-vesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and/or performance conditions. No expense is recognised for awards that do not ultimately vest because non-market performance and/or service conditions have not been met. Where awards include a market or non-vesting condition, the transactions are treated as vested irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and/ or service conditions are satisfied.

When the terms of an equity-settled award are modified, the minimum expense recognised is the expense had the terms had not been modified, if the original terms of the award are met. An additional expense is recognised for any modification that increases the total fair value of the share-based payment transaction or is otherwise beneficial to the employee as measured at the date of modification. For cancelled options, the payment made to the employee shall be accounted for

# Notes to the consolidated financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

> as a deduction from equity, except to the extent that the payment exceeds the fair value of the equity instruments of the Group, measured at the cancellation date. Any such excess from the fair value of equity instrument shall be recognised as an expense. The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

### 2.22 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

### (i) Financial Assets

### Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the group has applied the practical expedient, the group initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs.

Trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient and are measured at the transaction price determined under Ind AS 115. Refer to the accounting policies in section 'Revenue from contracts with customers'.

In order for a financial asset to be classified and measured at amortised cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level. Financial assets with cash flows that are not SPPI are classified and measured at fair value through profit or loss, irrespective of the business model.

The Group's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Financial assets classified and measured at amortised cost are held within a business model with the objective to hold financial assets in order to collect contractual cash flows while financial assets classified and measured at fair value through OCI are held within a business model with the objective of both holding to collect contractual cash flows and selling.

### Subsequent measurement

For purposes of subsequent measurement financial assets are classified in following categories:

- Financial assets at amortised cost (debt instruments)
- Financial assets at fair value through other comprehensive income (FVTOCI) with recycling of cumulative gains and losses (debt instruments)
- Financial assets designated at fair value through OCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)
- Financial assets at fair value through profit or loss

### Financial assets at amortised cost (debt instruments)

A 'financial asset' is measured at the amortised cost if both the following conditions are met:

- a) Business Model Test : The objective is to hold the financial asset to collect the contractual cash flows (rather than to sell the instrument prior to its contractual maturity to realize its fair value changes) and;
- b) Cash flow characteristics test: The contractual terms of the financial asset give rise on specific dates to cash flows that are solely payments of principal and interest on principal amount outstanding.

This category is most relevant to the Group. After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of EIR. EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

carrying amount of the financial asset. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses. The EIR amortization is included in other income in statement of profit and loss. The losses arising from impairment are recognized in the statement of profit and loss. This category generally applies to trade and other receivables.

### Financial assets at fair value through OCI (FVTOCI) (debt instruments)

A 'financial asset' is classified as at the FVTOCI if both of the following criteria are met:

- a) Business Model Test : The objective of financial instrument is achieved by both collecting contractual cash flows and selling the financial assets; and
- b) Cash flow characteristics test: The contractual terms of the debt instrument give rise on specific dates to cash flows that are solely payments of principal and interest on principal amount outstanding.

Debt instrument included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI), except for the recognition of interest income, impairment gains or losses and foreign exchange gains or losses which are recognized in statement of profit and loss and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in OCI. Upon derecognition, the cumulative fair value changes recognised in OCI is reclassified from the equity to profit or loss.

### Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss are carried in the balance sheet at fair value with net changes in fair value recognised in the statement of profit and loss. This category includes derivative instruments and listed equity investments which the Group had not irrevocably elected to classify at fair value through OCI. Dividends on listed equity investments are recognised in the statement of profit and loss when the right of payment has been established.

### Financial assets designated at fair value through OCI (equity instruments)

Upon initial recognition, the Group can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they meet the definition of equity under Ind AS 32 Financial Instruments: Presentation and are not held for trading. The classification is determined on an instrument-by-instrument basis. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS 103 applies are classified as at FVTPL.

Gains and losses on these financial assets are never recycled to profit or loss. Dividends are recognised as other income in the statement of profit and loss when the right of payment has been established, except when the Group benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

### **Embedded Derivatives**

A derivative embedded in a hybrid contract, with a financial liability or non-financial host, is separated from the host and accounted for as a separate derivative if: the economic characteristics and risks are not closely related to the host; a separate instrument with the same terms as the embedded derivative would meet the definition of a derivative; and the hybrid contract is not measured at fair value through profit or loss. Embedded derivatives are measured at fair value with changes in fair value recognised in profit or loss. Reassessment only occurs if there is either a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required or a reclassification of a financial asset out of the fair value through profit or loss category.

### Derecognition

A financial asset (or ,where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Group's statement of financial position) when:

- The rights to receive cash flows from the asset have expired, or

## Notes to the consolidated financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

- the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass through" arrangement and either;
  - (a) the Group has transferred substantially all the risks and rewards of the asset, or
  - (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the group could be required to repay.

The Group has accounted for its investment in subsidiaries and associate and joint venture at cost.

### Impairment of financial assets

In accordance with Ind AS 109, the Group applies expected credit losses (ECL) model for measurement and recognition of impairment loss on the following financial asset and credit risk exposure

- Financial assets measured at amortized cost:
- Financial assets measured at fair value through other comprehensive income (FVTOCI);

ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash

flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

The Group follows "simplified approach" for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables:
- All lease receivables resulting from the transactions within the scope of Ind AS 116 -Leases

Under the simplified approach, the Group does not track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. The Group uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward looking estimates are analysed.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss. This amount is reflected under the head 'other expenses' in the statement of profit and loss. The balance sheet presentation for various financial instruments is described below:

(a) Financial assets measured as at amortised cost: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets writeoff criteria, the group does not reduce impairment allowance from the gross carrying amount.

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

- (b) Loan commitments and financial guarantee contracts: ECL is presented as a provision in the balance sheet, i.e. as a liability.
- (c) Debt instruments measured at FVTOCI: For debt instruments measured at FVTOCI, the expected credit losses do not reduce the carrying amount in the balance sheet, which remains at fair value. Instead, an amount equal to the allowance that would arise if the asset was measured at amortised cost is recognised in other comprehensive income as the accumulated impairment amount.

### (ii) Financial liabilities:

### Initial recognition and measurement

Financial liabilities are classified at initial recognition as financial liabilities at fair value through profit or loss, loans and borrowings, and payables, net of directly attributable transaction costs. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Group financial liabilities include loans and borrowings, trade payables, trade deposits, financial guarantees, and other payables.

### Subsequent measurement

For purposes of subsequent measurement, financial liabilities are classified in two categories:

- (i) Financial liabilities at fair value through profit or loss
- (ii) Financial liabilities at amortised cost (loans and borrowings)

# Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivatives financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationship as defined by Ind AS 109. The separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognized in the statement of profit and loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to profit and loss. However, the Group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognized in the statement of profit or loss. The Group has not designated any financial liability as at fair value through profit and loss.

# Financial liabilities at amortised cost (Loans and borrowings)

After initial recognition, interest-bearing borrowings are subsequently measured at amortized cost using the Effective interest rate method. Gains and losses are recognized in profit or loss when the liabilities are derecognised as well as through the Effective interest rate amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the Effective interest rate. The Effective interest rate amortization is included as finance costs in the statement of profit and loss.

### **Trade Payables**

These amounts represents liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 30 to 120 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognized initially at fair value and subsequently measured at amortized cost using Effective interest rate method.

### **Financial guarantee contracts**

Financial guarantee contracts, issued by the Group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the

# Notes to the consolidated financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 115.

### Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

### Offsetting of financial instruments

Financials assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

# Reclassification of financial assets/ financial liabilities

The Group determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Group's senior management determines change in the business model as a result of external or internal changes which are significant to the Group's operations. Such changes are evident to external parties. A change in the business model occurs when the Group either begins or ceases to perform an activity that is significant to its operations. If the Group reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Group does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

# 2.23 Derivative financial instruments and hedge accounting

### Initial recognition and subsequent measurement

Derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

The purchase contracts that meet the definition of a derivative under Ind AS 109 are recognised in the statement of profit and loss. Commodity contracts that are entered into and continue to be held for the purpose of the receipt or delivery of a non-financial item in accordance with the Group's expected purchase, sale or usage requirements are held at cost.

Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss, except for the effective portion of cash flow hedges, which is recognised in OCI and later reclassified to profit or loss when the hedge item affects profit or loss or treated as basis adjustment if a hedged forecast transaction subsequently results in the recognition of a non-financial asset or non-financial liability.

For the purpose of hedge accounting, hedges are classified as:

- (i) Fair value hedges when hedging the exposure to changes in the fair value of a recognised asset or liability or an unrecognised firm commitment
- (ii) Cash flow hedges when hedging the exposure to variability in cash flows that is either attributable to a particular risk associated with a recognised asset or liability or a highly probable forecast transaction or the foreign currency risk in an unrecognised firm commitment
- (iii) Hedges of a net investment in a foreign operation

Hedges that meet the strict criteria for hedge accounting are accounted for, as described below:

### Fair value hedges

The change in the fair value of a hedging instrument is recognised in the statement of profit and loss as finance costs. The change in the fair value of the hedged item attributable to the risk hedged is

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

recorded as part of the carrying value of the hedged item and is also recognised in the statement of profit and loss as finance costs.

For fair value hedges relating to items carried at amortised cost, any adjustment to carrying value is amortised through profit or loss over the remaining term of the hedge using the EIR method. EIR amortisation may begin as soon as an adjustment exists and no later than when the hedged item ceases to be adjusted for changes in its fair value attributable to the risk being hedged.

If the hedged item is derecognised, the unamortised fair value is recognised immediately in profit or loss. When an unrecognised firm commitment is designated as a hedged item, the subsequent cumulative change in the fair value of the firm commitment attributable to the hedged risk is recognised as an asset or liability with a corresponding gain or loss recognised in profit and loss.

### Cash flow hedges

The effective portion of the gain or loss on the hedging instrument is recognised in OCI in the cash flow hedge reserve, while any ineffective portion is recognised immediately in the statement of profit and loss.

The ineffective portion relating to foreign currency contracts is recognised in finance costs and the ineffective portion relating to commodity contracts is recognised in other income or expenses.

Amounts recognised as OCI are transferred to profit or loss when the hedged transaction affects profit or loss, such as when the hedged financial income or financial expense is recognised or when a forecast sale occurs. When the hedged item is the cost of a non-financial asset or non-financial liability, the amounts recognised as OCI are transferred to the initial carrying amount of the non-financial asset or liability.

If the hedging instrument expires or is sold, terminated or exercised without replacement or rollover (as part of the hedging strategy), or if its designation as a hedge is revoked, or when the hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss previously recognised in OCI remains separately in equity until the forecast transaction occurs or the foreign currency firm commitment is met.

### 2.24 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, that are readily convertible to a known amount of cash and subject to an insignificant risk of changes in value.

For the purpose of the consolidated statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Group's cash management.

### 2.25 Dividend

The Group recognizes a liability to pay dividend to equity holders of the Group, when the distribution is authorised and the distribution is no longer at the discretion of the Group. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

### 2.26 Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effect of all potentially dilutive equity shares.

### 2.27 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Board of directors monitors the operating results of all product segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit and loss and is measured consistently with profit and loss in the financial statements.

### Notes to the consolidated financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

The operating segments have been identified on the basis of the nature of products/services. Further:

- 1 Segment revenue includes sales and other income directly identifiable with / allocable to the segment including inter segment revenue.
- 2 Expenses that are directly identifiable with / allocable to segments are considered for determining the segment result. Expenses which relate to the Group as a whole and not allocable to segments are included under unallocable expenditure.
- 3 Income which relates to the Group as a whole and not allocable to segments is included in unallocable income.
- 4 Segment results includes margins on intersegment sales which are reduced in arriving at the profit before tax of the Group.
- 5 Segment assets and liabilities include those directly identifiable with the respective segments. Unallocable assets and liabilities represent the assets and liabilities that relate to the Group as a whole and not allocable to any segment.
- 6 Segment revenue resulting from transactions with other business segments is accounted on the basis of transfer price agreed between the segments. Such transfer prices are either determined to yield a desired margin or agreed on a negotiated business.

### 2.28 Significant accounting judgments, estimates and assumptions

The preparation of the consolidated financial statements requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these judgements, assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

### (i) Judgments

In the process of applying the Group's accounting policies, management has made the following judgments, which have the most significant effect on the amounts recognized in the financial statements.

### a) Leases

The Group determines the lease term as the noncancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Group has several lease contracts that include extension and termination options. The Group applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Group reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate (e.g., construction of significant leasehold improvements or significant customisation to the leased asset).

### (ii) Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

### a) Taxes

Uncertainties exist with respect to the interpretation of tax regulations, changes in tax laws, and the amount and timing of future taxable income. Given the wide range of business relationships differences arising between the actual results and the assumptions made, or future changes to such assumptions, could necessitate future adjustments to tax income and expense already recorded. The Group establishes provisions, based on reasonable estimates. The amount of such provisions is based on various factors, such as experience of Financial

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

> previous tax audits and differing interpretations of tax regulations by the taxable entity and the responsible tax authority.

### b) Gratuity benefit

The cost of defined benefit plans (i.e. Gratuity benefit) is determined using actuarial valuations. An actuarial valuation involves making various assumptions which may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the complexity of the valuation, the underlying assumptions and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. In determining the appropriate discount rate, management considers the interest rates of long term government bonds with extrapolated maturity corresponding to the expected duration of the defined benefit obligation. The mortality rate is based on publicly available mortality tables for India. Future salary increases and pension increases are based on expected future inflation rates for India. Further details about the assumptions used, including a sensitivity analysis, are given in Note 40.

### c) Fair value measurement of financial instrument

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

### d) Impairment of financial assets

The impairment provisions of financial assets are based on assumptions about risk of default and expected loss rates. the Group uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

### e) Impairment of non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An assets recoverable amount is the higher of an asset's CGU'S fair value less cost of disposal and its value in use. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are estimated based on past trend and discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, or other fair value indicators.

### f) Provision for sales return

Provisions for sales returns is determined based on the historical percentage of sales return for the same types of goods for which the provision is currently being determined. The same percentage to the sales is applied for the current accounting period to derive the provision for sales return to be accrued. It is very unlikely that actual sales return will exactly match the historical percentage, so such estimates are reviewed annually for any material changes in assumptions and likelihood of occurrence.

### g) Provision for expected credit losses (ECL) of trade receivables and contract assets

The Group uses a provision matrix to calculate ECLs for trade receivables and contract assets. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns (i.e., by geography, product type, customer type and rating, and coverage by letters of credit and other forms of credit insurance). The provision matrix is initially based on the Group's historical observed default rates. The Group will calibrate the matrix to adjust the historical credit loss experience with forward-looking information. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

### Notes to the consolidated financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

> The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future. The information about the ECLs on the Group's trade receivables and contract assets is disclosed in Note 15.

### h) Property, Plant and Equipment

Property, Plant and Equipment represents significant portion of the asset base of the Group charge in respect of periodic depreciation is derived after determining an estimate of assets expected useful life and expected value at the end of its useful life. The useful life and residual value of Group's assets are determined by management at the time asset is acquired and reviewed periodically including at the end of each year. The useful life is based on historical experience with similar assets, in anticipation of future events, which may have impact on their life such as change in technology.

### 3 New and amended standards adopted by the Group

The Group applied for the first-time certain standards and amendments, which are effective for annual periods beginning on or after April 01, 2022.The Ministry of Corporate Affairs has notified Companies (Indian Accounting Standard) Amendment Rules 2022 dated March 23, 2022, to amend the following Ind AS which are effective from April 01, 2022.

### 1 Onerous Contracts – Costs of Fulfilling a Contract – Amendments to Ind AS 37

An onerous contract is a contract under which the unavoidable of meeting the obligations under the contract costs (i.e., the costs that the Group cannot avoid because it has the contract) exceed the economic benefits expected to be received under it.

The amendments specify that when assessing whether a contract is onerous or loss-making, an entity needs to include costs that relate directly to a contract to provide goods or services including both incremental costs (e.g., the costs of direct labour and materials) and an allocation of costs directly related to contract activities (e.g., depreciation of equipment used to fulfil the contract and costs of contract management and supervision). General and administrative costs do not relate directly to a contract and are excluded unless they are explicitly chargeable to the counterparty under the contract. These amendments has no impact on the Group.

### 2 Reference to the Conceptual Framework – Amendments to Ind AS 103

The amendments replaced the reference to the ICAI's "Framework for the Preparation and Presentation of Financial Statements under Indian Accounting Standards" with the reference to the "Conceptual Framework for Financial Reporting under Indian Accounting Standard" without significantly changing its requirements.

The amendments also added an exception to the recognition principle of Ind AS 103 Business Combinations to avoid the issue of potential 'day 2' gains or losses arising for liabilities and contingent liabilities that would be within the scope of Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets or Appendix C, Levies, of Ind AS 37, if incurred separately.

The exception requires entities to apply the criteria in Ind AS 37 or Appendix C, Levies, of Ind AS 37, respectively, instead of the Conceptual Framework, to determine whether a present obligation exists at the acquisition date.

The amendments also add a new paragraph to IFRS 3 to clarify that contingent assets do not qualify for recognition at the acquisition date. In accordance with the transitional provisions, the Group applies the amendments prospectively, i.e., to business combinations occurring after the beginning of the annual reporting period in which it first applies the amendments (the date of initial application). These amendments has no impact on the Group.

### 3 Property, Plant and Equipment: Proceeds before Intended Use – Amendments to Ind AS 16

The amendments modified paragraph 17(e) of Ind AS 16 to clarify that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. Financ

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

The amendments are effective for annual reporting periods beginning on or after April 01, 2022. These amendments has no impact on the Group.

4 Ind AS 101 First-time Adoption of Indian Accounting Standards – Subsidiary as a firsttime adopter

The amendment permits a subsidiary that elects to apply the exemption in paragraph D16(a) of Ind AS 101 to measure cumulative translation differences for all foreign operations in its financial statements using the amounts reported by the parent, based on the parent's date of transition to Ind AS, if no adjustments were made for consolidation procedures and for the effects of the business combination in which the parent acquired the subsidiary. This amendment is also available to an associate or joint venture that uses exemption in paragraph D16(a) of Ind AS 101.

The amendments are effective for annual reporting periods beginning on or after 1 April 2022 but do not apply to the Group as it is not a first-time adopter.

### 5 Ind AS 109 Financial Instruments – Fees in the '10 per cent' test for derecognition of financial liabilities

The amendment clarifies the fees that an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf.

In accordance with the transitional provisions, the company applies the amendment to financial liabilities that are modified or exchanged on or after the beginning of the annual reporting period in which the entity first applies the amendment (the date of initial application). These amendments has no impact on the Group.

### 6 Ind AS 41 Agriculture – Taxation in fair value measurements

The amendment removes the requirement in paragraph 22 of Ind AS 41 that entities exclude cash flows for taxation when measuring the fair value of assets within the scope of Ind AS 41. The amendments are effective for annual reporting periods beginning on or after April 01, 2022. The amendments has no impact on the Group as it did not have assets in scope of IAS 41 as at the reporting date.

The amendments listed above did not have any impact on the amounts recognised in prior periods presented and are not expected to significantly affect the current or future periods.

### New amendments issued but not effective

The Ministry of Corporate Affairs has notified Companies (Indian Accounting Standards) Amendment Rules, 2023 dated March 31, 2023 to amend the following Ind AS which are effective from April 01, 2023.

### (i) Definition of Accounting Estimates -Amendments to Ind AS 8:

The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. It has also been clarified how entities use measurement techniques and inputs to develop accounting estimates.

The amendments are effective for annual reporting periods beginning on or after 1 April 2023 and apply to changes in accounting policies and changes in accounting estimates that occur on or after the start of that period.

The amendments are not expected to have a material impact on the Group's financial statements.

### (ii) Disclosure of Accounting Policies-Amendments to Ind AS 1:

The amendments aim to help entities provide accounting policy disclosures that are more useful by replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures.

The amendments to Ind AS 1 are applicable for annual periods beginning on or after 1 April 2023. Consequential amendments have been made in Ind AS 107.

### Notes to the consolidated financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

The Group is currently assessing the impact of the amendments.

(iii) Deferred Tax related to Assets and Liabilities arising from a Single Transaction - Amendments to Ind AS 12:

The amendments narrow the scope of the initial recognition exception under Ind AS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences.

The amendments should be applied to transactions that occur on or after the beginning of the earliest comparative period presented. In addition, at the beginning of the earliest comparative period presented, a deferred tax asset (provided that sufficient taxable profit is available) and a deferred tax liability should also be recognised for all deductible and taxable temporary differences associated with leases and decommissioning obligations. Consequential amendments have been made in Ind AS 101.

The amendments to Ind AS 12 are applicable for annual periods beginning on or after April 01, 2023.

The Group is currently assessing the impact of the amendments.

Note :

Investment property represents, land and building under construction at District- Tehri Garhwal amounting to INR 532.39 lacs (March 31, 2022: INR 537.86 lacs) held for capital appreciation, and includes land being a premise in Meerut, Uttar Pradesh, held for capital appreciation purpose amounting to INR 4.57 lacs (March 31, 2022: INR 4.57 lacs).

### Fair value hierarchy

The above fair valuation are based on valuations performed by an accredited independent valuer, who is specialised in valuing such type of investment property.

The Group has no restrictions on the realisability of its investment property and no contractual obligation to purchase, construct or develop or for repair & maintenance.

### Description of valuation technique used:

The Group obtains independent valuations of its investment properties as at the year end. The fair value of the investment properties have been derived using the Direct Comparison Method. The direct comparison approach involves a comparison of the investment properties to similar properties that have actually been sold in arms-length distance from investment properties or are offered for sale in the same region. This approach demonstrates what buyers have historically been willing to pay (and sellers willing to accept) for similar properties in an open and competitive market, and is particularly useful in estimating the value of the land and properties that are typically traded on a unit basis. This approach leads to a reasonable estimation of the prevailing price. Given that the comparable instances are located in close proximity to the investment properties; these instances have been assessed for their locational comparative advantages and disadvantages while arriving at the indicative price assessment for investment properties.

c. Intangible assets under development as at March 31, 2023 includes softwares being developed internally.

### d. Impairment of Goodwill and other intangible assets

The Group has performed annual impairment test for Goodwill and impairment test of other intangible assets where there are indicators of impairment for year ended March 31, 2023 and March 31, 2022 to ascertain the recoverable amount of CGU to which such Goodwill pertains. The Group has allocated goodwill and other intangible assets wherever indicators exist to its respective Cash Generating Unit i.e. Pharmaceutical and healthcare products, Real estate and hospitality and performed impairment test to ascertain the recoverable amount. Goodwill relating to pharmaceutical CGU amounts to INR 1,339.08 lacs and relating to real estate

### Notes to the consolidated financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

> and hospitality CGU amounts to INR 663.17 lacs. The Group considers the relationship between its market capitalisation and its book value, among other factors, when reviewing for indicators of impairment. The recoverable amount for pharmaceutical CGU is determined based on value in use calculation. These calculations uses management assumptions and pre tax cash flow projections based on financed budgets approved by management covering a 5 to 7 years period. Cash flow projection beyond 5 years time period are extrapolated using the estimated growth rates which is consistent with forecasts included in industry reports specific to industry in which CGU operates.

> The Group has provided for an impairment loss on goodwill of INR 385.24 lacs (March 31, 2022: Nil) with respect to its subsidiaries 'JPR Labs Private Limited' during the respective year ended.

| Assumption relating to pharma CGU                                          | March 31, 2023 | March 31, 2022 | Approach used in determining value                                                                                                                         |

### Assumptions relating to real estate and hospitality CGU

The Group uses the Direct Comparison Method in case of hospitality and real estate business. The direct comparison approach involves a comparison of the properties to similar properties that have actually been sold in arms-length distance from properties or are offered for sale in the same region. This approach demonstrates what buyers have historically been willing to pay (and sellers willing to accept) for similar properties in an open and competitive market, and is particularly useful in estimating the value of the land and properties that are typically traded on a unit basis. This approach leads to a reasonable estimation of the prevailing price. Given that the comparable instances are located in close proximity to the properties; these instances have been assessed for their locational comparative advantages and disadvantages while arriving at the indicative price assessment for properties.

The fair value has been determined by Akhil Kumar and Associates, Government approved valuer. The main inputs used are the rental growth rates, expected vacancy rates, terminal yields and discount rates based on comparable transactions and industry data. All resulting fair value estimates are included in level 3.

Management determined budgeted gross margin based on past performance and its expectations of market development. The weighted average growth rates used are consistent with the forecasts included in industry reports. The calculations performed indicate that there is impairment of investments in some investments in few pharma and pharma packing investments. Management has performed a sensitivity analysis with respect to changes in assumptions for assessment of value-in-use of Investments. Based on this analysis, management believes that change in any of above assumption would not cause any material possible change in carrying value of unit's CGU over and above its recoverable amount, other than those already accounted as at March 31, 2023 and adequate headroom is available to factor sensitivities in assumptions used.

### Sensitivity analysis of assumptions

Further the Group has performed sensitivity analysis on the assumptions used by the valuer and ensured that the valuation is appropriate and appropriate accrual has been made for provision of impairment wherever considered necessary.

### d. Impairment of investments

The Group has performed a detailed analysis to identify indicators of impairment in respect of its investment portfolio considering internal and external factors in accordance with Ind-AS 36 - Impairment of assets. The Group has allocated investments wherever indicators exist to its respective Cash Generating Unit i.e. Pharmaceutical and healthcare products performed impairment test to ascertain the recoverable amount. The recoverable amount is determined either based on value in use calculation or net selling price.

In respect of pharmaceutical CGU, management calculates value in use using a discounted cash flow method. The discounted cash flow calculations uses management assumptions and pre tax cash flow projections based on financed budgets approved by respective entities management covering a 4 to 5 years period. Cash flow projection beyond 4 to 5 years time period are extrapolated using the estimated growth rates which is consistent with forecasts included in industry reports specific to industry in which CGU operates.

| Assumption relating to pharmaceutical CGU                                  | March 31, 2023<br>(%) | March 31, 2022<br>(%) | Approach used in determining value                                                                                                                         |
|----------------------------------------------------------------------------|-----------------------|-----------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Weighted average Cost of<br>capital % (WACC) before tax<br>(discount rate) | 12.50-14.80%          | 11.00-15.37%          | It has been determined basis risk<br>free rate of return adjusted for<br>equity risk premium.                                                              |
| Long Term Growth Rate                                                      | 4.00%                 | 4.00%-5.00%           | Long term growth rate has been<br>taken basis financial budgets<br>and projections approved by<br>management which is in line with<br>industry growth rate |

The Group has assessed impairment as at year ended March 31, 2023, considering the developments and actual business performance has accounted for the same in the reported period.

Management determined budgeted gross margin based on past performance and its expectations of market development. The weighted average growth rates used are consistent with the forecasts included in industry reports. The calculations performed indicate that there is impairment of some investments in pharma packing investments. Management has performed a sensitivity analysis with respect to changes in assumptions for assessment of value-in-use of Investments. Based on this analysis, management believes that adequate headroom is available and change in any of above assumption would not cause any material possible change in carrying value of unit's CGU over and above its recoverable amount, other than those already accounted.

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

### Sensitivity analysis of assumptions

The Group has performed sensitivity analysis on the key assumptions by +/- 2% for each of the assumptions used by the valuer and ensured that the valuation is appropriate and there is no further impairment and adequate headroom is available.

### 9 Non-current Investments

### Notes:

- and components consumed and changes in inventories of finished goods, work in progress and stock in trade.
- development in the project has reversed the loss of INR 3,100.00 lacs.
- Method of valuation of inventories has been stated in note 2.18. С.

a. Inventory write downs are recognised, considering the nature of inventory, estimated shelf life, ageing of inventory and actual scrapping of inventory as well as provisioning policy of the Group. Write downs of inventories amounted to INR 14,907.52 (March 31, 2022 : INR 11,841.50 lacs). These written down were included in the cost of raw material

b. Inventories of housing project pertains to a housing project being under development with Advance India Private Limited ('the collaborator'). In the earlier years, the group had measured these inventories at net realisable value and accounted loss of INR 3,100.00 lacs. In the current year ended March 31, 2023, the collaborator was able to secure bookings for entire units and offered more than 30% possessions from such units. The group based on

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

### Notes:

### (i) Rights, preferences and restrictions attached to Equity Shares

The Holding Company has only one class of equity shares having a par value of INR 1 per share. Each holder of equity shares is entitled to one vote per share. The Holding Company declares and pays dividend in Indian rupees. The dividend proposed by the Board of Directors of Holding Company is subject to the approval of the shareholders in the ensuing Annual General Meeting. In the event of liquidation of the Holding Company, holder of equity shares will be entitled to receive remaining assets of the Holding Company after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

### (ii) Reconciliation of the number of shares and amount outstanding at the beginning and at the end of the year:

### a) Issued, subscribed and fully paid up equity capital

|                                                                       | 7,39,516.40             | 6,11,517.33             |

### 21.1 General reserve

| Particulars                          | As at<br>March 31, 2023 | As at<br>March 31, 2022 |
|--------------------------------------|-------------------------|-------------------------|
| Balance at the beginning of the year | 23,774.24               | 23,774.24               |
| Transferred from retained earnings   | -                       | -                       |
| Balance at the end of the year       | 23,774.24               | 23,774.24               |

### Nature and purpose of reserve:

Under the erstwhile Companies Act 1956, General Reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid-up capital of the Group for that year, then the total dividend distribution is less than the total distributable results for that year. Consequent to introduction of Companies Act 2013, the requirement to mandatorily transfer a specified percentage of the net profit to General Reserve has been withdrawn. However, the amount previously transferred to General Reserve can be utilised only in accordance with provisions of the Companies Act, 2013.

### Notes to the consolidated financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

### 21.2 Securities premium

| Particulars                          | As at<br>March 31, 2023 | As at<br>March 31, 2022 |
|--------------------------------------|-------------------------|-------------------------|
| Balance at the beginning of the year | 4,211.74                | 4,211.74                |
| Less: Utilised during the year       | -                       | -                       |
| Balance at the end of the year       | 4,211.74                | 4,211.74                |

### Nature and purpose of reserve:

Securities premium is used to record premium on issue of shares. The reserves can be utilised only for limited purposes in accordance with provisions of the Companies Act, 2013.

### 21.3 Retained earnings

| Particulars                                                                         | As at<br>March 31, 2023 | As at<br>March 31, 2022 |
|-------------------------------------------------------------------------------------|-------------------------|-------------------------|
| Balance at the beginning of the year                                                | 6,73,518.84             | 5,30,350.82             |
| Profit for the year                                                                 | 1,28,185.91             | 1,43,347.59             |
| Other comprehensive income/(loss) for the year, net of income tax                   | (484.55)                | (89.96)                 |
| Adjustment on account of acquisition/disinvestment in subsidiary companies from NCI | -                       | (89.61)                 |
| Balance at the end of the year                                                      | 8,01,220.20             | 6,73,518.84             |

### Nature and purpose of reserve:

Retained earnings are the profits/(loss) that the Group has earned/incurred till date, less any transfers to general reserve, dividends or other distributions paid to shareholders. Retained earnings include re-measurement loss / (gain) on defined benefit plans, net of taxes that will not be reclassified to Consolidated Statement of Profit and Loss.

The amount that can be distributed by the Group as dividends to its equity shareholders, is determined based on the requirements of Companies Act, 2013. Thus, the amounts reported above are not distributable in entirety.

### 21.4 Capital reserve

| Particulars                          | As at<br>March 31, 2023 | As at<br>March 31, 2022 |
|--------------------------------------|-------------------------|-------------------------|
| Balance at the beginning of the year | (90,898.16)             | (90,898.16)             |
| Add: Adjustment during the year      | -                       | -                       |
| Balance at the end of the year       | (90,898.16)             | (90,898.16)             |

The negative capital reserve of INR 90,898.16 lacs includes following:-

Combination of Entities under Common Control.

a) INR (46,800.14 lacs) being the difference between the consideration paid by the group and the share capital of the transferor entities namely; Relax Pharmaceutical Private Limited, Copmed Pharmaceutical Private Limited, Mediforce Healthcare Private Limited and Medipack innovation private Limited being amount of (INR 11,302.20 lacs), (INR 19,186.68 lacs), (INR 5,708.08 lacs), and INR 17.16 lacs respectively acquired on April 01, 2017 and Pharma Force Labs (Partnership firm) and Penta Latex LLP (a limited liability partnership firm) being amount of (INR 6,885.67 lacs) and (INR 3,734.67 lacs) respectively acquired on April 01, 2018, accounted as common control business acquisitions in accordance with Appendix C to Ind AS 103: Business

**Mankind Pharma Limited** ents Financial Statem

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

b) INR (44,098.02 lacs) being net assets transferred in financial year 2018-19 in respect of the Group's leasing business to a related party, Mankind Biosys Limited in accordance with the Scheme of Demerger approved by the Hon'ble National Company Law Tribunal on May 18, 2018.

### 21.5 Foreign currency translation reserve

| Particulars                                                                        | As at<br>March 31, 2023 | As at<br>March 31, 2022 |
|------------------------------------------------------------------------------------|-------------------------|-------------------------|
| Balance at the beginning of the year                                               | 910.67                  | 755.86                  |
| Exchange differences in translating the financial statements of foreign operations | 291.80                  | 154.81                  |
| Balance at the end of the year                                                     | 1,202.47                | 910.67                  |

### Nature and purpose of reserve:

Exchange differences arising on translation of the foreign operations are recognised in other comprehensive income as described in accounting policy and accumulated in foreign currency translation reserve within equity. The cumulative amount is reclassified to profit or loss when the net investment is disposed-off.

### 21.6 Employee stock options reserve

| Particulars                          | As at<br>March 31, 2023 | As at<br>March 31, 2022 |
|--------------------------------------|-------------------------|-------------------------|
| Balance at the beginning of the year | -                       | -                       |
| Increase/(decrease) during the year  | 5.91                    | -                       |
| Balance at the end of the year       | 5.91                    | -                       |

The fair value of the equity-settled share based payment transactions with employees is recognised in Employee Stock Options Reserve.

### 22 Borrowings

| Particulars                                                       | As at<br>March 31, 2023 | As at<br>March 31, 2022 |

In assessing the realization of deferred tax assets, the likelihood of whether it is more likely than not that some portion or all the deferred tax assets will not be realized must be considered. The ultimate realization of deferred tax assets is dependent on the generation of future taxable income during the periods in which temporary difference become deductible. Management considers the projected future taxable income and tax planning

Mankind III 🖉

### ncial statements

(ii) Lifestar Pharmaceuticals Private Limited has carried forward business losses of INR 92.54 lacs (March 31, 2022 : INR 11.50 lacs) which can be carried forward for a period of 7 years from the end of relevant financial

(iii) Further, in respect of following subsidiaries incorporated in India have carried forward business losses and unabsorbed depreciation eligible for being carried forward and the subsidiaries have not created deferred tax assets on such losses as there is no reasonable certainty of realisation of such assets in foreseeable future.

(iv) Period of expiry of the above mentioned carried forward business loss and unabsorbed depreciation.

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

> strategies in making this assessment. Based on the history of losses and uncertainty over projections for future taxable income over the periods for which the deferred tax assets are deductible, the management believes it is more likely than not that the deferred tax assets may not be recognized in foreseeable future and accordingly, no deferred tax asset has been recorded.

|--------------------------------------|-------------------------|-------------------------|-------------------------|
| Trade receivables (refer note 15)    | 57,642.14               | 38,816.60               | 33,061.13               |
| Contract liabilities (refer note 26) | 2,636.89                | 1,654.36                | 1,249.34                |

The average credit period to domestic customers ranges upto 21 days and to export customers upto 180 days. Our credit terms for government institutions are typically ranging from 90 to 120 days. No interest is charged on trade receivables upto the due date from the date of the invoice.

Contract liabilities consist of short-term advances received against supply of goods to customer. Such advances are adjusted against supply of goods within a range of 3 months from the reporting date and the revenue is recognised out of the contract liabilities.

### (d) Performance obligations

Sales of goods: Performance obligation is satisfied when control of goods is transferred to the customer, generally on delivery of the goods.

Sales of services: The performance obligation in respect of professional services is satisfied over a period of time and acceptance of the customer. In respect of these services, payment is generally due upon completion of services.

| Total income tax expense recognised in other comprehensive income  | 256.78                       | 29.78                        |
| Note: Effective tax rate has been calculated on profit before tax. | 21.63%                       | 26.42%                       |

On February 22, 2022, the Hon'ble Supreme Court of India passed an order that freebies provided to medical practitioners which were prohibited by law, was no less a prohibition on the part of the entity that is providing those freebies. The Group has evaluated its sales promotion expenses and also taken an expert opinion, basis which, it believes that the tax provisions accrued in the books adequately cover for any contingency. However, given the nature of the judgement, the ultimate outcome is not reasonably ascertainable at this stage.

### 38 Contingent liabilities and commitments (to the extent not provided for)

### (c) Other Litigations

There are some litigations filed against the Group on account of design, trademarks and patent infringements, labour matters etc. relating to conduct of its business. These cases are at various stage of proceedings and the extent of claim or damages is indeterminate at this stage. The Group is contesting these cases and based on views of internal legal counsel and in consultation with external legal counsel representing the Group, it believes there is no liability which would devolve over the Group in respect of such cases and believes its position will be upheld in the jurisdictional authorities as at close of respective financial year. The Group has also filed some cases in nature of recovery suit, cases under Section 138 of the Negotiable Instrument Act, 1881, trademark infringement etc. The Group is pursuing these cases and have made adequate accrual for allowance for doubtful debts in respect of such cases, wherever considered necessary.

### Notes:

(i) Claims / suits filed against the Group not acknowledged as debts which represents various legal cases filed against the Group. The Group has disclaimed the liability and defending the action. The Group has been advised by its legal counsel that its position is likely to be upheld in the litigation process and accordingly no provision for any liability has been made in the financial statements.

### Notes to the consolidated financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

- provision is required to be accrued in the financial statements.

### 272.16 2,207.42 (d) Guarantees furnished to banks in respect of Letters of credits

Based on consultation with the Group's consultants, and in the opinion of the management, the Group does not expect any outflow of economic resources in respect of above claims and therefore no provision is considered necessary.

### **B** Commitments

| (e) Further interest remaining due and payable even in the succeeding years for the purpose of disallowance of a deductible expenditure under section 23 of the Micro, Small and Medium Enterprises Development Act, 2006. | -                       | -                       |

Dues to Micro and Small Enterprises have been determined to the extent such parties have been identified on the basis of information collected by the Management.

### 40 Gratuity and other post-employment benefit plans

Disclosures pursuant to Ind AS - 19 "Employee Benefits" (notified under the section 133 of the Companies Act 2013 (the Act) read with Companies (Indian Accounting Standards) Rule 2015 (as amended from time to time) and other relevant provision of the Act) are given below :

### a. Contribution to Defined Contribution Plan, recognised as expense for the year is as under:

The Group's contribution to the Employees Provident Fund is deposited with the Regional Provident Fund Commissioner for qualifying employees. Under the scheme, the Group is required to contribute a specified percentage of payroll cost to the retirement benefit plan to fund the benefits.

During the year, the Group has recognised INR 8,895.75 lacs as at March 31, 2023 and INR 7,358.54 lacs as at March 31, 2022 for Employer's contributions to the Provident Fund, Employee State Insurance, National Pension Scheme and others contribution in the Consolidated statements of profit and loss. The contributions payable to the plan by the Group is at the rate specified in rules to the scheme.

Hon'ble Supreme Court of India vide its judgement dated February 28, 2019 on Provident Fund on the inclusion of allowances for the purpose of PF contribution as well as its applicability of effective date. Subsequently, the Holding Company vide assessment letter no. 28212 dated 04 August 2020 received from Employees Provident Fund Organisation wherein the provident fund department has completed their assessment for FY 2015-16 to FY 2019-20. Hence, the Group is of the view, that there is no further liability on account of the Judgement.

### b. Defined benefit plan

In accordance with the Payment of Gratuity Act of 1972, the group contributes to a defined benefit plan ("the Gratuity Plan"). The aratuity plan provides a lump sum payment to vested employees at retirement, withdrawal, resignation and death of an employee. The gratuity liability is calculated on the basis of fifteen days salary (i.e. last drawn basic salary) for each completed year of service subject to completion of four years and two forty days in service.

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

Based on actuarial valuations conducted as at year end, a provision is recognised in full for the benefit obligation over and above the funds held in the Gratuity Plan. In case where there is no Gratuity Plan, full provision is recognised in the consolidated balance sheet.

Mankind Pharma Limited and its subsidiaries including Medipack Innovations Private Limited, Relax Pharmaceuticals Private Limited, Copmed Pharmaceuticals Private Limited, Pharma Force Lab Employees Group Gratuity Trust and Mediforce Healthcare Private Limited have constituted their respective trust recognized by Income Tax Authorities for gratuity to employees. Contributions to the trust are funded with Life Insurance Corporation ("LIC") of India, HDFC Life Insurance Company Limited and Bajaj Allianz Life Insurance Company Limited. The liability in respect of other entities within the group are unfunded.

### Risks associated with Plan Provisions i.

Risks associated with the plan provisions are actuarial risks. These risks are:- (i) investment risk, (ii) interest risk (discount rate risk), (iii) mortality risk and (iv) salary growth risk.

| Investment risk                       | The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to Government Bonds Yield. If plan liability is funded and return on plan assets is below this rate, it will create a plan deficit.                                                                                                          |
|---------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Interest risk (discount rate<br>risk) | A decrease in the bond interest rate (discount rate) will increase the plan liability.                                                                                                                                                                                                                                                                           |
| Mortality risk                        | The present value of the defined benefit plan liability is calculated by reference<br>to the best estimate of the mortality of plan participants. For this report we have<br>used Indian Assured Lives Mortality (2012-14) ultimate table.                                                                                                                       |
|                                       | A change in mortality rate will have a bearing on the plan's liability.                                                                                                                                                                                                                                                                                          |
| Salary growth risk                    | The present value of the defined benefit plan liability is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability. |

The most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out as at March 31, 2023. The present value of defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

### ii. Principal actuarial assumptions:

Principle actuarial assumption used to determine the present value of the benefit obligation are as follows:

| S.<br>No. | Particulars                                 | Refer note<br>below | As at<br>March 31, 2023 | As at<br>March 31, 2022 |
|-----------|---------------------------------------------|---------------------|-------------------------|-------------------------|
| i.        | Discount rate (p.a.)                        | 1                   | 7.15% - 7.40%           | 6.01%-7.26%             |
| ii.       | Rate of return on assets (p.a.)             | 2                   | 6.56% - 7.40%           | 5.95%-6.45%             |
| iii.      | Salary escalation rate (p.a.) -Office Staff | 3                   | 5.00% - 12.00%          | 5.00% - 12.00%          |
| iv.       | Salary escalation rate (p.a.) -Field Staff  | 3                   | 6.00% - 7.00%           | 5.00% - 6.00%           |

### Notes

- 1 The discount rate is based on the prevailing market yields of Indian Government securities as at the balance sheet date for the estimated term of obligations.
- 2 The expected return is based on the expectation of the average long term rate of return expected on investments of the fund during the estimated term of the obligations.
- 3 The estimates of future salary increases considered takes into account the inflation, seniority, promotion and other relevant factors.

### Notes to the consolidated financial statements

### f. Sensitivity Analysis

Significant actuarial assumptions for the determination of the defined benefit obligation (DBO) are discount rate, expected salary increase and mortality. The sensitivity analysis below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

### Notes to the consolidated financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

| De die heer                                                                    | As<br>March 3      |                    | As at<br>March 31, 2022 |                    |

| Particulars                                                                    | Decrease in<br>DBO | Increase in<br>DBO | Decrease in<br>DBO      | Increase in<br>DBO |
| Discount Rate (-/+0.5%)<br>(% change compared to base due to sensitivity)      | 688.47             | (635.20)           | 487.55                  | (439.34)           |
| Salary Growth Rate (-/+0.5%)<br>(% change compared to base due to sensitivity) | (587.72)           | 638.64             | (417.14)                | 458.33             |

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit liability recognised in the Balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior vears.

### The expected maturity analysis of discounted defined benefit obligation is as follows: a.

| Expected cash flows over the next                | As at<br>March 31, 2023 | As at<br>March 31, 2022 |
|--------------------------------------------------|-------------------------|-------------------------|

### Notes

- sheet date for the estimated term of obligations.
- 2 The compensated absences are unfunded.
- other relevant factors.
- 2023 is 8.46 years and March 31, 2022 is 8.48 years.

### 41 Capital Management

For the purposes of Group's capital management, Capital includes equity attributable to the equity holders of the Group and all other equity reserves. The primary objective of the Group's capital management is to safeguard its ability to continue as going concern and to ensure that it maintains an efficient capital structure and maximize shareholder value.

The Group manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The Group is not subject to any externally imposed capital requirements. No changes were made in the objectives, policies or processes for managing capital during the year ended March 31, 2023 and March 31, 2022 except for budgeting for cash flow projections considering the impact of ongoing pandemic COVID - 19. Capital gearing ratio is net debt divided by total capital plus net debt and Net debt is calculated as loans and borrowings less cash and cash equivalent. The Group policy is to keep the gearing ratio below 10%.

1 The discount rate is based on the prevailing market yields of Indian Government securities as at the balance

3 The estimates of future salary increase considered takes into account the inflation, seniority, promotion and

### 42 Financial Instruments

### A Financial risk management objective and policies

The Group's principal financial liabilities comprise borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Group's operations. The Group's principal financial assets include investments, trade and other receivables, and cash and cash equivalents that are derived directly from its operations.

The Group's financial risk management is an integral part of how to plan and execute its business strategies. The Group is exposed to market risk, credit risk and liquidity risk.

The Group's senior management oversees the management of these risks. The senior professionals working to manage the financial risks and the appropriate financial risk governance framework for the Group are accountable to the Board of Directors and Audit Committee. This process provides assurance to Group's senior management that the Group's financial risk-taking activities are governed by appropriate policies and procedures and that financial risk are identified, measured and managed in accordance with Group policies and Group risk objective.

### Financial assets and liabilities:

The accounting classification of each category of financial instruments, and their carrying amounts, are set out below:

| March 31, 2023              | FVTPL       | FVTOCI   | Amortised<br>Cost | Total<br>carrying value | Total fair value |
|-----------------------------|-------------|----------|-------------------|-------------------------|------------------|

### B Fair value measurements

The management assessed that cash and cash equivalents, trade receivables, trade payables, investment in mutual fund and other investments, other current financial assets and other current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the other financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

- their impact on the total fair value.
- own non-performance risk as at March 31, 2023 was assessed to be insignificant.
- on this evaluation, allowances are taken into account for the expected credit losses of these receivables.
- 4) Fair value hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

1) The fair value of unquoted instruments, loans from banks, other non-current financial assets and non-current financial liabilities is estimated by discounting future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities. The valuation requires management to use unobservable inputs in the model, of which the significant unobservable inputs are disclosed in the tables below. Management regularly assesses a range of reasonably possible alternatives for those significant unobservable inputs and determines

2) The fair values of the Group's interest-bearing borrowings are determined by using effective interest rate (EIR) method using discount rate that reflects the issuer's borrowing rate as at the end of the reporting period. The

3) Long-term receivables/payables are evaluated by the Group based on parameters such as interest rates, risk factors, individual creditworthiness of the counterparty and the risk characteristics of the financed project. Based

i) Investment in mutual funds traded in active markets are determined by reference to quotes from the financial institutions; for example: Net asset value (NAV) for investments in mutual funds declared by mutual funds declared by mutual fund house.

ii) In the absence of observable inputs to measure fair value the assets and liabilities have been classified as level 3. The Group has not given further disclosures since the amount involved is not material.

The management considers that the carrying amounts of financial assets and financial liabilities having short term maturities recognised in the financial statement approximates their fair values.

### **Risk management objectives**

Risk management framework

The Group has exposure to the following risks arising from financial instruments:

- Market risk
- Liquidity risk
- Credit risk

The Group's board of directors has overall responsibility for the establishment and oversight of the Group's risk management framework.

The Group's risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed periodically to reflect changes in market conditions and the Group's activities. The Group, through its training, standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The audit committee oversees how management monitors compliance with the Group's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Group. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

### Notes to the consolidated financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

### Financial risk

The Group's financial risk policies comprise liquidity, currency, interest rate and counterparty risk. The Group does not engage in speculative treasury activity but seeks to manage risk and optimize interest through proven financial instruments.

### a) Credit Risk

Credit Risk is the risk that the counter party will not meet its obligation under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments.

| Credit risk related investments | to | The Group has made investments in highly liquid public sector mutual<br>funds to meet their short term liquidity objectives. The Group analyses the<br>credit worthiness of the party before investing their funds.                                                                                                                                            |
|---------------------------------|----|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                 |    | The Group limits its exposure to credit risk by generally investing in liquid securities and only with counterparties that have a good credit rating. The Group does not expect any losses from non-performance by these counter-parties, and does not have any significant concentration of exposures to specific industry sectors or specific country risks. |
| Other credit risk               |    | The Group is exposed to credit risk in relation to financial guarantees given on behalf of group companies.                                                                                                                                                                                                                                                    |

## b) Liquidity risk

Liquidity risk is defined as the risk that the Group will not be able to settle or meet its obligations on time or at reasonable price. The Group's objective is to at all times maintain optimum levels of liquidity to meet its cash and liquidity requirements. The Group closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate source of financing through the use of short term bank deposits and cash credit facility. Processes and policies related to such risks are overseen by senior management. Management monitors the Group's liquidity position through rolling forecasts on the basis of expected cash flows. The Group assessed the concentration of risk with respect to its debt and concluded it to be low. The

## c) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprises three types of risk: currency rate risk, interest rate risk and other price risks, such as equity price risk and commodity price risk. Financial instruments affected by market risks include loans and borrowings, deposits, investments, and foreign currency receivables and payables. The sensitivity analysis in the following sections relate to the position as at reporting date. The analysis exclude the impact of movements in market variables on: the carrying values of gratuity and other post-retirement obligations; provisions; and the non-financial assets and liabilities. The sensitivity of the relevant Profit and Loss item and equity is the effect of the assumed changes in the respective market risks. This is based on the financial assets and financial liabilities held as of March 31, 2023 and March 31, 2022.

## Interest rate risk

Interest rate is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The exposure of the Group's fixed rate financial liabilities to interest rate risk is as follows:

The exposure of the Group's financial liabilities to interest rate risk is as follows:

|                                        |                | Closing   | Impact on profit or loss |                |  |
|----------------------------------------|----------------|-----------|--------------------------|----------------|--|
|                                        | As at          | balance   | 1%<br>increase           | 1%<br>decrease |  |
| Borrowings (Impact on profit and loss) | March 31, 2023 | 16,263.64 | (162.64)                 | 162.64         |  |
| Borrowings (Impact on profit and loss) | March 31, 2022 | 86,802.72 | (868.03)                 | 868.03         |  |

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

## Price risk

The Group manages surplus funds through investments in mutual fund plans. The NAV declared by Asset Management Companies (AMC) has generally remained constant on the mutual fund plans taken by the Group. However, if the NAV of the fund is increased/decreased by 5%, the sensitivity analysis has been mentioned below:

|                                                         |                | Closing     | Impact on profit or loss |                |  |
|---------------------------------------------------------|----------------|-------------|--------------------------|----------------|--|
|                                                         | As at          | balance     | 5%<br>increase           | 5%<br>decrease |  |
| Investments in mutual funds (Impact on profit and loss) | March 31, 2023 | 1,07,547.41 | 5,377.37                 | (5,377.37)     |  |
| Investments in mutual funds (Impact on profit and loss) | March 31, 2022 | 87,446.18   | 4,372.31                 | (4,372.31)     |  |

## **Commodity Price Risk**

Exposure to market risk with respect to commodity prices primarily arises from the Group's purchases and sales of active pharmaceutical ingredients, including the raw material components for such active pharmaceutical ingredients. These are commodity products, whose prices may fluctuate significantly over short periods of time. The prices of the Group's raw materials generally fluctuate in line with commodity cycles, although the prices of raw materials used in the Group's active pharmaceutical ingredients business are generally more volatile. Cost of raw materials forms the largest portion of the Group's cost of revenues. Commodity price risk exposure is evaluated and managed through operating procedures and sourcing policies. As of March 31, 2023, the Group had not entered into any material derivative contracts to hedge exposure to fluctuations in commodity prices.

## Foreign Currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the Group's operating activities (when revenue or expense is denominated in foreign currency). Foreign currency exchange rate exposure is partly balanced by purchasing of goods from the respective countries. The Group evaluates exchange rate exposure arising from foreign currency transactions and follows established risk management policies.

## Foreign currency risk sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in USD, EUR, JPY, CHF and GBP exchange rates, with all other variables held constant. The impact on the Group profit before tax and equity is due to changes in the fair value of monetary assets and liabilities. Foreign currency exposures recognised by the Group that have not been hedged by a derivative instrument or otherwise are as under:

\*Includes perguisites, allowance and bonus and does not include the provision made for gratuity and leave benefits, as they are determined on an actuarial basis for all the employees together.

Remuneration payable to KMP

Particulars

Remuneration payable to KMP

## Note:

financial position of the related party and the market in which the related party operates.

## 44 Employee Share Based Payment

Employee Stock Option Scheme ""ESOP-2022"" was approved by our Board of Directors in their meeting held on July 19, 2022 and by the shareholders of Holding Company in Holding Company's meeting dated August 9, 2022 respectively. Under ESOP-2022, Nomination and Remuneration Committee is authorised to grant 81,75,274 options to eligible employees in one more tranches. Options granted under ESOP-2022 shall not vest earlier than a minimum vesting period of one year and not later than a maximum vesting period of four years from date of grant. The exercise period in respect of vested options shall be subject to maximum period of five years commencing from the date of vesting. The options granted under ESOP-2022 carry no rights to dividends and no voting rights till the date of exercise.

The fair value of the share options is estimated at the grant date using Black- Scholes Model, taking into account the terms and conditions upon which the share options were granted.

The Holding Company has recognised an expense of INR 5.91 lacs (March 31, 2022 : INR Nil) on grant of 10,46,512 ESOP granted during the year in accordance with Ind AS 102 "Share Based Payments". The carrying amount of Employee stock options outstanding reserve as at March 31, 2023 is INR 5.91 Lacs (March 31, 2022: INR Nil).

(i) The transactions with related parties are made on terms equivalent to those that prevail in arm's length transactions. Outstanding balances at the year-end are unsecured and interest free except for the loans given which carry interest at arms length. The settlement for these balances occurs in cash. There have been no guarantees provided or received for any related party receivables or payables other than disclosed above. Further, the Group has not recorded any impairment of receivables relating to amounts owed by related parties other than those disclosed above. This assessment is undertaken each financial year through examining the

for the year ended March 31, 2023

All amounts are in INR lacs unless otherwise stated

## (b) For options outstanding at the end of the year:

| Exercise price range                                   | 860.00 |  |
|--------------------------------------------------------|--------|--|
| Weighted average remaining contractual life (in years) | 4.00   |  |

## (c) Fair value of options granted

The fair value of each option is estimated on the date of grant based on the following assumptions:

| Particulars                           | ESOP-2022      |
|---------------------------------------|----------------|
|                                       | March 31, 2023 |
| Market Price (Rupees)                 | 1,075.34       |
| Dividend yield (%)                    | 0.00%          |
| Expected life (years)                 | 3.51 to 6.51   |
| Risk free interest rate (%)           | 7.15%- 7.17%   |
| Volatility (%)                        | 27.30%-27.85%  |
| Exercise Price (Rupees)               | 860.00         |
| Vesting period                        | 1 to 4 years   |
| Fair value of shares on date of grant | 541.15         |
| Fair value of options                 | 538.40         |

## Notes to the consolidated financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

> The expected life of the share options is based on historical data and current expectations and is not necessarily indicative of exercise patterns that may occur. The volatility is based on annualised standard deviation of the continuously compounded rates of return based on the peer companies and competitive stocks over a period of time. The Holding Company has determined the market price on grant date based on latest equity valuation report available with the Holding Company preceding the grant date.

## **45 Segment Information**

## 45.1 Description of Segment and principal activities

As per Ind AS-108, ""Operating Segment"" (specified under the section 133 of the Companies Act 2013 (the Act) read with Companies (Indian Accounting Standards) Rule 2015 (as amended from time to time) and other relevant provision of the Act) the Group's chief operating decision maker, i.e. Managing Director ('CODM') has identified pharmaceuticals and other related products as the reportable segments. Since the Group is having only one reportable segment hence disclosure requirement as per Ind AS 108 is not applicable.

## 45.2 Geographical Information

The following table provides an analysis of the Group's sales by region in which the customer is located, irrespective of the origin of the goods.

|                | Revenue from operations                  |                |                               |   |                |                |

| d) | Revenue and profit/ (loss) contribution                                                                                                |                                         |
|    | The acquired business contributed revenues and profits to the group for the period from November 1, 2022 to March 31, 2023 as follows: |                                         |
|    | Revenue                                                                                                                                | 434.14                                  |
|    | Profit / (loss) after tax                                                                                                              | (177.41)                                |

If the acquisitions had occurred on April 01, 2022, consolidated pro-forma revenue and profit/(loss) for the year ended March 31, 2023. These amounts have been calculated using the subsidiary's results and adjusting them for: Revenue Profit / (loss) after tax

804.81

(192.63)

## Notes to the consolidated financial statements

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

## Acquisitions during the year ended March 31, 2022

## Acquisition of Mankind Life Sciences Private Limited

On September 06, 2021, the Group acquired 100% of the voting shares of Mankind Life Sciences Private Limited, entity based in India and is engaged in trading of pharmaceutical and consumer healthcare products.

## Acquisition of Appify Infotech LLP

On October 01, 2021, the Group acquired 100% share in Appify Infotech LLP, entity based in India and is engaged in providing IT enabled services. The Group acquired Appify Infotech LLP because it significantly enlarges the groups capabilities with respect to its IT infrastructure specifically in relation to development of certain propriety applications for tapping into the group's endeavour to increase its footprint in the growing healthcare online market place.

## Assets acquired and liabilities assumed

Infotech LLP as at the date of acquisition were:

for the year ended March 31, 2023 All amounts are in INR lacs unless otherwise stated

54 During the year, the Group has capitalised following preoperative directly relatable to the cost of property, plant and equipment being expenses related to projects and developments, trial run. Consequently, expenses disclosed under the respective heads are net of amounts capitalised by the Group.

| Particulars                | Year ended<br>March 31, 2023 | Year ended<br>March 31, 2022 |
|----------------------------|------------------------------|------------------------------|
| Cost of materials consumed | 59.14                        | 61.85                        |
| Employee benefits expense  | 313.17                       | 35.54                        |
| Other expenses             | 175.88                       | 107.33                       |
|                            | 548.19                       | 204.72                       |

- 55 The Holding Company has established a comprehensive system of maintenance of information and documents as required by the transfer pricing legislation under Sections 92-92F of the Income- tax Act, 1961. Since the law requires existence of such information and documentation to be contemporaneous in nature, the Holding Company is in the process of updating the documentation for the transactions covered under transfer pricing regulations entered into with the associated enterprises during the period and expects such records to be in existence latest by such date as required under the law. The management of the Holding Company is of the opinion that its international transactions are at arm's length so that the aforesaid legislation will not have any impact on the financial statements, particularly on the amount of tax expense and that of provision for taxation.
- 56 The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post employment benefits received Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the Code will come into effect has not been notified and the final rules/interpretation have not yet been issued. The Group will assess the impact of the Code when it come into effect and will record any related impact in the period the Code becomes effective. Based on a preliminary assessment, the Group believes the impact of the change will not be significant.

## 57 Other Information

- (i) The Group has not traded or invested in Crypto currency or Virtual Currency during the financial year.
